NEW PEONY-FLOWERED DAHLIA — PRESIDENT HARDING

($\frac{1}{2}$ actual size)

\$5.00 Each. See page 14 for description

CULTURAL GUIDE AND CATALOG FOR 1922

J. K. ALEXANDER

THE
DAHLIA
KING

547-559 CENTRAL STREET
EAST BRIDGEWATER, MASSACHUSETTS

J. K. ALEXANDER

I print this not because I am proud of my own picture, but because most people like to see the man with whom they are doing business.

FOREWORD:

I take pleasure in presenting you with my 28th Annual Catalog, which I believe is a decided improvement over my last issue. You will find many new varieties of Dahlias offered for the first time, twenty of the choicest of my new Gladioli Seedlings, a much larger collection of Peonies than appeared in my 1921 Catalog, twelve of the choicest New Iris, and twenty varieties of Hardy Chrysanthemums added to my collection of plants for the old-fashioned garden. I also present several new illustrations from photographs taken of my flowers, together with my usual offerings in the finest standard varieties.

I want to take this opportunity to thank my friends and patrons, who have recommended, and favored me with their orders in the past, and to assure them of my determination to continue furnishing nothing but the best stock. Soliciting a share of your orders this coming season, I remain,

Respectfully yours,

January 1, 1922.

J. K. ALEXANDER

Instructions—Information

Please Read Before Ordering

LIBRARY
NEW YORK
BOTANICAL
GARDEN

ORDER EARLY

—Your orders are filled in rotation. Ordering early will insure the reservation of varieties that later may be sold out, and save you any disappointments.

SUGGESTIONS TO CUSTOMERS.

—If you are not acquainted with the different classes and varieties of Dahlias, Peonies, Iris, or any of the other plants I list, I would suggest that you leave the selection to me. Send the amount of money you wish to spend, and write me fully if you have any preferences in types or colors, and I will choose the very best varieties possible, in an effort to please you. My liberal selection I assure you will be satisfactory, as I strive to give the very best when you allow me the choice.

TIME OF SHIPMENT.

—Unless you give a specific shipping date, your order will be shipped to arrive at the proper time to plant in your locality. If you wish your order shipped at any special time, I will appreciate definite instructions, and assure you that you can depend upon me to serve you satisfactorily. It requires all Winter to separate my large number of clumps, but by the first of March I have one box of each variety systematically arranged in my shipping department, and am prepared to ship all varieties offered in this catalog after that date. As I start planting on June 1st, I cannot furnish all varieties listed herein after June 5th, but can supply good selections of all types if the choice is left to me. I assure you I will send the best possible where selections are left to my judgment.

PACKING.—No extra charge for packing. I take great pains in packing my orders, and strive to give all my personal attention to insure their arrival in good condition. I assure you that your order will be securely and carefully packed.

SHIPMENTS PREPAID.—All orders will be shipped by Parcel Post, Express or Freight, whichever way I deem advisable, prepaid to all parts of the world, unless otherwise stated.

FOREIGN AND SOUTHERN ORDERS that require shipment out of season. The fact that I receive large numbers of Foreign and Southern orders, and from the same customers year after year, leads me to believe my ability to serve is satisfactory to them. In view of the fact that I do not ordinarily complete harvesting before November 10th to 20th, and that it requires considerable time to separate the clumps of the great number of varieties I grow, and the quantity makes my eight storage cellars very much congested, I would appreciate it if customers who wish their order

MONS. LE NORMAND—Decorative Dahlia. \$2.00 each.

(For description see page 25.)

shipped between November 30th and March 1st would mention a second choice when ordering. If they are not particularly desirous of special varieties it will insure them prompt shipment if they will leave the selection to me. The great number of varieties and the quantity of clumps make it difficult to ship at that time, whereas, after March 1st I have everything systematized and some of each variety in my shipping department. I give Foreign orders special attention, packing them very securely, so that they will arrive in perfect condition.

ACCURACY OF DESCRIPTION.—All descriptions and other matter in this Catalog and Cultural Guide will be found to be as nearly in accordance with actual facts as it is possible to write them, great care having been taken to avoid exaggeration in descriptions of varieties. My authority as to colors is Ridgway's "Color Standards and Color Nomenclature" a complete and authentic chart giving Eleven Hundred and Fifty named colors.

In making comparisons there must be an allowance made for variation caused by different soils and climatic conditions.

SUBSTITUTION.—The varieties you select are always sent unless you grant me permission to substitute. If you wish a particular color, rather than a particular variety, many times it is to your advantage to mention the fact, as my intimate knowledge and experience oftentimes enables me to improve upon your selection. Therefore, if a substitute is acceptable, be sure to advise me, as otherwise everything is shipped absolutely as ordered.

ERRORS.—While my system of handling orders is as near perfect as possible, in the rush of business errors occasionally occur, and I hope to be promptly notified of such, giving me an opportunity to make proper adjustments. I would suggest that you keep a copy of your order for comparison.

REMITTANCES.—May be made by Check, Post Office or Express Money Order, or Registered Letter, and if for less than \$5.00 can be made in U. S. stamps, coin and currency should be sent by registered letter. Customers residing outside the United States please do not send Foreign stamps or currency—a Post Office order is preferable.

GUARANTEE.—I wish it distinctly understood that although I take all possible pains, I will not be held responsible beyond the purchase price. I guarantee every bulb, root and plant I send out to be just as represented, absolutely true-to-name, reach its destination safely in good growing condition. I will cheerfully replace anything that fails to prove otherwise, and will appreciate your calling my attention to it.

PRICES.—The prices herein cancel all previous ones. These prices are void when my 1923 catalog is issued. I make the following special quantity prices to large buyers, such as Estates, Schools and Institutions. Any one variety prices at 25 cents each may be bad at \$2.50 per dozen; any one variety priced at 35 cents each may be bad at \$3.50 per dozen, and so on with

50 cents, 75 cents, \$1.00, \$2.00, \$3.00 and \$5.00 varieties. Six of one variety may be bad at the dozen rate.

This is a saving of about 20%. If wanted in lots of 25 of one variety or more, write for quantity prices, stating quantity desired.

CONNECTIONS.—Long Distance Telephone;

Office—East Bridgewater Number One.

Residence—East Bridgewater 145.

Telegraph,

Western Union, Brockton, Mass.

Post Office, Express and Freight Office, East Bridgewater, Mass.

TERMS.—Cash with orders or in advance of shipment. No shipments made C. O. D.

NAME AND ADDRESS.—Please remember to write your name, street and number, Post Office, County, State and Country if Foreign, as plainly as possible. Post Office Box or R. F. D. number if you have one. This will avoid delays and chances for errors.

Classification of Dahlias

As adopted by the American Dahlia Society.

The Dahlia belongs to the family Compositae (or Carduaceae, as the family is now sometimes known) and is a close relative of our native species of *Coreopsis* and *Bidens* ("beggarticks") and our cultivated *Cosmos*. What we commonly call the flower is botanically, as also in the sun-flower, a flower-cluster or head, made up of numerous closely aggregated flowers, which are often of two or more kinds. In the so-called Single Dahlias, a few outer flowers of the cluster have broad, flat conspicuous expanded corollas or rays (popularly but not botanically the "petals,") while the inner or disc flowers, including most of the flowers of the cluster, have small inconspicuous, tubular corollas.

Growers and exhibitors of Dahlias recognize several different classes or groups of Dahlias, based on the form and other characters of the "flower" or head. The extremes in form are very pronounced, and it is usually easy to say into which class a flower is to be placed; but here, as elsewhere in nature, and more especially where nature has been interfered with by man, the lines of separation are not always hard and fast, and it sometimes happens that a variety may be found classified under two and sometimes three different headings in catalogs of different dealers. The names and their applications as recently defined by the American Dahlias Society follow:—

SINGLE DAHLIAS. Open-centered flowers, small to very large, with 8 to 12 floral rays (petals) more or less in one circle, margins often decurved or revolute (turned down or backward). There are no distinctions as to colors. This class embraces the large Century type as well as the small English varieties. They resemble the *Cosmos*.

COLLALETTE DAHLIAS. Of the single type, with not more than 9 large floral rays; but with a circle of smaller, narrower, usually different colored rays, standing at the base or in front of the larger rays and forming a sort of collar between them and the open center.

DUPLEX DAHLIAS. Semi-double flowers; center almost exposed on opening of bud, rays more than twelve, in more than one circle, long and flat, or broad and rounded, not noticeably twisted or curled. Many Dahlias previously classed as Peony-flowered belong here.

PEONY-FLOWERED DAHLIAS. Flowers are Semi-double, having two, three or more rows of broad, flat, loosely arranged rays or petals, surrounding an open center, which is usually a conspicuous golden yellow. The inner floral rays being usually curled or twisted, the outer rays either flat, or more or less irregular. Sometimes the rays are pointed, occasionally they curl and twist over the center.

DECORATIVE DAHLIAS. Double flowers, full to the center, early in the season at least, flat rather than ball-shaped, with broad, flat, somewhat loosely arranged floral rays with broad points or rounded tips which are straight or decurved (turned down or back) not incurved, and with margins revolute, if rolled at all.

BALL SHAPED, DOUBLE DAHLIAS. Full to the center.

(A) **SHOW TYPE.** Flowers globular or ball shaped rather than broad or flat, full to the center, showing regular spiral arrangement of florets, with floral rays or petals more or less quilled or with their margins involute (rolled forward or inward) and rounded tip. (Dahlias of this type with flowers spotted variegated or parti-colored, were formerly classed as Fancy; a group no longer recognized.)

(B) **HYBRID SHOW, GIANT SHOW OR COLLOSSAL TYPE.** Flowers fully double, broadly hemispherical to flatly globular in form, loosely built so spiral arrangement of florets is not immediately evident; floral rays broad, heavy, cupped or quilled, with rounded tips and more or less involute margins. Verging towards the Decorative Class and sometimes found classed with the Decoratives.

(C) **POMPON TYPE.** Same shape and form as A and B, but flowers must be under two inches in diameter.

CACTUS DAHLIAS: Double flowers.

(A) **TRUE FLUTED TYPE.** Flowers fully double, floral rays or petals long, narrow, incurved or twisted, with sharp, divided or fluted points and with margins revolute (rolled backward or outward) forming in the outer florets, a more or less perfect tube for more than half the length of the ray or petal.

(B) **HYBRID CACTUS.** Flowers fully double, floral rays (petals) short as compared with previous type; broad, flat, recurved or twisted, not sharply pointed except when tips are divided (staghorn) margins only slightly revolute, and tubes of outer florets, if any, less than half the length of the ray or petal. This type intergrades with the Decorative and Peony-flowered classes.

Greetings

FRIENDS and CUSTOMERS

OLD AND NEW

I BELIEVE a heart to heart talk will give us a good opportunity to become better acquainted. You may be interested to know that Dahlias were my hobby thirty years ago; I loved flowers but never dreamed of being in the business. I'll tell you how it happened. My neighbors had several old-fashioned dahlias, and I purchased a few; I took good care of them, and the flowers I produced were larger and more beautiful than theirs. I became interested, and whenever I saw a color I did not have, I added it to my collection. They were like so many children, as I learned to call them all by name.

My friends became interested in my Dahlias, and urged me to sell them the new colors I had purchased; thus I started in the business, with only sixty Dahlia plants. That was thirty years ago. My desire to secure a greater variety lead me to search for the best and newest. In a few years I had all the varieties that American Dahlia specialists grew, and learning that new dahlias were being originated in England and France, I sent for catalogs. That year I imported twenty varieties, and in the Fall the sales from my surplus amounted to \$72.00, not much; but enough to encourage me to go on.

Thinking other Dahlia lovers outside of East Bridgewater would be interested to know more about my favorites, I issued my first catalog in 1895. It was a very modest affair, but it did the business. The next year I exhibited at our local Fair, winning several premiums. Two years following, I imported thirty-two new varieties; which with my collection, lead me to believe I could win at the Boston Show, which at that time was the largest Dahlia exhibition in America. I staked mine against the best, and won first prize. Since then my exhibitions, together with my growing exhibits at the World's Fair, St. Louis Purchase Exposition, Jamestown Exposition, Alaska-Yukon-Pacific Exposition, and Panama-Pacific Exposition have won honors of highest degree, acknowledging my Dahlias universally unsurpassed. This past season I made more exhibits than ever before in the different states, winning first prize in all of them. It is unnecessary to say anything regarding the exhibits I have made at the different horticultural and agricultural societies in the past. Every person that ever saw my exhibit knows that it was fully as good, if not the best that was ever made in the place where I exhibited.

My ambition to develop something better, larger and more beautiful in Dahlias, than was already on the market, lead me to experimenting. My first results from hybridizing were very gratifying, and each year I have devoted considerable time to cross-pollination, with very satisfactory results; and only wish I had more time to devote to this work—it being very fascinating. Many of the varieties in this catalog are my own seedlings, and I am developing choicer and better varieties each year, and will introduce them as soon as my stock is sufficient. I have named many new seedlings for my customers, as a recognition of their love for flowers, and at the same time showing my appreciation of their orders and recommendations.

My intense enthusiasm and my desire to have the largest and most complete collection of Dahlias, have led me to all parts of the World, in an effort to secure the largest and finest varieties. Many are offered herein, but on some of the newest and choicest, where my catalog circulation is very large, my stock is insufficient to allow me to list them at this time, but they will appear in my catalog as soon as my stock is sufficiently large. Should you have in mind some new creation that you do not find listed, I would appreciate it if you will write me, as have all that are worthwhile and will be pleased to supply you.

My interest in other flowers developed with that for my Dahlias; and soon my private garden became inadequate. I had made careful selections, keeping only the best varieties, and each year eliminating the others. Soon I had a surplus of Gladioli and in 1902 offered choice varieties in my catalog. Since then I have always been on the alert keeping my collection up-to-date, and each year have added to my catalog some new bulb or plant, until now I have the largest collection and greatest number of varieties of Dahlias in the world; together with my complete collections of Gladioli, Peonies, Iris, Phlox, Bulbs, Hardy Perennials, Ornamental and Flowering Shrubs, and Evergreens. Each year I strive to secure the very largest and best of the new varieties, eliminating those that have been surpassed. If I can be of help to you at any time in laying out your flower beds and grounds, or, if you wish my opinion on new varieties, feel free to write me, and I assure you I am always at your service.

In 1914 I constructed a storage and shipping plant, from which your orders are shipped. This building has a cement cellar containing 11,700 cubic feet of storage room and 4,680 square feet of floor space. In addition to this, I now use eight other cellars in which I store my bulbs, plants and shrubs.

It may interest you to know that I have been acknowledged the largest Dahlia grower in the world, devoting nearly forty acres of my two hundred acre farm to them this past year. I especially invite you to make a personal inspection of my plant. In past years many of my customers and friends have come long distances to visit my garden during the flowering season. I have an auto drive through my gardens, and they are open for your inspection at all times. Come and bring your friends, as visitors are always welcome, and I assure you every courtesy will be shown you.

If you are looking for some first-class up-to-date stock, whether it be Dahlias, Peonies or Hardy Plants, do not hesitate in placing your order in the hands of a firm who has been doing business for 27 years and guarantees satisfaction. My stock is all tested before being shipped to my customers; it is grown on my own farms, and I give special attention to producing good strong roots, which is the important part of a plant to insure satisfactory results. I shall take as much pains in the future as in the past, to send out nothing but first quality stock, and to continue the same prompt, liberal and conscientious dealings. Hoping to receive a share of your patronage this coming season, I am,

Yours for floral success,

J. K. ALEXANDER, *The Dahlia King*

(Copyrighted)

EAST BRIDGEWATER, MASS.

History of the Dahlia

The Dahlia is a native of Mexico, where it grew wild, and in its single form. Earliest history dates back to 1657, when it was called *Acocotli* by the Aztec Indians. Later the name was changed to *Georgiana*, after Professor Georgi of St. Petersburg, which name is still used in some of the foreign catalogs. It was again changed to *Dahlia*, in honor of Dr. Andrew Dahl, a Swedish botanist.

The Dahlia was first cultivated in the Botanic Gardens, at Madrid, Spain, in 1789, and at about the same time was introduced into England by the Marchioness of Butte.

Dahlia *Variabilis*, from which most of the common or Show Dahlias have originated, was single in its wild state. The first double forms appeared

in 1814 and were credited to M. Donkelaar of the Botanical Gardens of Belgium. The Pompon form appeared about 1858, followed by the Decorative, the origin of which is not clearly defined, but probably dates back some 40 or 50 years. Dahlia *Jaurezi*, the first of Cactus Dahlia, was discovered in Juxphaur, Mexico, in 1872, by J. T. Vanderberg, and named *Jaurezi* in honor of President Jarez of Mexico. It was sent by Vanderberg to an English florist, who exhibited it in England in 1880.

Dahlia tubers or bulbs were used as a food in Mexico and at one time in France. It was attempted to introduce them into cultivation in all Europe as a food for either man or cattle, but the taste was found nauseous to European palates.

The Culture of the Dahlia

Success Will Follow If You Observe These Instructions

LOCATION. The Dahlia is not as particular as most of our flowers, and will succeed under a great many adverse conditions. There are, however, certain locations where Dahlias seem to outdo themselves. An open sunny location seems to favor them at all times. Dahlias do well on high and low lands, on hillsides or perfectly level land, giving good results in each location.

I find Dahlias are particularly adapted for seashore use, and not only do well, but thrive, for the reason of the moisture, and principally the heavy dews which collect during the nights.

I also find that many varieties do well in partial shade, producing fully as good flowers as they do in the hot sun, especially for exhibition purposes.

Dahlias will grow and do equally well in any kind of soil. I have sand, gravel, heavy and light loam, low land and hills, and find very little difference, as far as the number of flowers is concerned, the only difference being that in sand and gravel they form a short, sturdy, compact plant, and in heavy loam and low land they grow tall and rank, blossoming about a week later than those planted at the same time in sandy soil.

PREPARATION. The soil should be thoroughly cultivated; ploughed or spaded 8 to 10 inches deep, well pulverized and thoroughly worked over, thus affording an opportunity for rapid expansion, and making an easy path for the tiny rootlets. To secure exceptional results, have your soil ploughed or spaded in the Fall, or as early as practicable in the Spring; then just before planting have soil thoroughly ploughed or spaded again.

FERTILIZER. Fertilization is one of the most important factors, to be successful with Dahlias. We all know that a growing plant, the Dahlia for instance, requires and takes from the soil certain properties; and in order to keep the soil in correct proportion, the materials the Dahlia takes from the soil must be restored. This must be done by fertilization. You can use dressing (either horse, cow, sheep or hen), or chemicals, or any commercial fertilizer rich in nitrogen, potash and phosphoric acid. Fish and potash, acid phosphate in the form of bone flour, or sulphate of potash, are also very effective. My system of fertilization—every other fall I give my land a top-dressing of stable manure, ploughing under and alternate with lime, using this as a top-dressing.

The manure restores the properties necessary, and makes the soil light and mellow, keeps it from being heavy and caking, while lime has the same tendency and keeps the soil sweet. When planting in the spring I use commercial fertilizers exclusively (a complete potato fertilizer and ground bone-meal in equal proportions). Every fourth or fifth year I make a Fall planting of Winter rye, then turn under in the Spring, planting the bulbs with commercial fertilizers.

An application of manure (either in liquid or ordinary form), several times throughout the growing season proves very beneficial, furnishing new material for the growing plants and insuring you the very best results.

At the time of planting, two liberal handfuls of fertilizer around the individual tubers would be what I would recommend. After the plants attain a height of three feet, either a handful of fertilizer or any other dressing or manure should be used, and when hoeing, it should be hoed in around the plants. After the plants commence to bloom, it is always well to use fertilizer or dressing around the top of the plants, broadcast on the ground, so that the rains will carry it down to the roots. If applied every three weeks, it will prove very beneficial, although not absolutely necessary, as the fertilizer used when planting would be sufficient to carry the plants through. However, it helps your plants to produce larger and better quality flowers, giving them nourishment at the time they require it most.

MRS. RANDT—Incurved Cactus Dahlia. \$1.00 each.
(For description see page 12.)

In applying the fertilizer, it is best to sprinkle it around the tuber, two, three or four inches from where the sprout will come through, but every precaution should be taken to be sure it does not fall where the sprout will come in contact with it, when it pushes its way through the ground, as fertilizer will burn the sprout. It's better to have it a trifle farther away, as the roots will find the fertilizer.

TIME OF PLANTING. The time for planting Dahlias varies according to the locality; whether your spot is sheltered or open, early or lateness of the season, and the times when the general crop of flowers is desired. Dahlias can be planted any time after danger of frost is over, and under ordinary conditions will blossom in from 6 to 8 weeks after they have been planted. It is always best to wait until the ground becomes thoroughly warmed.

PLANTING. Plant bulbs in hills or drills, laying flat down, 6 inches deep. Do not stand the bulb on end. If you stand the bulb on end, having the sprout near the top of the ground, all the new bulbs which form will grow near the top of the ground and when you have a dry spell your plant becomes stunted, whereas, if the bulbs were planted flat down 6 inches deep, no matter how dry the season, the bulbs would receive sufficient moisture to keep them growing. If planting with manure cover manure an inch or so before planting bulbs; fertilizer should be thoroughly worked into the soil. Either fertilizer or manure will burn the sprout; be sure to cover with soil.

By planting the bulb first, then covering an inch or so with soil and applying your fertilizer or manure, your plant receives the entire benefit of the dressing. The dressing is above the bulb and every rain carries the food down to the roots, whereas, if your dressing is below the bulb, each rain takes your dressing further away from your plant.

Summary. Plant bulb 6 inches deep, flat down, having sprout or eye facing upward; cover with soil an inch or so, applying dressing, and cover in level.

CULTIVATION. Cultivation is the principal requirement of the Dahlia—the most important of all operations to insure success. Keep the soil well cultivated and free from weeds; never allow the soil to crust.

CARE OF PLANTS. Give thorough cultivation, deep at first and continued once a week until the plants commence to flower. After they commence to blossom do not cultivate, as then is the time the new roots are forming and

you are apt to cut off the new tubers, weakening the growth of the plant. Do not fail to stir the soil after each rain, keeping the soil from forming a crust on the surface, or baking, and conserving the moisture in the soil, thus avoiding the necessity of watering.

As the shoot or plant commences to show itself above the ground, care should be taken at this time for the prevention of cutworms and other pests that destroy the young shoots; I recommend Vermine, Arsenate of Lead, Cut-worm Killer or Tobacco Dust, as best preventive for these pests.

As soon as the plants attain a height of 8 to 10 inches it is time to commence to "train" your plants.

There are three systems from which you must choose: The Staking System, the Branching Method and the Massing System.

The Staking System is the most popular, many amateurs finding it the most successful. Dahlias under this system should be planted from 2 to 4 feet apart, according to the amount of space you have to devoted—the larger, the more robust the plants. Stakes should be set when the Dahlia is planted. As soon as plants attain a height of 2 to 3 feet they should be secured to the stakes, thus protecting them and preventing the brittle stalks from being blown over or getting broken.

The Branching Method. This system is advocated by many professionals and does away with staking. Plant in hills or rows from 18 to 30 inches apart.

NEW DECORATIVE DAHLIA—"Frau Geheimrat Schieff." \$2.00 each.

(For description see page 27.)

(One-third actual size.)

Alight Cactus Dahlia

When your plant has two sets of leaves, pinch off or cut out the whole top of the plant; at each leaf a branch will start, thus making four branches one at each leaf. Do not pinch off your plant more than once, as this system makes your plants two weeks later in flowering, but you receive four flower stalks, each of which will blossom equal to the one stalk which you would have received had you left your plants growing without pinching. When the plant is grown it will have a short, strong, single stalk, which comes only an inch or two above the ground, with four branches of flowering stalks. The plant is short and has a neat branching appearance; the branches are self-supporting and are not easily blown over by the winds.

The Massing System. This is the system I use in planting my immense fields—avoiding the extra labor and expense of staking, the woody effect of stakes and giving a solid mass of foliage and flowers, more beautiful and effective than where Nature's beauty is broken at each interval with a stake. Plant bulbs in rows from 10 inches to 2 feet apart according to the amount of space you have to devote. The plants are self-supporting, each plant supporting and protecting the others.

At the height of 18 inches spray occasionally with Arsenate of Lead, "Black Leaf 40," Bordeaux Mixture, Hellebore, Pyrox, Slug Shot, Whale Oil solution or other first-class solutions to kill and keep away the aphid or green fly, which often infest Dahlias.

Both wood ashes and lime are good at all times, improving the condition of the soil and are effective as preventives against insect pests.

To obtain the largest and most perfect flowers, only the best and largest buds should be allowed to mature; the others being taken off, enabling the full strength to develop those into exhibition blooms.

DISBUDDING. Some varieties of Dahlias require thinning and disbudding to produce the best flowers. Varieties having an excessive amount of foliage and small growth should have a considerable part of their branches removed, while those having more buds than can be properly developed or matured should be disbudded. The operation in no way endangers the plants and anyone can do it. Thin and disbud if necessary, moderately or severely as conditions seem to require.

Taking a budded stalk or branch, you will note the large or first bud on the stalk, and also, that at each leaf all the way down the stalk new shoots or bud-stalks form; these in turn produce buds and flowering stalks, which over-top the first bud. The first bud on every stalk is always the largest and produces the largest and best flower, ordinarily. Before the first flower is in full blossom, the first two side shoots have formed buds and burst into flowers. These in turn become passe, to be replaced by flowering shoots from the set next below, or the second pair of side shoots.

On most varieties the first flower has a short, stiff stem; we disbud to lengthen the stem and to secure larger flowers.

The proper way to disbud: When the first bud is small the first set of side shoots should be removed with a sharp knife. This forces all the plant life that under ordinary conditions would have developed the first two side shoots, into the first bud, making the first flower much larger and giving it a good long stem. Removing the first set of shoots also forces ahead the second set and they in turn burst into flower.

As you cut and remove your flowers, your plant sends forth new flowering stalks from the bottom of the plant; the more flowers you cut, the more will grow.

Disbudding is more generally used for flowers for exhibition purposes. When wishing the largest flower possible, for exhibition purposes, you can disbud every side shoot down the entire length of your stalk, forcing all plant life into the one flower, thus growing one flower of gigantic size; this disbudding in addition to forcing with manure (taken up under forcing) insures you much greater success at exhibitions.

Anyone can grow Dahlias of exhibition quality if they will digest these remarks, study plant requirements and then act accordingly.

After your plant has been blossoming continually and flowers commence to grow smaller, then is the logical and proper time to fertilize. Apply any good fertilizer broadcast, or any kind of manure available, but it is better to make two moderate applications than too much at one time.

FORCING. To produce the finest flowers for exhibition purposes use staking system. Plant 3 to 5 feet apart, using a liberal amount of manure or fertilizer; cultivate frequently; apply fertilizer or manure, broadcast or liquid form, at each or every other hoeing, and disbud. Nitrate of soda proves very effective for forcing. Apply in liquid or crystal form when plants are in bud; make applications often, but do not use too much at a time. Nitrate of soda is very powerful and if too much is used it will burn up your plants or force them to such an over-growth that the roots will decay during the winter. Apply nitrate of soda in crystal form on top of the ground, or in liquid form, using one tablespoonful of nitrate of soda crystals to a gallon of water, using sprayer or watering can.

When the flower buds appear, only one bud should be allowed to come to maturity, enabling each branch to produce one exceptionally fine, perfect flower. The flowers, for quality, must not be allowed to receive the drenching rains or scalding sun when nearing full bloom and should be protected from such.

It is always advisable to cut flowers that are to be exhibited as late as possible at night when the dew is on them, placing them in water and keeping

them as cool as possible over night, thereby enabling them to withstand handling, packing and transportation.

WATERING. The amount of watering depends largely upon the locality and amount of rainfall. In regions where the rainfall is scanty and where sprinkling and irrigation must be regularly practised Dahlias should be watered more frequently than in localities where there is abundant rain. Watering is very beneficial adding perfection to blossoms and richness to color, but do it judiciously. A thorough soaking, with the soil stirred the following day is excellent; but a constant surface sprinkling every day causes surface roots and soft growth. When you have continuous dry hot weather, I recommend that you water your Dahlias as often as you think it beneficial.

HARVESTING. The harvesting and packing for winter is very important, upon which depends your future success. Should you lose your Dahlias during the winter, you will be obliged to buy new ones in the spring; therefore, these suggestions are important.

Dahlias should be harvested shortly after their foliage has been killed by frost. I find from experience that as soon as the frost kills the foliage, the strength of the stalk recedes into the bulbs. By digging two or three days after your plant has been killed by frost, your clumps are in a perfectly dormant condition, having no sprouts, keeping perfectly all winter and sending forth sprouts in the Spring, which is the proper time.

Dahlias may be dug with fork, spade or plow. In digging or harvesting the clumps great care should be taken. Dig them and dig very carefully; do not pull them up. You have large clusters of bulbs; each bulb has a neck, which is the small portion between the bulb and where it joins the stalk. The clumps should be dug or lifted carefully, so as not to break the necks of the bulbs. If you crack, girdle or break the necks sometimes they will dry up, other times decay. However, when the clumps are divided, the bulbs with broken necks are weak and not as good and it requires longer for the bulbs to become established before they commence to grow after they are planted

in the ground. After removing the clumps, shake gently to remove the soil that would naturally fall off. Cut off tops within two or three inches above tops of clumps, allowing them to be exposed to the sun and air for only an hour or two. Do not allow them to stay out two or three days to dry up, then wonder why they are withered and fail to sprout. Pack in a cool, frost-proof place where extremes of temperature may be avoided—a place having an average temperature of about 45 degrees. Do not cover or pack in any material or with any substance. Cork, sawdust, shavings, coal ashes, sand or earth, all hold and retain a dampness or moisture which is unnatural, making it too close, compact and damp, causing the clumps to start to mildew or decay. Would you pack your potatoes in any of the above? Simply pack clumps one on top of the other, placing each clump upside down. Undoubtedly you are aware that the Dahlia stalk is hollow and that this hollow contains a watery substance or acid. If you pack your clumps with the stalks up, the acid will flow back into the crown of the clumps, causing decay, whereas, if you turn your clumps upside down the acid must flow out, and clumps will remain in a perfectly dormant condition. Pack clumps upside down in boxes or barrels, packing one on top of the other. Dahlias in an old-fashioned cellar will keep first-class without any covering; in a cellar having a cement bottom or heat, the boxes or barrels should be lined with heavy paper and covered with paper or burlap. Covering with paper or burlap excludes the air and preserves a more even temperature. In heated places the circulation of air and heat causes the bulbs to shrivel and dry up; a covering of this kind prevents the roots from shrivelling.

DIVISION OF CLUMPS.—Although I divide clumps all winter, it is because of the number of clumps I have to divide; I recommend that the amateur wait until spring before dividing. Dahlias keep during the winter much better in clump form. In the spring the clumps commence to send out sprouts which aid in dividing properly.

Take the Dahlia clump as it was harvested, with the portion of the original stalk from which the top was removed same as shown in the accompanying illustration).

Upon examining the clump you will notice that the tubers formed at the base of the stalk, and that each tuber has a crown, neck and body. The crown being the bulging portion where it is connected with the clump, the neck the small portion between the crown and the body of the tuber. By examining carefully, small eyes or sprouts can be detected on the crown and stalk base. These eyes produce the new plants, so in separating, it is necessary that each tuber have an eye. Without an eye the tuber is absolutely worthless.

In separating a sharp knife should be used and great care taken. The best way is to remove each tuber individually but in cutting it is necessary that each tuber have a crown or a portion of the stalk, as it is upon this that all eyes grow.

First of all, select the tuber that you think can be most easily removed. With the point of your knife cut deeply into the base of the stalk (the black lines in the illustration showing place to cut) cutting so to leave an equal amount of the stalk-base for each tuber, and so that each tuber had its crown. By cutting deeply into the stalk-base on both sides, the tuber becomes separated from the clump, leaving a "V" shaped portion of the stalk base as a crown or head, upon which the eye is found or will grow. The next tuber favorably located from the separating standpoint can then be chosen, and removed by again cutting the stalk-base, and so on until the stalk-base becomes the crown of each individual tuber.

Dahlia Clump, Showing Proper Method of Dividing.

Black lines show where you should cut with knife.

SIZE OF BULBS. The size of the bulb or tuber does not in any way designate the size or quality of the flower. Some varieties of Dahlias always produce very small bulbs, while other varieties make large ones. Do not consider small bulbs worthless, for they are equally as good and in many cases better than large ones. Medium and small sized bulbs more often produce the finest and highest colored flowers, and in many cases the best and most effective plants. The only requisite of a Dahlia bulb is: be sure that your bulb has one or two eyes or sprouts, whether large or small, and with proper cultivation, success is generally assured. A clump, root, bulb, or division of a clump, pot-root, cutting, sprout, and even a Dahlia seed, will grow and blossom, all equally well. It is not the size, but the care and cultivation—cultivation is the principal requirement of the Dahlia.

CONCLUSION. There are no set rules to follow invariably by all or even by any one grower year after year. In fact, each soil, location, climate or season, may call for different treatment. Study your plants; watch them as they develop; try all experiments along lines in harmony with nature's laws. Success with Dahlias is the same as with anything else; do everything in moderation; excess in any direction is unwise. In many locations conditions are so favorable that Dahlias grow to perfection with practically no attention. So it is with seasons—some years Dahlias do well the entire season, but there is no reason why Dahlias should not be grown successfully year after year. My methods of cultivation are simple and easily followed, the treatment and requirements are so simple, there is no reason why you should not be successful with your Dahlias. The Dahlia is one of the easiest plants to grow and will produce more flowers than any other plant in the garden, if properly cared for.

tions are followed. Cut blossoms in early part of the day, whenever possible. Fill receptacle with water, as hot as can be borne by one's hand. Plunge the

New Decorative Dahlia—"Yellow Mons. Le Normand"

$\frac{1}{2}$ actual size. \$2.00 each.

(See page 28 for description.)

How to Keep Cut Blooms of Dahlias

Freshly cut flowers will keep considerably longer, and wilted flowers if not in too serious condition, will be entirely restored in appearance if the following sugges-

stems, but not the foliage, almost their entire length into the water; let them remain in the water until it cools, then transfer into cold water as in usual manner, with the addition of a quarter teaspoonful of salt to a quart of water. If the stems are particularly hard and wiry, water near boiling point may be used to good advantage. My suggestion would be try it and be convinced, regulating depth of water to length of stems.

Dahlia Cutting Knives

Many of my customers have asked me what kind of a knife I use in separating my clumps of dahlias, so thinking it will make it convenient for my customers, I am offering the knives we use to separate the dahlia clumps. The above illustration shows their general appearance. This knife has a two inch blade made of finest tool steel, with nickel-plated closed-end ferrules, and every blade securely riveted in the handle. The blades are ground sharp and hand honed. This knife has an oval taper rubberoid handle. In addition to being used in cutting dahlias, it is made for Grape picking and Pruning purposes. A good pruning knife is always handy. The women folks like them for paring apples and potatoes. **50 cents prepaid.**

New and Rare Cactus Dahlias for 1922

NEW HYBRID CACTUS DAHLIA — Chief Justice Aiken

One-third actual Size. \$5.00 each. See below for description.

CALIFORNIA ENCHANTRESS. (Bessie Boston.) (Hybrid Cactus.) A new California creation. Flowers of very delicate blush; buds open a creamy white, changing to a soft rosy tint as the flowers develop. Flowers produced on long stiff stems in abundance making it a good cut-flower variety. It does well in warm climates. \$2.00 each.

CHIEF JUSTICE AIKEN. (Alexander.) (Hybrid Cactus.) (See illustration.) This is my very finest Hybrid Cactus seedling; a flower of gigantic size, which under ordinary conditions is six to eight inches in diameter. It can be forced to nine and ten inches. It is named expressly for and with permission of Chief Justice John Adams Aiken of Boston and Greenfield, Mass., who is a great admirer of exclusive Dahlias. The blending of colors is of the favorite autumn shades; cinnamon apricot overlaid old-rose. The plants are tall sturdy growers, producing their flowers on long stiff stems well above the foliage. The blossoms are produced fully upright on the stem, making it very desirable. Large, well formed flowers of great depth. Highly recommended. \$5.00 each.

COLOSSAL PEACE. (Maytrott.) (Hybrid Cactus.) LaFrance pink blending to white at tips. An early and continuous bloomer, making it a good garden variety. Plants are tall and sturdy, producing their flowers in great abundance on long stems. Late in the season the flowers show that beautiful golden center so characteristic of the Peony-flowered type. \$2.00 each.

ELSA BONNELL. (Slocombe.) (Hybrid Cactus.) Rich deep velvety carmine. Deep well built flowers produced on long wiry stems. Flowers of large size and produced with great freedom. Almost as abundant as the well known "Countess of Lonsdale." Long stiff stems, bolding flowers upright, making it very desirable. Recommended. \$2.00 each.

FRANCIS D. PRATT. (Alexander.) (Moderately incurved.) Chrome yellow blending to apricot yellow at tips. \$2.00 each.

HELEN DURNBAUGH. (Broomall.) (Hybrid Cactus.) A new California creation. Flowers of very delicate blush; buds open creamy white, changing to a soft rosy tint as the flower develops. Serrated or notched petals add to its beauty. Flowers produced on long stiff upright stems in abundance, making it a good cut-flower variety. It does well in warm climates. \$2.00 each.

LA FAVORITA. (Lohrman.) (Hybrid Cactus.) A California creation of beautiful brilliant salmon; shading from dark reddish salmon in the center to salmon-pink at the twisted tips. \$2.00 each.

LOUISE SLOCOMBE. (Slocombe.) (Hybrid Cactus.) Deep rose-pink overlaid amaranth pink. An early and continuous bloomer, producing its flowers on long stiff stems. Flowers of large size produced abundantly. An entirely new shade in Hybrid Cactus Dahlias. \$2.00 each.

MRS. EDNA SPENCER. (Spencer.) (Incurved Cactus.) An exquisite shade of lavender or orchid pink. Unlike most of the California Cactus creations this variety is of the incurved type. Very beautiful and of good formation. Received Certificate of Merit at the Trial Grounds of California Dahlia Society, San Rafael, California, 1918. \$1.50 each.

MRS. W. E. ESTES. (Estes.) (Hybrid Cactus.) A large pure white California production. \$2.00 each.

RUTH C. GLEADELL. (Seal.) (Hybrid Cactus.) Termed "the California Sunburst Dahlia." Soft yellow, shading to an apricot bronze on the outer petals. \$1.00 each.

THE EAGLE. (Burns.) (Hybrid Cactus.) Large sulphur yellow California creation. Florets slightly reflex. \$1.50 each.

Up-to Date Cactus Dahlias for 1922

These ten recent introductions I will send prepaid for \$12.00. They are among the best samples of the Cactus Dahlia to date.

ALICE B. RAND. (Alexander) (Incurved Cactus). An exquisite shade of rose, much deeper than Tyrian rose, passing to a deeper shade at the tips. The flowers are perfectly formed and of moderately incurved shape. The plants are of good height and produce their blooms on long, wiry stems. This new creation received an Honorable Mention at the September, 1919 exhibition of the Massachusetts Horticultural Society at Boston, Mass. **\$3.00 each.**

BERTRAM S. VARIAN. (Alexander) (Incurved Cactus.) Named for and with the permission of Mr. Bertram S. Varian of Weiser, Idaho. A very brilliant, deep scarlet of the moderately incurved form, of good size on long stems. This is one of the freest flowering Dahlias in my new list, and this fact combined with its brilliant coloring will make it especially conspicuous and attractive in any garden. **\$1.00 each.**

BIANCA (Hybrid.) (See illustration. A new Cactus Dahlia of large size and splendid form. Coloring is beautiful rose-lilac with white shadings and bloom is held perfectly erect on strong, stiff stems. Free-flowering. One of the most satisfactory garden varieties, and one I can highly recommend. An early and continuous bloomer. **\$1.00 each.**

BOWEN TUFTS (Alexander.) (Incurved Cactus). The flowers are of gigantic size, being a bright capucine orange blending to a bright golden orange in the center with yellow reflex. Very stately, good stems. **\$3.00 each.**

CURLEW (Burrell) (Incurved). A distinct and pleasing old-rose color with very long florets incurving over the center. **\$2.00 each.**

CYGNET. (Burrell) (Incurved). A beautiful lemon-yellow at center gradually shading off to a paler shade of the same color, exquisitely striped and splashed bright scarlet-red. This variety is one of the very finest Cactus Dahlias. The stems are long and stiff and carry the blooms well above the foliage. The flowers are of large size and the petals are tightly quilled and gracefully incurving. Very abundant bloomer. **\$2.00 each.**

F. W. FELLOWS (Stredwick) (Incurved). This variety produces huge flowers in profusion. The petals are narrow, straight and very numerous, allowing the blooms to remain full until long past their prime. The growth and habit are all that could be desired. Color a bright orange-scarlet throughout. **\$1.00 each.**

GEORGE WALTERS. (Carter). (Hybrid Cactus.) (See illustration, this page.) This is the most wonderful Dahlia ever offered. It is a Hybrid Cactus of

George Walters—Hybrid Cactus Dahlia. **\$1.00 each**
(For description see this page.)

exquisite coloring, being a bright salmon pink, artistically suffused with old gold. It is the largest Hybrid Cactus ever introduced. The flowers are borne on long, stiff, wiry stems, well above the foliage. It won a gold medal for best single flower in one of the largest shows in 1917. **\$1.00 each.**

NATALIE ALSOP. (Alexander) **New Cactus Seedling.** Named expressly for and by special permission of Miss Natalie Alsop, in recognition of her great love for beautiful flowers. This new variety is a wonderfully pleasing creation, possessing all the good qualifications of the Dahlia. The flowers are most beautiful—a lively deep rose-pink, daintily blending to snow-white at the center. One of the greatest charms is the manner in which it carries its flowers; they being produced on very graceful, wiry stems. Plants are robust and sturdy, growing to an average height of 4 feet. **\$2.00 each.**

TOM LUNDY. (Fenton) An introduction from California and one of the largest Hybrid Cactus Dahlias grown. Of a dark velvety red, the blooms are held on long, stiff stems. A sensational novelty. **Price, \$1.00 each.**

General List of Superb Cactus Dahlias

This collection of 70 Cactus Dahlias prepaid for \$30.00.

(The three types of Cactus Dahlias are designated by the words Straight, Incurved and Hybrid, after the name.)

ABUNDANCE (Stradwick) (Moderately Incurved.)

This variety is exceedingly prolific—a fact which suggested the name. It grows to a height of 5 feet, with blooms of medium size. The color is cerise at the base to deep pink at tips. **\$1.00 each.**

ADVANCE. (Keynes). Brightest fiery scarlet, base tinged yellow. An immense flower. **35 cents each.**

ATTRACTION (Hornsveld) (Hybrid Cactus). Large elegant, full flower, of a clear, lilac-rose. The habit is perfect, with long strong stems bolding the bloom stiff and upright. A very attractive variety. **\$1.00 each.**

BEDINIA. (Hybrid Cactus). Clear, bright orange, striped and flaked red; very striking. **25 cents each.**

BORNEMANN'S LIEBLING (Straight). Very delicate, soft rose-pink. Extra fine. **25 cents each.**

BRIGHTNESS (Straight). Bright fiery scarlet with a blending of golden-yellow at the center. A variety of extra fine shape, petals being very long and perfectly star-shaped. **25 cents each.**

CANDEUR (Straight). A pure white variety and one of the best. **25 cents.**

CHRYSANTHEMSITE ALBERT DELAUX. (Hybrid Cactus.) An enormous flower of vivid crimson. Plants of perfect habit, producing flowers in great abundance on stiff, wiry stems; especially good for cut-flower purposes. **35 cents each.**

CLINCHER (Incurved). **English Cactus Dahlia.**

As the name denotes, giving a clinching appearance, the florets or petals being gracefully and effectively incurved and so perfect as to almost meet at the center. A gigantic Cactus, producing its enormous blossoms with great ease, but on pendent stems. The color of this variety is most pleasing, being a beautiful shade of beliotrope. **75 cents each.**

COMET (Moderately Incurved). A fancy Cactus of great originality. The coloring is quite distinctive being a soft, lavender-pink, penciled and dotted a deep crimson. The plants make a high growth, with long, stiff stems. **50 cents each.**

COUNTESS OF LONSDALE (Hybrid Cactus). Deep salmon-red. One of the best. Very free. Should be in every garden. **35 cents each.**

COUNTESS OF MALMESBURY (Straight). Delicate peach-color pink, daintily blending to white at the center. Petals straight, very narrow and tightly quilled, completing a perfect star-shaped flower. **25 cents each.**

DIADEM (Incurved). Very large and graceful. One of the best. Color, a beautiful shade of lilac. **25 cents each.**

DREADNAUGHT (Hybrid). The color is a glowing crimson, deepening to maroon in the center. **25 cents each.**

EARL OF PEMBROKE (Hybrid). Bright plum color; large, bold flower. **25 cents each.**

ETNA (Hybrid). Lilac veined violet. Very attractive. Large. **25 cents each.**

EUREKA (Burrell) (Straight). This variety has all the good qualities of the Dahlia, being properly named. Color very deep purple. Petals are long, straight and tightly quilled. **25 cents each.**

FLAME (Straight). A beautiful orange-scarlet. Florets long and tightly quilled. **25 cents each.**

FRENCH MARATHON (Hybrid). A beautiful deep, rich purple. Large flower, and one of the best of its color. **50 cents each.**

GIANT OF STUTGART. (Hybrid). One of the largest Dahlias of this type. A bright blood-red with purple shadings. **50 cents each.**

GOLDEN GEM. (Straight) One of the finest golden yellow Cactus Dahlias we have had the pleasure of offering. It is first-class in every way and attracted much attention this past season. **50 cents each.**

GOLIATH (Hybrid). Yellow, tinged with salmon; broad petals; distinct. **25 cents each.**

HARBOR LIGHT (Straight). A vivid orange, over-laid flame color. **25 cents each.**

HELENE (Straight). The color is an exceedingly beautiful lavender-pink, gradually changing to white at the center; free-flowering. **35 cts. each.**

Cactus Dahlia.
50 cents each.

One-half actual size.
See description on page 12.

Mme. Henri Cayeux.

GENERAL LIST OF CACTUS DAHLIAS — Cont.

H. H. THOMAS (Stredwick) (Incurved.) The flowers are of beautiful formation, having long, incurving florets or petals. The color is a beautiful rich deep crimson. **50 cents each.**

H. G. ALFORD (Straight). A beautiful pale yellow, edged and shaded amber and pink. **25 cents each.**

HONESTY (West) (Moderately incurved). A very free flowering variety of perfect habit. The flowers are white at first, changing with age to pale pink with white center. Each is produced upon a stiff, wiry stem, well above the foliage. **\$1.00 each.**

HON. MRS. GREVILLE (Cheal). (Incurved.) The plants of this variety are particularly sturdy, producing their blooms freely. Orange-yellow and salmon. **\$1.00 each.**

IGNEA. (Moderately Incurved.) Bright crimson-scarlet. A very large and distinct variety. Perfect form. **\$1.00 each.**

INDOMITABLE (Stredwick). (Incurved). Rich mauve-lilac; tips of petals pale lilac; very large. **50 cents each.**

J. H. JACKSON (Vernon & Barnard) (Straight). The finest black Cactus Dahlia in existence. An exceptionally satisfactory all-round Dahlia; one of the most prominent for garden decoration superh as a cut-flower variety and equally good as an exhibition flower. Color, a perfectly gorgeous, deep velvety, blackish-maroon. Gigantic in size. Every Dahlia lover should grow this variety. **25 cents each.**

KALIF (Englehardt) (Hybrid). A truly majestic flower, frequently measuring over nine inches in diameter. The flower is of perfect Hybrid Cactus form, and in color a beautiful pure glowing scarlet. The habit of the plant is all that can be desired, growing, with us, about four and one-half feet in height. The

gigantic flowers, which are produced freely, are held erect on strong stems of wiry stiffness, making it a most effective and useful variety for cutting, as well as for garden decoration. "Kalif" is the first variety that has had the distinction of receiving the National German Dahlia Societies' highest award. This variety hears my highest recommendation. **75 cents each.**

KATHLEEN BRYANT (Incurved). A very deep, rich, velvety crimson. One of the finest of its color. Moderately incurved. **25 cents each.**

KRIEMHILDE (Hybrid). Color, flesh delicate pink shading to white in the center; very late flowering. **25 cents each.**

LAPWING (West) (Incurved). Exceptionally large blooms of the finest quality. Color, orange, shaded red. One of the very best. **\$1.00 each.**

LAVINIA (Burrell) (Incurved). Coppery-red to madder-crimson. Very large, distinct form; florets spirally twisted. Free bloomer. **\$1.00 each.**

LAURANIA (Incurved). Orange, terra cotta and cinnamon; large, hold flowers of good incurved form. Plants quite robust; very free blooming, producing immense flowers. **35 cents each.**

LIBELLE (Straight). Clear, deep rose-purple. **25 cents each.**

ORNA DOONE (Stredwick) (Incurved). This exquisite medium sized Cactus is especially suitable for garden decoration and cutting. The blending of colors is unusual; yellow at base, the greater part of the floret being a beautiful pink shade, yet so decidedly tinged with carmine as to make it very distinct. **50 cents each.**

MISS DOROTHY OLIVER (Straight). Primrose at base, tipped pure white. Very narrow florets. Delicate and attractive. **25 cents each.**

MME. HENRI CAYEUX (Cayeux). (Straight). (See illustration page 11.) A reliable exhibition variety. The flowers are of the largest size with long, narrow florets, forming a bloom of magnificent form. The color is a beautiful rich pink daintily tipped white. I highly recommend this variety as one of the best. **50 cents each.**

MILTON HOWARD (Stredwick) (Moderately Incurved). A charming shade of bright pink, with white at center and tips of petals. **\$1.00 each.**

MRS. BRANDT. (West). (Moderately Incurved.) (See page 4.) The flowers are large, charmingly beautiful and perfect for exhibition purposes. The florets are exceptionally long, and very evenly distributed, standing out like a circular array of spears, while the center is a picture of perfection. The plants make splendid specimens, with deep green foliage, and carry their flowers on enormous stems, well above the foliage. The coloring is most exquisite, a beautiful salmon-huff, blending to golden yellow at center. One of the largest and best. **\$1.00 each.**

MRS. FERDINAND JEFFRIES. The largest and best rich velvety maroon of the Hybrid type. The petals are broad, curled and twisted. A very free bloomer, large and massive. **50 cts. each.**

MRS. EDWARD DRUREY (Stredwick). (Incurved.) This creation will prove a thoroughly reliable variety in any situation. Color is a delicate shade of purple-crimson. The flowers are formed evenly, but not strikingly incurved. Large blossoms produced very freely, and are good throughout the season **\$1.00 each.**

Nantwich — Incurved Dahlia. Good Example of the Incurved Cactus Type. (For description see page 13.)

GENERAL LIST OF CACTUS DAHLIAS—Cont.

MRS. LANDALE (Cheal) (Landale.) A slightly incurved English Cactus Dahlia, golden-yellow, suffused and heavily tipped old rose. The stems are long and stiff. Free bloomer. **50 cents each.**

MRS. F. GRINSTEAD (Stredwick). (Incurved.) A deep, rich crimson with just a suspicion of purplish shading. Petals incurved; flowers of large exhibition size. **25 cents each.**

MRS. GEORGE CASTLETON (West) (Straight). This is one of the finest dark shades ever introduced. The color is a velvety blackish maroon, shaded purple. Petals remarkably narrow and tightly quilled. **35 cents each.**

NANCY MAE. (Straight.) One of the best dark Cactus Dahlias grown. A rich, dark, cardinal-red, of extra large size for this type, it is held erect and stiff on long stems. **35 cents each.**

NANTWICH (Stredwick). (See illustration, on page 12.) **Incurved English Cactus Dahlia.** With this variety the habit is a great feature as well as the flower, the growth being upright and the flower stem particularly strong. The blossoms are of incurved form, the florets being evenly placed and unusually good in texture. The color is a beautiful golden-orange, somewhat deeper in the center. **50 cents each.**

OSPREY (Straight). An attractive fancy Cactus variety, the color being golden yellow, splashed and striped scarlet. **25 cents each.**

PIERROT (Stredwick). (Incurved Cactus.) A unique and striking novelty in color, of unusual grace and refinement of form, being composed of very long, tubular narrow petals, which are of a deep amber or orange-buff color, occasionally showing white tips. It possesses an individual refinement different from all other sorts. A splendid garden variety and creates a furore wherever exhibited. **\$1.00 each.**

PERLE DE LYON (Hybrid). A pure white exhibition variety of great value. Petals fringed or nicked, giving unique appearance. **35 cents each.**

REFEREE (Incurved). A clear, bright, yet soft terra cotta. The flowers are very large and produce freely. Much admired by all wherever exhibited. **\$1.00 each.**

REV. DR. BAKER (Moderately Incurved). One of the most satisfactory Dahlias we have ever grown, always being covered with large and perfect flowers. The coloring is very odd, being a novel shade of plum. Excellent for exhibition or garden purposes. **50 cents each.**

RICHARD BOX (Stredwick). **Incurved English Cactus Dahlia.** A clear light soft shade of yellow. This variety blossoms early and maintains a steady average of fine flowers throughout the season. Moderately incurved. **\$1.00 each.**

ROSA STARR (West). (Straight.) A very beautiful lilac-pink. One of the finest novelties. In addition to the long quilled petals common to all Cactus Dahlias, this variety has very fine needle-like inner petals which are a great addition to this variety, and make it entirely distinct from the other Cactus varieties. **50 cents each.**

RUTH FORBES (Forbes.) (Hybrid.) The massive, clear pink flowers, composed of heavy petals, are often accompanied by stems measuring 2 feet in length; excel any other variety for large vase purposes. **35 cents each.**

SANDY (Hybrid Cactus). Golden orange, suffused with fawn. A flower of great substance and durability. **50 cents each.**

SCORPION (Stredwick). (Incurved.) One of the most sensational of the Incurved Cactus Dahlias. A flower of absolutely unique formation, the florets being very narrow and so gracefully and effectively incurved, twisted and interlaced as to almost meet in the center. At first sight one would think it was a Chrysanthemum. The blossoms are of medium size and of a beautiful clear yellow color. This variety is a great favorite with specialists abroad, especially appealing to the lovers of irregularly formed Cactus Dahlias. **50 cents each.**

STERN. (Straight). Bright primrose-yellow. The flowers are large; petals long and pointed. One of the most satisfactory varieties. **25 cents each.**

SYLVIA (Keynes). **Incurved English Cactus Dahlia.** Beautiful deep pink, blending to pale lemon at the center. Petals long and slightly incurved. **\$1.00 each.**

THE QUAKER (Stredwick). **Superb Incurved English Cactus Dahlia.** The loveliest color I have seen in Dahlias—the white center imperceptibly becoming tinged with delicate flesh pink, so dainty in coloring as to almost give the impression of artificiality. The plants are of medium height, producing an abundance of flowers upon strong, wiry stems. This variety bears my highest recommendation. **50 cents each.**

THE LANCER. An English variety, slightly incurved, of a beautiful, rich, scarlet red color. A flower of large size and good depth. **\$1.00 each.**

T. G. BAKER (West). (Incurved Clear yellow. **25 cents each.**

THOMAS CHALLIS (Incurved). A very rich tone of salmon-red or rosy-salmon. The florets are beautifully incurved and arranged with the utmost regularity. This variety can be recommended as one of the best for cut-flower purposes. **35 cents each.**

TOM LUNDY (Fenton). An introduction from California and without doubt the largest Hybrid Cactus Dahlia grown. The plants are tall, sturdy growers, producing their enormous flowers well

W. B. Childs—Hybrid Cactus Dahlia. 35 cts. each.
(For description see page 14.)

GENERAL LIST OF CACTUS DAHLIAS—Cont.

above the foliage. In color, a beautiful dark velvety red; by far the finest of the color to date. Flowers from six to ten inches in diameter, produced abundantly. I highly recommend this variety. **\$1.00 each.**

VARIABILIS (Hybrid). A novelty of most graceful character. Beautiful deep orange artistically tipped pure white. The petals are fringed or nicked and very gracefully incurved. **35 cents each.**

W. B. CHILDS (Hybrid Cactus.) (See illustration on page 13.) A very reliable variety. Color a beautiful dark purple-maroon. Flowers extra large. **35 cents each.**

WINSOME (Hobbies). (Straight.) Pure cream white. **25 cents each.**

WM. MARSHALL (Stredwick). (Moderately Incurved.) Very large. A beautiful rich orange with golden-yellow center. The habit of the plant is very good, being tall, robust, and producing its immense flowers well above the foliage. **25 cents each.**

YELLOW KING (Hornsveld.) Another gigantic Hybrid Cactus, splendid for cutting. A fine, pure yellow, passing to a lighter shade at the tips. The stems are long, stiff and upstanding. The plant is a vigorous grower and an early, prolific bloomer. A splendid introduction. **75 cents each.**

The Peony-Flowered Dahlias

In presenting my list of new and selected varieties of Peony-flowered Dahlias, I wish to devote a few lines to the history of this comparatively new type of Dahlia; a section which I think will interest all flower lovers.

Prompted by the great popularity of the Cactus Dahlia, then so different from the stiff, ball-shaped Dahlias but only beautiful for exhibition, lacking the grace and freedom to flower of the Single Dahlia, European hybridizers saw the possibility of making a type suitable for garden and cut-flowers purposes.

By crossing the Cactus and other Hybrid Dahlias with the Single, and vice versa, they developed quite a new type—the Peony-flowered Dahlia—now popular all over the world. These long stemmed, semi-double Dahlias were grown in Holland, and sold as Half-double Giant Dahlias. Mr. H. Hornsveld, an Orchid specialist of Baarn, Holland, immediately saw their possibilities and collected the largest and most promising specimens. The great development and present value of the Peony-flowered type is due to him. After seven years of cross-hybridizing and developing (July, 1904), he was able to show the results at the meeting of the Dutch Horticultural Society at Rosendaal, where he exhibited four varieties, Queen Wilhelmina, Duke Henry, Baron G. de Grancy and Glory of Baarn. Here he received a first-class Certificate of Merit, and the admiration and encouragement of growers and Dahlia lovers. A still greater success was accorded him that same season at the International Exhibition at Dusseldorf, Germany, where he gained the highest awards. The horticultural world gathered at the Show was charmed by the elegant and artistic form, the strong stems, and the delicate colors of the flowers. Mr. Kerr of Liverpool exclaimed, "Hornsveld's Dahlias are the pride of the Show." After Dusseldorf came Paris. A gold medal and special compliments of the jury were the laurels Mr. Hornsveld gathered there. Amsterdam, London, Brussels and other places followed, where he had the same good fortune.

With this encouragement he continued experimenting and introducing new things, and as his stock increased sufficiently, he distributed them throughout Holland. Because of their great value for cut flower purposes and garden decoration, their popularity increased rapidly, and they were exported to other countries.

English and American Dahlia Specialists, seeing their value, immediately commenced experimenting, and to-day every up-to-date Dahlia specialist offers a collection.

The Peony-flowered Dahlias have exquisite semi-double flowers, with the conspicuous rich golden yellow center and loosely arranged petals. Many are large and fluffy, with long curling and twisting petals, giving them a certain fascination and artistic appearance that none of the other types possess. They are favorite garden and cut-flower Dahlias, producing their flowers abundantly and continuously. Their stems are long and graceful, and their blossoms remarkably effective in bouquets, hotel and house decorations, and in the garden.

My collection is the most complete in existence, including introductions from all over the world, the finest of the American productions, and many choice seedlings of my own hybridization, that I can highly recommend.

New Peony-Flowered Dahlias for 1922

I will ship one of each of these 12 New Peony-flowered Dahlias, prepaid to any part of the World for \$25.00

PRESIDENT HARDING. (Alexander.) This is the finest of my new Peony-flowered seedlings, so good it is sure to become a favorite. Everyone who saw it growing in our fields spoke admiringly of it. Named expressly for and with permission of President Warren G. Harding. Six plants of it are to be grown on the White House Grounds this year. Its flowers are exceptionally large, and each petal curves gracefully, adding to its beauty. In color it is a pale golden yellow, blending to sulphur yellow at the tips. The flowers are well formed, with from five to six rows of petals, and show that beautiful golden center, so characteristic of the Peony-flowered type. I can highly recommend this new creation, as it was one of the very best, and produces its gigantic blossoms in great abundance. "President Harding" was one of the earliest to blossom and flowered continuously throughout the season. **\$5.00 each.**

ANNIE SLOCOMBE. (Slocombe.) One of the well-known Slocombe creations; a rich pale lemon-yellow, with reverse of petals reddish apricot. A very large flowers, averaging between five and eight inches. **\$2.00 each.**

AZTEC KING. (Quick.) A new California creation. Large flowers, of rich wine crimson. **\$1.00 each.**

BERTHA BAILEY. (Alexander.) One of my very finest seedlings of brilliant scarlet-red blending to lemon yellow at center. Flowers are very large and produced on long graceful stems. Long curling petals, somewhat resembling "Geisha." **\$2.00 each.**

BESSIE DOUGLAS RUMMEL. (Alexander.) A beautiful new Peony-flowered seedling, that I have named for and with permission of Mrs. Bessie Douglas Rummel of Mount Union, Pennsylvania. In color an exquisite shade of rose-pink. **\$2.00 each.**

GEORGE E. ALLING. (Alling.) A "Geisha" seedling, having the good qualities of the parent variety in size, stem, foliage and freedom of bloom. The color is bright canary-yellow. It received an award of merit, New York Horticultural Society, and scored 87 points at the American Dahlia Society test Gardens at Storrs, Conn. **\$1.00 each.**

New Peony-Flowered Dahlias for 1922

will ship this collection of 12 New Peony-flowered Dahlias prepaid for \$25.00

New Peony-flowered Dahlia—"Ossamequin." \$2.00 each. One-half actual size.
(For description see page 18)

NEW PEONY-FLOWERED DALHIAS—Con'td.

HELEN SIMMS. (Alexander.) My new Peony-flowered seedling named especially for Mrs. Frank C. Simms of Quincy, Mass. An attribute to her love for beautiful flowers. In color, a clear pale lemon yellow. Flowers of large size. **\$3.00 each.**

MARY ETHEL IRBY. (Alexander.) **New Peony-flowered Seedling.** An intense rich carmine-red. The finest red Peony-flowered for exhibition purposes I have seen. The shape of the petals is quite unusual each having three distinct points. Very deep flower, petals long and numerous. Flowers ordinarily grow from 5 to 7 inches in diameter, but can be forced to eight and nine inches. Named expressly for and with permission of Mrs. Mary Ethel Irby of Memphis, Tennessee, proprietor of "The Flower Shop" and a great flower lover. **\$2.00 each.**

MRS. ELVIRA SAVERY. (Alexander.) **My new Peony-flowered Seedling.** Pale sulphur yellow blending to deep lemon-yellow at the center. Reverse of petals daintily overlaid Tyrian pink with noticeable silvery sheen. Flowers are of large size, growing five to seven inches in diameter under ordinary conditions. The plant is of good habit, producing its blossoms on exceptionally long stiff stems, well above the foliage. One of the most desirable. **\$2.00 each.**

MRS. RALPH DAVIS. (Alexander.) Names especially for Mrs. Ralph Davis of Memphis, Tennessee and South Braintree, Mass., because of her great love and appreciation of beautiful flowers. One of my most beautiful dahlias, on the autumn shades; an exquisite blending of salmon-orange and salmon-buff. This combination of colors is very fascinating, and blends so well. Blooms of large size, averaging between five and seven inches under ordinary conditions, and can be forced to eight and nine inches. They are produced on good long stems in abundance throughout the season, making it especially desirable. Highly recommended. **\$3.00 each.**

THE MRS. FRED TRISTRAM. (Alexander.) **New Peony-flowered Seedling.** Named expressly for Mrs. Fred Tristram of Delaware, Ohio. In color, a pale rose-pink with a blending of lemon-yellow at center. A very delicate flower. Plants tall and sturdy; a very strong grower. Flowers produced on very long stems. **\$3.00 each.**

VERA KING. (Slocombe.) One of the well known Slocombe productions. Creamy white flowers produced on long stiff stems. This variety has the best stem of all the white Peony-flowered Dahlias. **\$1.00 each.**

Peony-Flowered Dahlias. Up-to-date Varieties

I will ship this collection of 38 Up-to-date Peony-flowered Dahlias for \$50.00 prepaid.

New Peony-flowered Dahlia—"Jessie Monroe."

One-half actual size. \$1.00 each.

(See description on this page.)

AURORE. New Holland Peony-flowered Dahlia.

In this new importation I have secured the finest in this class in the autumn tints. The flowers are of very large size, produced on long stiff stems, well above the foliage. In color, a very deep rich orange, a shade that attracted considerable attention at the Fall exhibitions. The plants are tall and sturdy, producing their blossoms abundantly. \$1.00 each.

ALTA POWELL. Alexander's New Peony-flowered Seedling.

A very bright lemon-yellow, overlaid blending to and edged carmine red. The plants are very tall and sturdy, producing their flowers on long stiff stems, well above the foliage. This new seedling is one of the most free-flowering varieties I have seen, making it a very desirable garden variety. Named for Miss Alta Powell of New Haven, Conn. \$1.00 each.

BERTHA PAULDING. (Alexander.) A very striking variety for the garden, growing five feet and over in height. The plant is strong and sturdy, producing a large number of blooms on long stems. The flowers are of an exquisite, deep, rose-pink, of good depth and with an open center. Altogether one of the best pinks of its type. Price, \$2.00 each.

BESSIE SEABURY. Alexander's New Peony-flowered Seedling. White very daintily overlaid a delicate mallow pink. An exceptionally free-flowering variety, of good habit, that produces its blossoms on good long stems. Named for and by permission of Mrs. William T. Seabury, North Weymouth, Mass., a great admirer of beautiful flowers. \$1.00 each.

CALIFORNIA (Hornsveld). Introduced from Holland as a Peony-flowered Dahlia, but with us, it has characteristics of both the Decorative and Peony-flowered types. The early flowers are full to the center, with broad petals that are somewhat pointed and long, like the true-Decorative. As the season advances, the flowers show that beautiful golden-yellow center, so characteristic of the Peony-flowered type. In color, it is a beautiful clear rich deep yellow, which makes it without exception one of the very finest yellow Dahlias to date. The blossoms are large, and produced upon good long stiff stems. Very free-flowering. \$1.00 each.

CARDINAL (Hornsveld) New Holland Peony-flowered Dahlia. A very large flower that early in the season comes nearly full to the center, and of a gorgeous maroon-purple. The stems are unusually good, being long and very strong, producing the flowers well above the foliage. The best of this color to my knowledge. 75 cents each.

CREATION (Hornsveld) Holland Peony-flowered Dahlia. This new variety has a very pleasing and unique shade, one not common in Dahlias; a beautiful rose-red, that wins instant favor. Flowers of medium size and produced freely upon long stems. Good cut-flower sort. 50 cents each.

GERTRUDE BURBANK. Alexander's New Peony-flowered Seedling. Named expressly for Mrs. Gertrude Burbank of Waco, Texas, who admired this new creation when she visited my gardens, and I take pleasure in naming it for her. The flowers are very large, and of a brilliant scarlet-red. Petals are perfectly original, being long and Cactus-like. This creation is a seedling from the popular variety "Geisha." The plants are very tall, producing their flowers upon long stems. 75 cents each.

GRACE KIRSCHNER. Alexander's New Peony-flowered Seedling. White daintily overlaid cameo-pink. Its blossoms are very large, and exceptionally fine. One of the most delicate of this collection. Named expressly for and with permission of Mrs. Kirschner of Hamden, Connecticut, in appreciation of her admiration for Dahlias. \$2.00 each.

JEANIE PRESTON. Alexander's New Peony-flowered Seedling. (See illustration on inside back cover. Named expressly for and with special permission of one of our customers, in recognition of her fondness of beautiful flowers. In color, a pale lemon-yellow shading to Martinus yellow, overlaid a delicate Japan rose. Reverse of petals a deep Japan rose. Flowers of gigantic size, and produced on good long stems, well above the foliage. \$5.00 each.

JESSIE MONROE. (See illustration.) Alexander's New Peony-flowered Seedling. Another of my seedlings that I had the pleasure of naming for one of my flower-loving customers. A very delicate shade between a La France and shrimp pink with a blending of pale lemon-yellow at center. A very deep full flower, and an early, continuous bloomer. \$1.00 each.

JONTEEL. Alexander's New Peony-flowered Seedling. Beautiful pale corinthian pink blending to golden yellow at the center. Good long stems. 75 cents each.

PEONY FLOWERED DAHLIAS—Continued.

KATHINKA ANDERSEN. Alexander's New Peony-flowered Seedling. Named for one of my customers, Kathinka Andersen of Castle Dale, Utah. A beautiful lemon-yellow, exquisitely overlaid pale amaranth pink. **\$1.00 each.**

KAKADEE. A Peony-flowered Dahlia that is sure to prove a favorite; undoubtedly the finest of the Scottish creations. A dwarf growing variety, with large flowers on good stems, carried well above the foliage. Pale lemon yellow at center passing gradually to white at tips. First flowers are often full to the center; but as the season advances, they show that beautiful golden yellow center, characteristic of the Peony-flowered type. Its petals are very gracefully curved and twisted, adding greatly to its beauty. **\$1.00 each.**

LATONA (Hornsveld). New Holland Peony-flowered Dahlia. An unusual blending of orange, buff and yellow. Flowers are nearly full to the center, and produced freely, upon good stems. **\$1.00 each.**

LOUIS GRATON (Alexander). Named expressly for and with permission of Mr. Louis Graton, the Strawberry Specialist of Whitman, Mass. A very delicate pale salmon, blending to golden-yellow at the center. **75 cents each.**

MADRID. A blending of yellow, orange, and red. Long stems, very abundant flowering. **\$1.00 each.**

MARY DUKE. Alexander's New Peony-flowered Seedling. When Mrs. Duke visited my gardens several years ago, she became fascinated with this seedling—and I had the pleasure of naming it for her. It is an early and profuse blooming variety, and without doubt the finest of its color. A very delicate lavender-white, blending to lemon-yellow at the center. **\$1.00 each.**

MARY ROPER. Alexander's New Peony-flowered Dahlia. A seedling named for this customer in recognition of her intense love of beautiful flowers. Good white Dahlias are always scarce. In this, I have one of the finest, and one that I can recommend. **\$1.00 each.**

MINA SEABURY. Alexander's New Peony-flowered Seedling. Named expressly for Mrs. Philip Seabury of Boston, Mass., who selected this variety from my collection of seedlings, as one of the most beautiful; surely an attribute to Mrs. Seabury's good judgment of beautiful flowers. A very large flower, with long curling petals, that is destined to become a great favorite. In color, a sulphur-yellow, very daintily overlaid mallow pink. **\$1.00 each.**

MISS BARBARA HAMMOND. Alexander's New Peony-flowered Seedling. An exquisite shade of silvery rosolane-pink, blending to clear pale lemon-yellow at the center. One of the most beautiful. A very tall growing plant, producing its blossoms upon long stems. **\$1.00 each.**

MISS DORRIS BIRD (Alexander). New Peony-flowered Seedling. One of the best of my new seedlings, of a clear rose-red shade. Flowers of large size. **75 cents each.**

MISS LYMENA T. BAXTER. Alexander's New Peony-flowered Seedling. Named expressly for and with permission of Miss Lymena T. Baxter of Barnstable, Mass., in recognition of her great love for flowers. This new creation received an Honorable Mention at the September Dahlia Exhibition of the Massachusetts Horticultural Society; the highest award given to a seedling exhibited for the first time. The coloring is a very beautiful clear pale lemon-yellow. **\$3.00 each.**

MRS. A. E. BEALS. Alexander's New Peony-flowered Seedling. Named expressly for and with permission of Mrs. A. E. Beals of North Weymouth, Mass., as an attribute to her fondness for beautiful flowers. Cream color, very heavily overlaid a rosy purple, the general appearance being a deep rose-pink. Blossoms of large size, produced upon long stems, well above the foliage. **\$2.00 each.**

MRS. CARRIE HAYWARD. Alexander's New Peony-flowered Seedling. Named expressly for my customer Mrs. Carrie Hayward of Halifax, Mass., a great lover of flowers. One of the earliest and most prolific of my entire collection. A beautiful peach-red blending to begonia rose, the general impression being peach red. The shape of the flower is distinctive and unusual, and its color is not found in any other Dahlia to my knowledge, making it a very desirable garden and cut-flower variety. **\$2.00 each.**

MRS. C. B. KING. Alexander's New Peony-flowered Seedling. Named especially for and with permission of Mrs. C. B. King of Taunton, Mass., a very enthusiastic Dahlia lover. On one of Mrs. King's visits she selected this from my large number of seedlings as one of special merit, so I suggested it be named for her. Pale chalcedony-yellow—nearly a clear sulphur yellow. A large flower of perfect shape, that has proven very free-flowering and can be highly recommended. **\$3.00 each.**

MRS. GRACE BOLLES. Alexander's Beautiful Peony-flowered Seedling. The coloring is most exquisite, sweetest rose-salmon, with a blending of golden-yellow at center. **\$1.00 each.**

MRS. JESSIE L. SEAL (Gleadell). A California creation of rich old rose with gold shadings. Flowers large and held well above the foliage, on strong stem. **\$1.00 each.**

MRS. J. H. BENTON. (Alexander.) A large, full deep flower with long, strong stems. The color is white, suffused a delicate yellow; the reverse of the petals are streaked carmine, which delicately tints the whole flower. Plants are very tall and vigorous. Really a beautiful variety. **Price \$1.00 each.**

Newport Dandy—Peony Flowered Dahlias. \$1.00 each.
(For description see page 20.)

PEONY-FLOWERED DAHLIAS—Cont.

MRS. NEWELL D. ATWOOD. Alexander's New Peony-flowered Seedling. A very tall, long-stemmed free-flowering variety. Its color is very rich and brilliant; a gorgeous deep crimson-red. Its plants were very strong, sturdy growers, and it promises to become one of the most popular. Named in honor of Mrs. Newell D. Atwood of Ossamequin Pines and Boston, Mass., a great admirer of beautiful flowers. **\$1.00 each.**

OSSAMEQUIN. Alexander's New Peony-flowered Seedling. See illustration on page 15. Pale lemon-yellow, heavily striped and splashed carmine-red. Free-flowering, and with good stems. **\$2.00 each.**

POMPEIAN BEAUTY. Alexander's New Peony-flowered Seedling. Pale salmon daintily overlaid old rose. Exceptionally free-flowering. Two or three rows of petals. **50 cents each.**

SARA W. ASHENDEN. Alexander's New Peony-flowered Seedling. A most beautiful shade of rhodamine purple. Flowers borne upon long strong stems, well above the foliage, and for vases and house decoration are especially good, lasting long after cut. This new seedling was greatly admired by Mrs. Ashenden when first exhibited and was named in her honor. **\$1.00 each.**

SOFFARANO (Hornsveld). New Holland Peony-flowered Dahlia. A blending of orange, yellow, salmon and buff, that is very difficult to describe. Somewhat similar to "Latona" in shape, with long straight-florets. **\$1.00 each.**

THE RHODES. Alexander's New Peony-flowered Seedling. A live shade of pale rosolane pink with a dainty blending of yellow at the center. This new creation was exhibited for the first time September 1921 in the collection of twelve best Peony-flowered Dahlias at the Dahlia exhibition of the Massachusetts

ROSE GEM. (For description see page 28.)

R. F. RAINSVILLE. Alexander's New Peony-flowered Dahlia. Named especially for and with permission of Mr. R. F. Rainsville of Stoneham, Mass., as an attribute to his admiration for flowers. Undoubtedly the largest and finest of its color in the Peony-flowered type, and a variety that will make a good addition to the most exclusive collection. A shade between pansy violet and oxblood red; a very rich and velvety color. Highly recommended. **\$3.00.**

SALVATOR (Hornsveld). New Holland Peony-flowered Dahlia. Deep rose-pink blossoms, plants of medium height, and edges of petals are of a curling nature, giving the flower an entirely original appearance. **50 cents each.**

Horticultural Society, the collection winning first premium, against strong competition. The flowers are very large and of a very delicate blending of colors. Very good for exhibition purposes. **\$2.00 each.**

WAMPATUCK. Alexander's New Peony-flowered Seedling. Similar in color combinations to "Twentieth Century" but larger and of deeper color. An exquisite cream shade, very heavily overlaid rose-purple. **\$1.00 each.**

WAMPUM. Alexander's New Peony-flowered Seedling. Pale barium-yellow, heavily striped and splashed crimson-scarlet. Long stems and very free-flowering. **\$1.00 each.**

General List of Select Standard Peony-Flowered Dahlias

A collection of the choicest Standard Peony-flowered Dahlias in existence; introductions from all over the world. I will send this Phenomenal Collection of 43 Fashionable Peony-flowered Dahlias prepaid for \$20.00.

AMERICA (Hornsveld). **Holland Peony-flowered Dahlia.** A beautiful shade of apricot-orange. 50 cents each.

ANNY DOPPENBERG (Hornsveld). A new Holland introduction with an Award of Merit to its credit. The color is sulphur-yellow, and the habit of the plant is all that could be desired. 50 cents each.

ATLANTA (Alexander.) **Remarkable Peony-flowered Seedling.** An ideal flower of remarkable qualities; flowers beautifully formed and of excellent type. Unquestionably the most valuable white Peony-flowered variety. \$1.00 each.

CAECILIA (Hornsveld). **Gigantic Holland Peony-flowered Dahlia.** A magnificent flower of great individuality; one that will give perfect satisfaction. A wonderfully large creamy-white flower. 35 cents each.

CAESAR (Hornsveld.) **Holland Peony-flowered Dahlia.** Large flowers of a rich shade of canary-yellow. Very strong grower. First-class Certificate. 35 cents each.

CARL PURDY (Vanderbilt). **Peony-flowered Seedling** (to the credit of Mr. Vanderbilt of San Rafael, Cal.). A wonderful introduction in every respect. The flowers are very large, held erect on long, strong stems. One of the tallest dahlias grown. Color, a bright, fiery scarlet. The plants are of excellent habit and of a particularly strong constitution. \$2.00 each.

CHICAGO. (Alexander.) **Peony-flowered Seedling.** A magnificent flower of great individuality; one that will give perfect satisfaction. The coloring of this variety is exceedingly wonderful—a clear purple with an exquisite ring of yellow at the center. This delightful combination gives it a supreme place in the Peony-flowered class. Plants are very dwarf 50 cents each.

CREAM KING (West). An incomparable Dahlia of rare beauty. One of the most popular in the gardens. As the name indicates the coloring is a soft cream. Is of immense size, with long, strong stems and a fine variety for show or cut. This Dahlia has every good quality. 75 cents each.

DR. K. W. VAN GORKUM. (Hornsveld.) **Holland Peony-flowered Dahlia.** White, heavily shaded rose. 25 cents each.

ELECTRA (Hornsveld.) The coloring of this variety is exceedingly wonderful, a bluish mauve shade, with an exquisite golden-yellow center, which combines to give this variety a prominent place in the Peony-flowered type. Free-flowering. First-class Certificate. 50 cents each.

ELINOR A. INNES. **Alexander's Peony-flowered Seedling.** Named expressly for and by permission of Mrs. Charles H. Innes of Boston and North Scituate, Mass., in recognition of her great love of the Dahlia. Flower is a beautiful purple with an exquisite yellow center, which lends an additional charm to the entire flower. Very free-flowering. 50 cents each.

ELSA (Lohrmann). Fluffy cream white flowers, large size and showing high above foliage. Useful for cutting and exhibiting. 75 cents each.

EUGENE BURGLE. (Burgle.) An improved seedling from the famous Mina Burgle. A rich, dark red in coloring, the blooms are of immense size and perfect form. The strong, luxuriant plants grow to a height of six feet, and hold the flowers erect and prominent. 75 cents each.

FRAULEIN BUDDÉ. (Hornsveld.) **Beautiful Holland Peony-flowered Dahlia.** A charming soft mauve-violet with an exquisite golden-yellow center, which combines to make the flowers most beautiful. Award of Merit. 50 cents each.

GEISHA. (Hornsveld.) **Wonderful Holland Peony-flowered Dahlia.** The pride of the Peony-flowered Dahlias. This most sensational variety is the showiest and most attractive of this type in existence. It is a superb combination of brilliant scarlet and gold with an exquisite ring of rich golden-yellow at center. Occasionally the first flower comes fully double, but all that follow show that beautiful golden-yellow center which combines to make this flower the most charming. Its form is very original consisting of peculiarly twisted and curled petals which are very long and beautifully shaped. \$1.00 each.

GERMANIA. (Hornsveld.) **Holland Peony-flowered Dahlia.** Bright glowing crimson. 25 cents each.

GLORY OF BAARN. (Hornsveld.) (Holland.) **Peony-flowered Dahlia.** This most fascinating variety appeals to every flower-lover as a true sensation. The coloring is exquisite, being a delightful clear soft pink; a most pleasing flower whose light rosy tint forms a perfect contrast with the deep green foliage. Its gems are of wonderful size and produced with exceptional freedom on long, wiry stems. The beautiful golden-yellow center completes the artistically arranged gem and lends an additional charm to this acquisition. 35 cents each.

H. J. LOVINK. (Hornsveld.) **Beautiful Holland Peony-flowered Dahlia.** Flowers large and produced upon exceptionally long, wiry stems. The coloring is very delicate—white, daintily blending to lilac. 25 cents each.

HORTULANUS BUDDÉ. (Hornsveld.) **Gorgeous Holland Peony-flowered Dahlia.** A bright scarlet of splendid habit. Award of Merit. 35 cents each.

Peony-flowered Dahlia—Mrs. M. W. Crowell.
(One-half actual size. 25 cents each.)
(For description see page 20.)

PEONY-FLOWERED DAHLIAS—Cont.

JOHN GREEN. (Stredwick.) **English Peony-flowered Dahlia.** The coloring is exceptionally attractive and intensely brilliant, the center being a clear golden-yellow which quickly changes to fiery scarlet. A great feature of this variety is its lasting quality, the flowers remaining in full beauty for over a week, unhurt by rain or sun. The shape of the flower is perfectly original, the petals being beautifully pointed, giving it a star-like appearance. Awarded First-class Certificate by the National Dahlia Society, the joint committee of the Royal Horticultural Society and the National Dahlia Society at the Dahlia Trials at Duffryn, Cardiff. **50 cents each.**

LADY K. DRUMMOND. Yellow, changing to buff at the tips of the petals, shaded salmon. A really charming flower. **25 cents each.**

LADY SEVILLE. A gorgeous flower of rich, orange-scarlet, petals tipped buff, and slightly reflexed. **25 cents each.**

LOVELINESS. (Hornsveld.) **Dainty Holland Peony-flowered Dahlia.** The coloring is a most exquisite pale lilac, daintily blending and shading to white. Award of Merit. **50 cents each.**

MARIE STUDHOLME. (Ware.) (See illustration.) Delicate, bright mauve-pink, shaded with a glistening ivory sheen. This beautiful combination of colors gives the appearance of a lavender-pink. The flowers are of very original form, petals being very gracefully curved and twisted. **35 cents each.**

MARY LINDER. **Alexander's Peony-flowered Introduction.** "Mary Linder" is a seedling from the popular Hybrid Cactus Dahlia "Master Carl," possessing the charming golden-orange color of that variety, but being true Peony in type. The flowers are not large, but good medium size, and are produced with freedom on good stems. This variety was originated by one of my customers, Mr. John Linder of Canton, Mass., and through his courtesy I have the pleasure of introducing it. **50 cents each.**

MME. VAN BYSTEIN. (Hornsveld.) A very distinct and new shade, lilac-blue throughout. Plants tall and sturdy, holding blooms well above the foliage. Large and fine. An early and abundant bloomer that I highly recommend. **50 cents each.**

MRS. A. PLATT. (Ware.) **Sterling English Peony-flowered Dahlia.** A flower of massive proportions, but charming in general appearance. The blossoms are large and perfectly formed. The color is a magnificent bluish-pink. First-class variety; valuable for exhibition purposes. **25 cents each.**

MRS. BOWEN TUFTS. **Alexander's Gigantic Peony-flowered Seedling.** Named expressly for and by permission of Mrs. Bowen Tufts of Boston and Allerton, Mass., in recognition of her admiration for the beautiful. This creation is the finest of my new Peony-flowered Dahlias, having gigantic, deep rosy-purple blossoms, which are produced well above the foliage upon long, graceful stems. The habit of the plant is excellent, flower stems being long and the bushes tall and exceptionally sturdy. **50 cents each.**

MRS. G. DRUMMOND. (Alexander.) This is a great acquisition. The color is a beautiful apricot, suffused with salmon—a distinct and lovely shade. A perfect cut flower and a free bloomer. **75 cents each.**

MRS. GEORGE GORDON. (Ware.) A delicate creamy-white flower of large size. **25 cents each.**

MRS. JACQUES FUTRELLE. (Alexander.) **Up-to-date Peony-flowered Seedling.** Flowers of medium size, but very attractive. An exquisite lemon-yellow, heavily splashed scarlet. Very free-flowering. **25 cents each.**

Marie Studholme—Peony-Flowered Dahlias
35 cents each. (One-third actual size.) (See this page)

MRS. M. W. CROWELL. (Alexander.) See illustration page 19. A remarkably sturdy variety of perfect habit. Color, a beautiful orange-yellow. Very free-flowering. **25 cents each.**

NEWPORT DANDY. See illustration page 17. A lilac-pink of the most delicate shade. The yellow center is open with the inner petals curling and twisting over it. A large size flower and a very profuse bloomer. **\$1.00 each.**

PAINTED LADY. (Hornsveld.) **Up-to-date Holland Peony-flowered Dahlia.** A beautiful pale rose. Award of Merit. **25 cents each.**

PRINCE CAMILLE. Velvety crimson, shaded rose. **25 cents each.**

QUEEN WILHELMINA. (Hornsveld.) **Giant Holland Peony-flowered Dahlia.** Largest and finest of the pure white sorts; excellent for decorative work and unsurpassed as a cut flower. Blossoms produced upon long, graceful stems, well above the foliage. An immense, fluffy flower of pure glistening white, showing its beautiful golden-yellow center very prominently, which lends an additional charm to this most beautiful flower. **25 cents each.**

PEONY-FLOWEMED DAHLIAS—Cont.

ROCHESTER. (Alexander.) Superb Peony-flowered Seedling. Color, a gorgeous crimson-maroon, effectively striped and splashed pure white. A beautiful flower of most original form, every petal twisted, making a gay contrast with the beautiful golden yellow center, characteristic of the Peony-flowered type. **50 cents each.**

SAN FRANCISCO. (Alexander.) A flower of splendid habit and great substance. Pure white, well-formed flowers. **50 cents each.**

SOLFATARA. (Hornsveld.) Holland Peony-flowered Dahlia. Carmine-red, yellow band in center. **25 cents each.**

SHERLOCK HOLMES. (Hornsveld.) Beautiful Holland Peony-flowered Dahlia. An ideal flower, possessing remarkable qualities; flowers beautifully formed and of excellent type. A beautiful shade of mauve. **35 cents each.**

SOUTH POLE. (Cannell.) A new large white variety, rivaling "Queen Wilhelmina." It bears the blooms freely, well above the foliage, on strong, erect stems. A welcome addition to the Peony class. **50 cents each.**

VIRGINIA MARSHALL. (Alexander.) A very beautiful and delicate new variety. In shape and form the flowers are perfectly original; the petals are very long and "Geisha"-like, being beautifully quilled and twisted. The blossoms are an exceptionally dainty primrose-yellow, faintly overlaid a delicate rose-lilac shade. **50 cents each.**

ZEPPELIN. (Hornsveld.) Holland Peony-flowered Dahlia. The incomparable delicacy of this variety has excited great comment. The color is the most beautiful shade of mauve—a very fascinating color. The perfection in form of this variety is one of its greatest features. Award of Merit. Very abundant flowering. **50 cents each.**

Duplex Dahlias

This is a much needed classification of a favorite type of Dahlias, now listed by some as Peony-flowered Dahlias and by others as Singles. The flowers are semi-double, with center almost exposed at the opening of the bud, with petals in more than one row, more than twelve petals, and not over three rows. Petals are long or flat, or broad and rounded, not noticeably twisted and curled. They are very free-flowering, being ideal for cut-flowers.

New Duplex Dahlias

This collection of 3 New Duplex Dahlias for \$2.00 prepaid.

Duplex Dahlia—"Improved Germania."

One-half actual size. **75 cents each.**

(For description see page 23.)

DIXIE MAID. (Alexander.) New Duplex Seedling. A very attractive combination of colors. Bright golden yellow heavily striped and splashed scarlet. Flowers produced abundantly on good stems, well above the foliage. Destined to become a favorite everywhere. This variety is adapt to warm climates. **\$1.00 each.**

ELLEN E. KELLY. (Alexander.) New Duplex Seedling. A long-stemmed free-flowering golden-yellow variety that attracted considerable attention in my gardens this past season, being admired by many, and named for one of my customers, in recognition of her great love for beautiful flowers. This variety is highly recommended having all the good qualities of the Dahlia. **75 cents each.**

MASSASOIT. (Alexander.) One of my best New Dahlias, and a Duplex Dahlia of exceptional merit. Pale buff yellow heavily striped and splashed rich deep carmine red. Flowers produced early and continuously throughout the season. **\$1.00 each.**

General List of Duplex Dahlias

This collection of 10 Duplex Dahlias for \$5.00 prepaid.

BETTY WALKER. (Alexander.) **New Duplex Seedling.** One of the most exquisite shades I have seen; flowers are produced in great abundance on long stems. White, daintily overlaid a beautiful rhodamine purple; the general impression being rose and white. Mrs. Frank A. Walker of Stoneham, Mass., admired this new seedling, when it first blossomed, and I am pleased to name it for her. **50 cents each.**

DAY STAR. A very free-flowering pure white variety, that is most appropriately named, being star shaped, each petal being pointed at the end. **50 cents each.**

MRS. F. H. SWEETLAND. (Alexander.) **New Duplex Seedling.** A very rich, beautiful bright lemon-yellow; reverse of petals overlaid begonia red. The plants are of exceptionally good habit, being strong and robust, and producing their flowers in great abundance, upon good long stems. I can recommend this variety as extra fine for garden purposes, it is so free-flowering. The formation of the flower is quite original, with two to three rows of petals. Named expressly for and with permission of Mrs. F. H. Sweetland of Sea View, Mass., in recognition of her great love for flowers. **\$1.00 each.**

Phenome — Duplex Dahlia. 25 cents each.

Two-thirds actual size. See description below.

FRIGOLIA. (Forbes & Keith.) While not a particularly large flower, on account of its very striking appearance it is very effective in the garden. It comes quite true to its color, a blood-red petal with a white tip. Fine as a cut flower. Free-flowering. **50 cents each.**

IMPROVED GERMANIA. (Alexander.) **New Duplex Seedling.** See illustration page 22. A rich deep scarlet-red, very brilliant and showy. Plants grow dwarf and bushy, making ideal specimens; and producing their blossoms early and abundantly. Highly recommended. **75 cents each.**

MARY HOUGHTON. (Alexander.) **New Fragrant Duplex Dahlia.** This introduction has a delicate but well defined pond-lily fragrance. The petals are of the Cactus-Peony type, being long, narrow and pointed at the tips. The plants are of excellent habit and bloom freely. The color is a light marrow-purple with a ring of waxy cadmium-yellow around the golden-yellow centre, the reverse of petals being a beautiful rhodamine-purple. A most remarkable novelty. **75 cents each.**

OSCEOLA. (Alexander.) **New Seedling.** The plants are tall and sturdy growers, producing their blossoms on long stems. In color, a bright carmine, with a ring of golden-yellow at the center. **25 cents each.**

PHENOMENE. (See above illustration.) **Beautiful French Duplex Dahlia.** A very effective and novel variety, having beautiful Cactus-shaped florets. The color is an exquisite salmon shade, suffused light amber. **25 cents each.**

SATUCKET. (Alexander.) Cactus-shaped petals of enormous length, curving inward at the tips. In color, the flowers are scarlet, veined golden-yellow. **25 cents each.**

YELLOW TRANSPARENT. (Hornsveld.) **New Holland Importation.** For hedges or hedging this is the finest Dahlia to my knowledge, it being a mass of flowers from early summer until late fall. The plants are dwarf, and very well branched, giving a continuous profusion of flowers. Some are semi-double, others almost single, and of a most exquisite shade of lemon-yellow. **25 cents each.**

Decorative Dahlias

The Decorative Dahlia is the pride of all Dahlias, standing out pre-eminently. In the garden the plants are strong, sturdy, vigorous growers, with heavy, dark green foliage and a remarkable constitution. The blossoms are produced in great profusion, which is exceptional for a type of giant-flowering Dahlias. For cut-flower purposes they are unsurpassed, having long, straight stems of wiry stiffness, and producing their flowers in a pleasing upright manner; then principally their lasting qualities when cut—they are unequalled, lasting longer than any of the other types. As an exhibition flower the Decorative Dahlia is the most gigantic of all Dahlia blossoms having beauty, substance, quality—all essential characteristics of a true "Model of Perfection." As a decorative flower they are first in every respect; being graceful, adapted to designs, and most artistic.

The blossoms of the Decorative Dahlias are large, flat, but beautiful in shape, and full to the center; the petals are somewhat irregularly situated, long, broad, flat and nearly straight.

My collection of Decorative Dahlias is the largest and most up-to-date to my knowledge, including the finest and largest varieties from all parts of the world.

New Decorative Dahlias for 1922

This collection of 25 Gigantic New Decorative Dahlias prepaid for \$40.00. An unusually good collection, and one sure to give satisfaction.

BRADFORD. A gigantic scarlet red Decorative that is very desirable for exhibition purposes. Good bloomer and good stems. **\$1.00 each.**

CAMBRIA. Deep rose-pink with blending of white. The largest and best rose-pink Decorative Dahlia to my knowledge. Flowers from six to eight inches in diameter, and can be forced to nine and ten inches. Its blooms are produced upon long stiff stems, making it one of the most desirable and one that I can highly recommend. **\$2.00 each.**

making this mammoth flower one of the most beautiful for both exhibition and garden purposes. Long stiff stems, producing its giant flower well above the foliage. **\$2.00 each.**

GEORGE H. CARR. An extraordinary large perfectly formed variety which will be particularly valuable to those who exhibit. The color is a peculiar shade of magenta shading lighter at tips. Free-flowering. **\$1.00 each.**

New Decorative Dahlia—Mabel B. Taft

\$2.00 each. (One-half actual size.) (For description see page 25.)

CAPT. E. GRAHAM. The largest yellow Decorative to my knowledge; one that always produces monstrous flowers of exhibition quality, from six to nine inches in diameter. **\$5.00 each.**

DOROTHY WILLIS. A new Decorative Dahlia that always attracts considerable attention, as variegated dahlias are always attractive and popular. In color, a clear white heavily striped and splashed maroon. Flowers of large size growing from five to eight inches in diameter. **\$2.00 each.**

GEORGE E. BEMISTER. (Bemister.) A gigantic clear lemon yellow Decorative. Flowers from five to eight inches in diameter. Long curling petals

GLORY OF NEW HAVEN. (Slocombe.) A seedling from "Mildred Slocombe" this being large and more beautiful in color. A beautiful shade of pinkish mauve. The nearest to lavender to my knowledge in desirable Decorative Dahlias. Plants are tall robust growers and produce large flowers with remarkable freedom on long strong stems. Indispensable for exhibition purposes. **\$2.00 each.**

JAMES H. MCVICKER. (Hathaway.) A very abundant flowering variety that is attractive because of its combination of colors. White splashed and heavily striped purple-crimson. An early continuous bloomer. **\$1.00 each.**

DECORATIVE DAHLIAS—Continued.

MABEL B. TAFT. (Bessie Boston.) New California. Decorative that can be highly recommended. It produces flowers of gigantic size on long stiff stems, well above the foliage. Winner of Gold Medal for best 50 blooms of any one dahlia, proving its superior qualities. A beautiful yellow, suffused and blending to light salmon-orange or pinkish apricot; lighter in the center, shading deeper towards the outer petals. Flowers are produced early, continuously, and in abundance. They last well when cut, blending beautifully with the sunset colorings now so popular. **\$2.00 each.**

MARYAN. From California. One of the richest colored blooms—apricot, orange and buff shades. Fine large flowers on long strong stems. **\$1.50 each.**

MRS. JOHN L. EMERSON. (Slocombe.) One of the largest and most attractive Decorative dahlias grown. In color, a beautiful light golden yellow, overlaid carmine red. A favorite garden and exhibition dahlia that will produce six to eight inch flowers throughout the season. Highly recommended. **\$2.00 each.**

MRS. CARL SALBACH. (Salbach.) A sensational Decorative Dahlia of great size, which is destined to become a favorite throughout the entire world. It is one of the largest California dahlias. In color, a mauve pink, with occasional blendings of white; the general impression being pink. For exhibition purposes this new creation is very desirable it being a winner everywhere it has been exhibited. **\$3.00 each.**

New Decorative Dahlia—Pink Lady. \$3.00 each. One third actual size.

(For description see this page).

MONSIEUR LE NORMAND. (Charmet.) See illustration page 1. One of the finest dahlias we ever imported from France. A flower of gigantic size and that I can highly recommend. Its color combination is very striking and attractive, making it a favorite everywhere. A bright golden yellow, heavily striped and splashed scarlet-red, with an occasional white tip. An early continuous and abundant bloomer, that produces flowers from seven to nine inches in diameter. **\$2.00 each.**

MILLIONAIRE. (Stillman.) Gold Medal Dahlia of daintiest colorings. Most delicate lavender with faint pink cast overshading it, the whole having a blending of white. One of the best known lavender pink dahlias, an immense flower, that attracts considerable attention on the exhibition table. Plants are very dwarf, so it is not recommended as a cut-flower variety. Flowers from six to nine inches in diameter. Recommended for exhibition purposes. **\$2.00 each.**

MRS. WM. J. ROWE. (Slocombe.) Lemon-yellow blending to apricot yellow, with occasional shadings of salmon on the outer petals. One of the favorite autumn blendings, now so popular. Gigantic flowers of perfect formation that are sure to please. **\$2.00 each.**

PAUL BONYON. (Hornsveld.) One of the finest dahlias from Holland. An exquisite shade of apricot-orange with a tinge of lemon yellow at the base of the petals. Long stiff stems, producing good sized flowers in abundance. One of the favorite autumn tints so popular at this time. **\$2.00 each.**

PINK LADY. (Hayden.) (See illustration.) Undoubtedly the most beautiful pink Decorative dahlia to date. Outer petals are of the sweetest rose-pink shade imaginable, passing gradually to white at center. The flower is a picture of perfection, it is so perfect in shape. For exhibition purposes it is very desirable, producing flowers from five to seven inches in diameter. Can be forced to eight inches. **\$2.00 each.**

DECORATIVE DAHLIAS—Cont.

PRIDE OF CALIFORNIA. (Lohrman.) Called the "American Beauty" dahlia. Winner of Gold and Silver Medals. Huge crimson red flowers produced on long straight stems. **\$1.00 each.**

PRINCESS PAT. (McWhirter.) A magnificent new California dahlia, described by some as a glorious shade of old rose. With me it is a rich apricot salmon, according to Ridgway's color chart. It is one of the most beautiful of the autumn shade dahlias. A deep full flower of gigantic size, that I highly recommend. **\$2.00 each.**

SAN MATEO. (Bessie Boston.) The largest fancy or bi-colored dahlia from California. One of the best exhibition varieties a deep lemon yellow heavily striped and splashed scarlet. A flower of great substance, fine formation and with good stems. **\$2.00 each.**

SEQUIA GIGANTIA. (Burns). Another gigantic California production of rich golden yellow. Excellent habits. **\$2.50 each.**

SETTING SUN. (Hayden). The nearest to orange to my knowledge. According to Ridgway's color chart, an orange chrome with a blending of yellow at tips. One of the most beautiful Dahlias on the exhibition table, and a color much needed. Flowers five to eight inches in diameter produced on long stiff stems. **\$2.00 each.**

SHASTA. (Broomall.) Another California creation, and one of the most satisfactory garden dahlias to my knowledge, being exceptionally good for cutting. An unusually fine pure white Decorative, an early continuous bloomer of good habit, producing its flowers on long stems. **\$1.00 each.**

STUNNER. (Broomall.) Probably the largest yellow Decorative dahlia from California. A huge clear canary yellow. Strong sturdy grower. **\$2.00 each.**

WM. H. SLOCOMBE. (Slocombe.) The largest and best pale yellow Decorative to my knowledge. A clear sulphur yellow passing to martinus yellow at tips. Flowers of gigantic size, from six to eight inches in diameter under ordinary conditions, and can be forced larger. **\$2.00 each.**

Up-to-date Decorative Dahlias

I will ship this collection of 29 Superb Decorative Dahlias, prepaid to any part of the world for \$28.00

Nancy Rankin—Decorative Dahlia. 75 cents each. (For description see p. 28)

ALBERT MANDA. (Manda.) This is one of my largest Decorative varieties, and one of the best varieties of American origin for exhibition purposes. The ground color is white with shadings of lemon and pink, which varies according to season, situation and exposure. 75 cents each.

BLUSH QUEEN. (Ela.) Beautiful flesh-pink; a magnificent bloomer and one of the best garden varieties of its color. Always a mass of bloom. \$1.00 each.

CHESTER S. WOODMAN. (Alexander.) New Decorative Seedling. A gigantic flower of rich reddish purple. The plants are tall and sturdy, producing their blossoms on strong stiff stems, well above the foliage. Without doubt, the largest and best of its color. \$2.00 each.

COPPERFIELD. New Holland Importation. Cinnamon colored with dark center. Well formed flowers on long stiff stems. \$1.00 each.

DARLENE. (Alexander.) Delicate New Decorative Seedling. An exquisite shade of live shell-pink with a dainty blending of white at center. The plants make ideal specimens, averaging about 3 feet in height; a single plant making a very effective showing. For massing or hedging, "Darlene" is ideal. The foliage is a heavy, deep green, a perfect contrast with the pink-and-white blossoms. This variety is one of the most satisfactory garden varieties we are offering, the plants being literally covered with blossoms from early July until frost. The uniformity and perfection of the flowers show unusual qualities. Unquestionably the finest pink-and-white Decorative Dahlia to date. \$1.00 each.

DOROTHY FLINT. (Flint.)

This is one of the most beautiful varieties in cultivation. The color combinations are exquisite, being a blending of salmon and pink with a yellow stripe running through the center of the petals. The flowers are from 5 to 6 inches in diameter and are borne on long stems in great abundance, making it valuable for cutting. It is worthy of a place in the most exclusive gardens. Plants dwarf and bushy. \$1.00 each.

DR. TEVIS. (Pelicano.) A new California creation, that has a long record as a prize winner, commencing with a bronze medal at the Panama-Pacific Exposition, and winning gold medals and first premiums ever since. It is one of the largest and most beautiful Decorative Dahlias; blossoms measuring from eight to eleven inches in diameter. The coloring is a beautiful shade of salmon-rose, suffused with old gold shading to a golden apricot; an unusual blending of colors. The flowers have exceptionally perfect centers, and are produced well above the foliage upon strong stems, making it one of the most desirable. \$1.00 each.

DR. THURMAN. An exquisite combination of coloring, the clear yellow of each petal being very delicately suffused with copper tints. The plants are tall and sturdy with perfect habit, holding it one of the most desirable. \$1.00 each.

the large flowers to the best possible advantage. An extra fine Dahlia. 50 cents each.

EDWARD PARROTT. (Ela.) This variety is different in color from anything else in my entire list, being a beautiful shade of violet-purple. The flowers are very large and are carried well above the foliage on very long, stiff stems. It is a profuse bloomer and ideal for cutting. \$1.00 each.

FRANCIS MARTIN. (Ela.) One of the most charming new Decoratives and one that will be sure to give perfect satisfaction. A white ground, overlaid lavender, the coloring is somewhat similar to the well-known W. W. Rawson, but the shade of lavender is darker. The stems are long and very stiff holding the large flower erect with ease. \$1.00 each.

FRAU GEHEIMRAT SCHEIFF. New German Decorative Dahlia. An exquisite blending of apricot orange and yellow, with reverse of petals coral red, the unopened central and twisted petals showing the coral red prominently making a very unusual and attractive flower. It is an early bloomer, with large flowers of perfect Decorative type. Late in the season the flowers are inclined to show the golden-yellow center. The plants are of good habit, producing their blossoms on exceptionally long stems, well above the foliage. Highly recommended. \$2.00 each. (See Illustration page 5)

GENERAL CUSTER. An unusually free-flowering new variety often over 8 inches in diameter. A combination of yellow, white and coral red; no two flowers exactly alike in color. As the season advances, this variety, like many Decoratives, shows the beautiful golden-yellow center, so characteristic of the Peony-flowered type. \$1.00 each.

DECORATIVE DAHLIAS—Continued

**JONKHEER BOREEL VAN HOOGE-
LANDEN.** A new Holland importation
commonly called "Jhr. Boreel." An elegantly
formed flower, of gigantic size, and without
doubt the finest of its color in existence.
The flowers are full to the center, and
approaches that of "King of the Autumn"
in color, although I consider it a far better
Dahlia. A rich deep orange terra cotta.
\$1.00 each.

KING OF THE AUTUMN. (Hornsveld.)
The habit is absolutely perfect, with strong,
sturdy stalks; long, stiff stems and remark-
ably free-flowering. The coloring is some-
thing quite new and unique, buff yellow
suffused terra cotta. Many flowers develop
semi-double. Obtaining several First-class
Certificates in Holland, this Dahlia is destined
to become one of the most popular varieties
ever introduced. \$1.00 each.

LYDIA VANCE. (Vance.) A new Decorative
variety of perfect habit and a remarkable
blending of colors—white daintily overlaid
lavender-pink. \$1.00 each.

MOONBEAM. An immense flower borne on
excellent stems, and in color, a clear lemon-
yellow. The plant is a sturdy upright
grower, producing its gigantic flowers in
abundance, making it one of the most desir-
able. \$1.00 each.

MRS. FRYLINCH. New Holland Deco-
rative Dahlia. Clear, deep scarlet-red. A
broad, flat flower of gigantic size. Undoubt-
edly the largest and finest of the deep scar-
let-red Decoratives. The plants are of good
habit producing their flowers well above the
foliage. \$1.00 each.

MR. TYNDALL. Gigantic new Decorative Dahlia
possessing a novel combination of colors—orange-
yellow heavily shaded bronze. Flowers produced
with freedom; stiff wiry stems. 75 cents each.

MRS. ELLA CLINE. Alexander's New Decorative
Seedling. (See illustration.) A beautiful glistening
upre white, with good stems, and a Dahlia that has
proven an ideal all round variety. It is very free-
flowering, and in blossoming qualities and purity of
color, it is not surpassed by any white Decorative I
have seen. \$1.00 each.

MRS. J. GARDNER CASSET. A lively mauve-
pink, large size and fine form. Fine for cut flowers.
35 cents each.

MRS. WM. H. PEPIN. (Ela.) Large pure white
flowers, one of the best for exhibition purposes.
50 cents each.

NANCY RANKIN. (Alexander.) (See illustration page
27.) A new seedling of my own and introduced new
for the first time. The color is a pure white, but the
reverse side of the outer row of petals is tinted a
most delicate lavender-pink. It is one of the most
free flowering varieties of my entire list, the plants
appearing to be a mass of bloom. For cut flowers
it will be found unsurpassed, keeping in perfect
condition for days after being cut. 75 cents each.

NOIR ALVAREZ. (Nonin.) A gigantic new variety
which I can highly recommend. Color, a deep,
velvety oxblood red. The plants make a sturdy,
vigorous growth with long, stiff stems. A profuse
bloomer. \$2.00 each.

PIERRE LEBLOUD. (Nonin.) New French Deco-
rative Dahlia. Many Dahlia fanciers say this
is the most beautiful and attractive of all Decoratives.
Its flowers are of very large size, produced on long
wiry stems. In color, a bright oxblood red, heavily
tipped white. (Solid red flowers often produced.)
\$1.00 each.

Mrs. Ella Cline—Decorative Dahlia. \$1.00 each.

(For description see this page.)

ROSE GEM. A new variety imported this last
season from Holland, and one that proves to be
one of the finest of its color to date. The habit
of the plant is perfect, it being a good strong growing
variety producing its blooms upon strong stiff stem
well above the foliage.

The coloring is very beautiful and something
entirely new; a pleasing shade of salmon-pink with
a silvery sheen. We think Rose Gem properly
named as it is surely a gem among Dahlias. \$1.00
each.

SAMSON. New American Decorative Dahlia.

In my estimation one of the finest and most reliable
of the Decorative Dahlias. In color a very pleasing
combination of yellow and red, making it a very
striking and unusual flower. The plants are tall and
sturdy, of perfect habit, producing their gigantic
flowers on long strong stems abundantly. Highly
recommended. \$3.00 each.

SEA GULL. This Dahlia is pure white and is of the
largest size. It sometimes comes semi-double and
is greatly admired as a Peony-flowered Dahlia.
\$1.00 each.

TENOR ALVAREZ. (Nonin.) Gigantic New
French Decorative Dahlia. This new variety is
one of the largest and finest Decorative Dahlias to
my knowledge. The flowers are produced upon long,
wiry stems, well above the foliage, which is remark-
able for a Dahlia so large. The color combination is
very pleasing and attractive but difficult to describe
—violet-red very heavily striped and splashed lilac
and white. \$1.00 each.

YELLOW MONS. LE NORMAND. (Charmet.)
Giant French Decorative Dahlia. See illustration
page 8. An early and continuous bloomer, of good
habit, producing its immense flowers on long stiff
stems. In color a rich golden yellow, with occasional
reddish markings. The largest and finest of this color.
One of the most satisfactory garden varieties and
equally good as an exhibition sort. \$2.00 each.

General List of Decorative Dahlias

I will ship this collection of 39 Decorative Dahlias, prepaid, for \$15.00.

AYESHA. A beautiful clear, light yellow of immense size. A profuse bloomer with long, stiff stems, and a vigorous grower. **50 cents each.**

BENEDICTUS XV. A very highly recommended variety imported from Holland. The color is a splendid deep yellow, with stiff stems holding the bloom upright and well above the foliage. **\$1.00 each.**

CLARABEL. Color, rich, rosy purple. **25 cents each.**

CLIFFORD W. BRUTON. A large canary-yellow. **25 cents each.**

DELICE. The finest and brightest pink Decorative Dahlia in existence. Flowers are of good size, standing well above the foliage. A charming bright pink, suffused with lavender-pink. One of the best known cut-flower varieties in the Dahlia world. **35 cents each.**

DOLLY or SYLVIA. White edged pink. **25 cents each.**

EASTON. Not extra large, but a variety of brilliant color, good form and remarkable free-flowering habit. In color, a brilliant Turkish red. **35 cents each.**

ELSIE DAVIDSON. A beautiful deep, golden-yellow, very large, and fine for cutting. **25 cents each.**

FRANK A. WALKER. (See illustration this page.) **Alexander's Decorative Seedling.** Expressly named for Mr. Frank A. Walker, of Stoneham, Mass., in compliment to his intense love of Dahlias. A charming shade of deep lavender-pink. For garden decoration or for cut flowers this variety is exceptionally good, having long stems and producing flowers in great abundance. This Dahlia should be in every garden. **35 cents each.**

FREDERICK SPITTEL. Color, vermilion-scarlet often tipped white. **25 cents each.**

FREEDOM. (Alexander.) One of my 1913 Seedling Decorative Dahlias and a variety which will give perfect satisfaction. The flowers are a beautiful deep crimson color and are produced with such ease and freedom that we chose "Freedom" as the most appropriate name. One of the earliest flowering. **50 cents.**

HORTULANUS FIET. (Hornsveld.) **Wonderful Holland Decorative Dahlia.** The coloring of this variety is exceedingly wonderful—a beautiful shade of salmon exquisitely blending to yellow at the center. **75 cents each.**

HORTULANUS WITTE. (Hornsveld.) **Remarkable Holland Decorative Dahlia.** A waxy, almost glistening pure white; a beauty in every sense of the word. **50 cents each.**

JACK ROSE. (Peacock.) The identical shade of the rose with the same name. This variety is exceedingly free, carrying fairly large flowers on very erect stems in great abundance; flowers early, and during the hot weather the color is likely to burn somewhat. **25 cents each.**

JEANNE CHARMET. (Charmet.) The flowers measure from 7 to 10 inches in diameter and are borne on stiff wiry stems frequently 18 to 24 inches long. The color is a most exquisite shade of lilac pink, faintly shading to pure white towards the center, with a tinge of light yellow at the margins. **35 cents each.**

JOHN R. BALDWIN. A splendid variety. Color a beautiful salmon-red. **25 cents each.**

LE GRAND MANITOU. (Rivoire.) The color of this superb variety is pure white artistically striped, splashed and blotches deep violet purple. The plants occasionally bear a solid purple-colored flower. The effect of these phenomenal flowers is most pleasing, giving this variety a supreme place in this class. **50 cents each.**

LEO XIII. (Hornsveld.) The habit of this plant is all that can be desired, producing large flowers upon splendid stems, well above the foliage. "Leo XIII" is a beautiful deep yellow. One of the best cut-flowers Dahlias. **\$1.00 each.**

MADEMOISELLE MARIE HOSTE. A fascinating shade of heliotrope, shaded white. **25 cents each.**

MANITOU. (Wilmore.) Immense flowers of an exquisite amber bronze. **35 cents each.**

MADONNA. (See illustration, page 30.) A perfect wonder; its remarkable qualities being beautiful shape, excellent cut-flower variety, and one of the most satisfactory in the garden. The flowers are borne in a miraculous profusion, upon long graceful stems of wiry stiffness, making it one of the most desirable. In color a very beautiful white, very slightly tinted with a most delicate shade of lavender-pink. The form is perfectly original, each petal curling and twisting in a very pleasing manner. **50 cents each.**

MELODY. (Peacock) A clear canary-yellow, tipped white. High center with reflexed outer petals. A remarkably free bloomer. **25 cents each.**

MINA BURGLE. (Burgle.) (See illustration on page 31.) A seedling named and originated by Mr. Burgle, a California Dahlia lover. This new introduction is one of the finest varieties to date—a champion variety,

Decorative Dahlia—Frank A. Walker. 35 cents each.

One-half actual size. One of the earliest and most satisfactory dahlias grown (See this page for description.)

DECORATIVE DAHLIAS—Continued.

producing flowers of gigantic size and remarkable beauty; the best in existence. Color, a glowing and most brilliant scarlet. The flowers are of perfect Decorative type and are borne upon long, wiry stems well above the foliage. Attracts universal attention. **50 cents each.**

MINOS. Flowers are large and exceedingly beautiful, borne on long, graceful, wiry stems. The color is intense velvety maroon, almost black. An ideal cut-flower variety. Fine for all uses. **25 cents each.**

Mlle. LAURENCE CHABANNE. Soft rose, striped and spotted with crimson. Fringed petals. A large flower and a fine bloomer. **50 cents each.**

MME. VAN DEN DAELE. A grand Dahlia of highest Decorative type. Flowers are large and of fine form; produced upon exceptionally good stems, well above the foliage. As a cut-flower variety it is unsurpassed. The color is white, deeply edged live silvery-pink. A Dahlia which bears my highest recommendation. **35 cents each.**

the Peony. Petals are evenly split or nicked at the tips, giving the flower an unique appearance. Color, white, effectively overlaid lavender. **25 cents each.**

PRINCESS JULIANA. (Hornsveld.) Splendid Holland Decorative Dahlia. It is perfect as an exhibition flower, ideal for garden decoration and unsurpassed for cutting. Holland Dahlia specialists claim this the finest white Decorative Dahlia for cut-flower purposes, and also the best flowering. Received the Holland Dahlia Society's First-Class Certificate. **35 cents each.**

PRINCESS VICTORIA LOUISE. In form very similar to Jeanne Charmet. The color is beautiful deep pink, the stems are long, holding the blooms erect. An excellent cut-flower variety. **50 cents each.**

PURPLE MANITOU. (Rivoire.) Enormous flowers of a rich, clear, deep purple. Identical in shape, form and size to "Le Grand Manitou." The very finest purple Decorative Dahlia in existence. I cannot recommend this variety too highly. **35 cents each.**

One of the finest cut flower Dahlias grown.

(See page 29 for description.)

**Decorative
Dahlia
Madonna.**

**50 cents each;
\$5.00 per dozen**

$\frac{1}{2}$ actual size

MME. VICTOR VASSIER. The grandest, clear sulphur-yellow Decorative to date. **35 cents each.**

MOONLIGHT. Color, yellow, petals tipped peach pink. A good flower and good bloomer. **\$1.00 each.**

ORA DOW. A beautiful velvety maroon, effectively tipped white. Very strong, tall growing plant. **25 cents each.**

OREGON BEAUTY. (Gill.) Originated by an Oregon seed firm. A seedling from "Wm. Agnew," resembling the parent in size, shape and color. Flowers are large and full to the center. Color, a glowing, fiery scarlet. **50 cents each.**

PAPA CHARMET. (Charmet.) A very brilliant, deep coral-red, overlaid with a darker shade of velvety maroon. The plant is a vigorous grower, with heavy, dark, glossy green foliage and a remarkable constitution. The general color effect being a rich crimson-maroon. **35 cents each.**

PERLE DU PARC DE LA TETE D'OR. (Rivoire.) One of the best white Decorative Dahlias, resembling

PROGRESS. A clear lavender, with stripes and blotches of soft crimson, through each petal. **25 cents each.**

QUEEN MARY. (Peacock.) This is a stronger grower than Delice. A large flower with full, rounded center. The color is a soft shade of pink. **50 cents each.**

SOUVENIR DE GUSTAVE DOAZON. (Bruant.) This variety is a good comparison to the "Sunflower." It is the largest Dahlia in existence. The color is a pleasing shade of orange-red. Flowers are full to the center and often measure 9 inches and over in diameter; they can be forced to measure over 12 inches. The plant is a very tall, vigorous grower with heavy, dark, glossy green foliage and a remarkable constitution. Very long stems of pleasing, stiff-erect type. Should be in every garden. **25 cents, each.**

WILHELM MILLER. Very brilliant purple. This is a fine variety of the Decorative type. **25 cents each.**

Hybrid Show or Colossal Dahlias

This type of Dahlia has characteristics of both the Decorative and Show types.

The flowers are fully double, broadly hemispherical to flatly glohular in form, loosely built so spiral arrangement of florets is not immediately evident; floral rays broad, heavy, cupped or quilled, with rounded tips and involute margins.

Four New Hybrid Show Dahlias for 1922

I will send these four wonderful Dahlias prepaid for \$3.00.

GENERAL MILES. (Johnson.) An enormous variegated Colossal Dahlia that is a favorite wherever exhibited. The ground color is light violet striped and spotted with purplish magenta. **\$1.00 each.**

GLORIE DE PARIS. A gigantic deep purple, that is much sought as an exhibition variety. **\$1.00 each.**

MRS. C. D. ANDERSON. This might be called an improvement over "Cuhan Giant." It is a rich purplish crimson and bears large flowers freely on the best of stems. **75 cents each.**

PURPLE MILES. (Johnson.) The solid of "General Miles." A gigantic purplish magenta. **\$1.00 each.**

General List of Hybrid Show Dahlias

This phenomenal collection includes the very largest Colossal Dahlias in existence, all exhibition varieties of gigantic size. I will ship the collection of Eighteen varieties prepaid for \$10.00.

A. E. JOHNSON. (Johnson.) A perfect example of the Giant-flowering type. The plants are strong and sturdy, with good habit of growth. The ground color of the bloom is white or light blush, overlaid with a clear rose-pink. A very large and fine flower. **50 cents each.**

AMERICAN BEAUTY. This champion Dahlia is a seedling from the well-known French variety, "Le Colosse," being almost identical in form, shape and size. The flowers are of gigantic size and are produced on long, heavy stems, well above the foliage. The color of this acquisition is a gorgeous wine-crimson. **35 cents each.**

CHAS. R. EVERSON.

(Alexander.) Named expressly for Mr. Chas. R. Everson of Whitman, Mass., a great admirer of beautiful flowers. One of the most exquisite new creations. Color, a clear light lavender-pink, shading to white. Flowers produced upon long stems, well above the foliage. **50 cents each.**

CUBAN GIANT, or DR. J. P.

KIRKLAND. Dark velvety crimson, large. Stems long and wiry. Plants are very tall and sturdy. **35 cents each.**

DREER'S WHITE. (Dreer.)

An excellent Dahlia for garden effect and hedges; plants are very strong and vigorous, making ideal bushy specimens, averaging 3 feet in height. Color, a pure, glistening white; in form it resembles the popular "Grand Duke Alexis," while in freedom of flowering it is not surpassed by any. Unquestionably the most valuable snow-white variety in existence. **50 cents each.**

D. M. MOORE. (Wilmore.)

In this offering we have one of the best "nearly black" varieties to date. It is a rich, deep, velvety Victoria-lake, which is a shade deeper than deep maroon, the nearest approach to black to my knowledge. A mammoth flower produced in profusion on long, stiff stems. **50 cents each.**

GIANT PURPLE, or ROYAL

PURPLE. (Johnson.) This new variety is a seedling from "Le Colosse," being identical in form, shape and size. The color is a lively shade of royal purple. The flowers are of perfect formation, very double, and borne on long, wiry stems. This is destined to be one of the finest for exhibition purposes. **75 cents each.**

Mina Burgle—Decorative Dahlia. 50 cents each.

The finest scarlet Decorative Dahlia for cut flowers. (For description see page 29.)

COLOSSAL DAHLIAS—Cont.

GOLDEN WEST. One of the finest and most distinctive pure yellow dahlias. The petals are deeply serrated giving the flower a fluffy appearance which is most attractive. **50 cents each.**

J. K. ALEXANDER. (Alexander.) One of my seedlings of special merit which can be highly recommended. It will have a world-wide reputation in a short time because of its excellence and size. This grand Colossal Dahlia is a seedling from the well-known "Le Colosse" and has the exact form of petals and same shape as that famous variety. The color of this beautiful flower is a royal shade of clear, rich violet-purple, which deepens to an exquisite deep purple. The gigantic flowers are borne on long, wiry stems, well above the foliage. This acquisition produces its mammoth flowers freely. **50 cents each.**

Santa Cruz-Colossal Dahlia
(One-half actual size. See this page.)

LE COLOSSE. An exceptionally popular Dahlia especially distinguished for its enormous size, being one of the largest grown. Color, brick red. "Le Colosse" is a very deep, massive flower of globular shape; petals are cup-shaped and placed in exact regularity. One cannot imagine greater perfection. **\$1.00 each.**

MME. MARZE. French Colossal Dahlia. A grand, white Colossal variety of perfect form, and immense size. **50 cents each.**

MRS. JOHN BOWMAN. The form of this flower is out of the ordinary, the center petals being quilled, while the outer ones broaden out to the Decorative type. The color is an exquisite shade of deep, golden-yellow, with the reverse of the petals slightly tinged magenta. The stems are long and exceptionally stiff, carrying the large bloom quite free of the foliage. It blooms freely. For an all-round Dahlia it is a valuable addition to its class. **\$2.00 each.**

MRS. ROOSEVELT. (Peacock.) A most beautiful flower. It is of immense size, fine color, graceful form and has excellent stems for cutting. Flowers are 6 to 8 inches in diameter. Delicate pink, shading to soft pink. **50 cents each.**

REGGIE. A Colossal Dahlia of beautiful cherry-red color. A variety that will give the best of satisfaction, producing flowers upon long stems, well above the foliage. Very free. **25 cents each.**

SANTA CRUZ. (See illustration on this page.) A remarkably handsome variety of perfect form. The coloring of this variety is exceedingly wonderful—an exquisite deep lemon-yellow, artistically overlaid and blending a novel shade of salmon-pink. Exceptionally large and free-flowering. The plants are strong and robust, producing their gigantic flowers upon long stems. **\$1.00 each.**

W. W. RAWSON. (Johnson.) The popularity which this novelty has acquired speaks for itself for the superior quality of this flower. The petals toward the center are quilled similar to the "Grand Duke Alexis"; toward the outer part they are more open and flat. The color is pure white overlaid with amethyst-blue. This wonderful combination gives it the appearance of delicate lavender. The flowers measure from 7 to 9 inches in diameter. **50 cents each.**

YELLOW COLOSSE. An ideal Dahlia that appeals to everyone on account of its distinct color, gigantic size and beautiful appearance. This magnificent variety is the best exhibition yellow in existence, being rich, refined and delicate. Large, showy flowers of pure primrose-yellow are produced very freely on long, graceful stems. Its golden, cup-shaped petals are daintily arranged, completing this beautiful, perfect flower. **50 cents each.**

YELLOW DUKE. A splendid primrose-yellow of good form. **35 cents each.**

Show and Fancy Dahlias

This Grand Collection of Show and Fancy Dahlias includes introductions from all over the world as well as some of the choicest seedlings of my own introduction.

This type includes the globular or ball-shaped Dahlias, full to the center, showing regular arrangement of florets; floral rays more or less quilled or with markedly involute margins and rounded tips.

I will send this superb collection of 61 Giant-flowering Show Dahlias, prepaid for \$20.00.

Miss Heien Hollis. (For description see page 34)
Show Dahlia 50 cents each.

A. D. LIVONI. Beautiful soft pink. Well formed flowers with long stems. Perfectly round, ball-shaped flowers, each petal being very tightly quilled and arranged in exact regularity. Free flowering. **25 cents each.**

ALICE EMILY. Orange-yellow. Large and fine. **25 cents each.**

ARABELLA. Sulphur-yellow, tipped pinkish-white. **25 cents each.**

ARTHUR LEFAVOUR. Color a beautiful sulphur-yellow, lined, striped and speckled deep, gorgeous crimson. **50 cents each.**

AUGUS MEGAR. New Show Dahlia. The largest and finest lavender-purple Show Dahlia to my knowledge. Tall and sturdy. **50 cents each.**

CHAS. TURNER. Very showy and novel in appearance; perfection in form; peculiar, though most pleasing combination of colors—delicate orange with chocolate. One of the most satisfactory varieties to date. **35 cents each.**

DAVID WARFIELD. Beautiful deep cherry-red A Dahlia of extra good habit, producing its mammoth flowers upon stiff, wiry stems, well above the foliage; a very desirable acquisition. **75 cents each.**

DAZZLER. (Keynes) Deep yellow, striped scarlet. **50 cents each.**

DIAMANT. Pure white. **25 cents each.**

DOROTHY PEACOCK. (Peacock.) The flowers are of good size, exquisite form, great substance; the color is that beautiful, clear, live pink that appeals to everyone. **50 cents each.**

DR. KEYNES. (Keynes.) Giant Show Dahlia. Buff shaded red. One could not imagine greater perfection in shape. This variety is one of the very best and bears my highest recommendation. **50 cents each.**

EMPRESS OF AUSTRALIA. A very reliable variety. The color is a pure yellow, slightly tipped a reddish-brown. Of good size and habit; free bloomer. **25 cents each.**

FLAG OF TRUCE. English Show Dahlia. Heralded from England as one of the finest to date. Flowers are perfectly quilled, resembling in form the popular "Grand Duke Alexis." Pure white, effectively tinted violet-lavender. **35 cents each.**

FRANK SMITH. Dark maroon, tipped pinkish-white. **35 cents each.**

GAIETY. A remarkably brilliant Fancy Dahlia. Vivid scarlet, heavily marked with pure white. Long stems and free bloomer. **25 cents each.**

GEO. BARNES. A Fancy Dahlia of refined form. Lilac, striped crimson. **25 cents each.**

GLADIATEUR. Clear violet, shaded blue. A splendid new exhibition variety. **25 cents each.**

GLOBE DE NANTES. Bright scarlet; a perfect model. **25 cents each.**

GLOIRE DE GUISCARD. In color it is almost indescribable combination of orange, red, yellow, pink and white. The appearance of this combination at a little distance is a yellow base, overlaid pinkish red with white tips. **25 cents each.**

GOLDEN AGE. Sulphur-yellow. Free-flowering. **25 cents each.**

GOLDEN CROWN. A beautiful Show Dahlia of exceptional merit. Plants are strong and sturdy with good habit. The color is a deep lemon-yellow, faintly edged with deep strawberry-pink, the whole giving a beautiful golden effect. **\$1.00 each.**

GOLD MEDAL. (Green.) Canary-yellow, striped and flaked red. **75 cents each.**

GOV. GUILD. Large; pure white; rather short stems. **35 cents each.**

GRAND DUCHESS MARIE. Seedling introduced 1911. Blooms in profusion. Stems from 12 to 18 inches in length. Color is very striking rich buff, overlaid orange, reverse petals pink. Good garden variety. **25 cents each.**

HENRY GLASSCOCK. (Keynes.) Deep lilac, striped purple. **25 cents each.**

IMPERIAL. (Keynes.) Deep purplish maroon **35 cents each.**

IVANHOE. The color combination is exceedingly delicate—a beautiful snowy white, exquisitely edged with pinkish-lavender. The petals are perfectly cupped and the flowers are especially distinguished for their enormous size. **50 cents each.**

JAMES VICK. (Keynes.) Purple-crimson. **35 cents each.**

JOHAN DOEHLER. A magnificent variety; buff, striped and speckled crimson. Very large and fine. **25 cents each.**

SHOW AND FANCY DAHLIAS—Continued.

JOHN THORP. Pink, slightly tinged white at base. Good size. **25 cents each.**

LES AMOURS DE MADAME. Delicate pale rose, striped scarlet. A beautiful combination of color and universally admired. **50 cents each.**

LUCY FAUCETT. Pale yellow, striped deep pink or light magenta. One of the best of this set. Very large and free flowering. **35 cents each.**

LYDIA. An ideal flower; color, vermilion-scarlet. **25 cents each.**

MADEMOISELLE LILY LARGE. Clear yellow, striped and speckled vermilion. Very large and a free bloomer; a Dahlia which I can highly recommend. **25 cents each.**

MISS HELEN HOLLIS. (Alexander.) (See illustration, page 33.) **Gigantic Scarlet Show Dahlia.** A sensational wonder and undoubtedly the largest and best deep scarlet Show Dahlia in existence. Blossoms are on long, stiff stems, well above the foliage. Plant extremely sturdy and produces very luxuriant foliage. This acquisition can be highly recommended. **50 cents each.**

M. SOMERS. A beautiful clear purple. Large. **25 cents each.**

PERFECTION. (Fellowes.) Orange-buff shades. This variety is properly named, a true model in every respect. **25 cents each.**

POLLY SANDALL. A novel combination of bronze-yellow, veined and blotched pinkish-white. **35 cents each.**

VIVIAN. (See page 35.)

MARMORATA. The flowers are very large and freely produced. White, finely striped and dotted purple. One of the very best. **35 cents each.**

M. AUGUSTA LEMAIRE. Pale yellow, heavily striped maroon. Very odd. Large. **25 cents each.**

MAUDE ADAMS. (Alexander.) **Ideal New Show Dahlia.** This wonderful introduction is unsurpassed in quality in every respect; in reality a model of perfection. I cannot speak too highly of this variety. The color is a pure snowy white, very effectively overlaid clear delicate pink. Undoubtedly one of the finest of the Show type. **50 cents each.**

MAYOR DUNN. **New Show Dahlia.** A beautiful clear scarlet flower of large size and good form. Remarkably free bloomer and very showy. A valuable addition to any garden. **35 cents each.**

MERLIN. (Turner.) A beautiful orange-scarlet. One of the very finest Dahlias ever offered. Free-flowering and good for cut-flower purposes. **35 cents each.**

PRIMROSE DAME. A lovely shade of primrose. Medium size. Free flowering. **25 cents each.**

PRINCE BISMARCK. (Fellowes.) Deep purple. Large, perfect flower of fine form. **25 cents each.**

PURPLE GEM. Deep purple, distinct. **25 cents each.**

QUEEN VICTORIA or MARY D. HALLOCK. Canary-yellow. **25 cents each.**

RED HUSSAR. A clear, cardinal red, good stems and a free bloomer. **25 cents each.**

ROBERT BROOMFIELD. Pure white. Tall grower. **25 cents each.**

ROBERT MANTELL. Deep crimson. One of the very best. **50 cents each.**

ROSE. (Alexander.) One of recent introduction; a remarkable Dahlia of decided formation. Color, an exceptionally deep rose shade. Flowers carried erect upon extra long stems. Exceedingly free-flowering. **50 cents each.**

SHOW AND FANCY DAHLIAS—Continued

SOUVENIR DE POESEL. Ideal New Fancy Dahlia. An exceedingly attractive variety of unusual beauty. Golden yellow, changing to red. 75 cents each.

STRIPED BANNER. Crimson, tipped white. Medium-sized flowers. 25 cents each.

STORM KING. The most reliable white Show Dahlia to date. Color, a pure white. Flowers produced on good stems, well above the foliage. Free-flowering. 25 cents each.

STRADELLA. Alexander's Seedling. Beautiful deep purple-crimson. Exceptionally free-flowering. Stems long and wiry. One of the finest to date. 25 cents each.

THELMA. Purplish maroon. Large, full flowers. Plants dwarf. 25 cents each.

TRIOMPHE DE LORRAINE. Superb New French Fancy Dahlia. Yellow, beautifully striped carmine; very showy and novel in appearance. 75 cents each.

VIVIAN. (Alexander.) (See illustration page 34.) A great favorite which received the admiration of everyone who saw its wonderful flowers, the color being white, effectively edged rose-violet. An extremely wonderful blending of color possessed only by the rare novelties. One of our champions and a variety worthy of the highest words of praise. 25 cents each.

UNCERTAINTY. Also known as Miss Ruth and Incarnation. A brilliant combination of very light shell pink and scarlet. No two flowers are the same. 25 cents each.

WALTER HAY. A recent introduction of orange-red or reddish-buff, somewhat similar to Wm. Neats, but very much larger. The flowers are of perfect form and are borne on fine long stems. 75 cents each.

WHITE SWAN. Pearly white. 25 cents each.

Pompon Dahlias

The Pompon Dahlias are the finest for cut flowers; they bloom more freely than any of the other classes. The flowers are small, compact, less than two inches in diameter full to the center, and are produced upon long, wiry stems. Extra fine for bouquets. I have won more first prizes on this class of Dahlias than any other competitor in the U. S. A.

This collection of 19 Pompon Dahlias, I will send for \$5.00 prepaid.

AMBER QUEEN. Rich, clear amber, shaded apricot. 25 cents each.

ARIEL. Orange-buff. 25 cents each.

BOBBY. Plum color. One of the best. 25 cents each.

BELLE OF SPRINGFIELD. The smallest Dahlia grown. Perfect miniature flowers of bright brick red. A little beauty. 50 cents each.

CATHERINE. Bright yellow. 25 cents each.

DARKNESS. Dark maroon. 25 cents each.

DARKSOME. (Alexander.) The color is a deep wine-crimson, almost maroon. Fine form with long graceful stems. 50 cents each.

FAIRY QUEEN. Sulphur-yellow, edged pink. 25 cents each.

GOLDEN QUEEN. (Alexander.) The most perfect yellow Pompon to date. 25 cents each.

LA PETITE BARBARA. White, nicked petals. 25 cents each.

LITTLE BEAUTY. A very beautiful light pink. Small. 35 cents each.

LITTLE MARY. (Seale.) Dark crimson. A perfect model in every way. 50 cents each.

LITTLE DOROTHY. (Alexander.) White occasionally striped and blotched reddish-orange. Exceptionally free-flowering. 25 cents each.

LITTLE MARION. (Alexander.) The ground color is a soft salmon-pink with a veining of crimson through each petal and effectively tipped with a light reddish amber. 25 cents each.

PRIDE. (Alexander.) Very deep crimson-scarlet. A model of perfection in shape. 25 cents each.

SAN TOY. White, very heavily tipped carmine. 25 cents each.

SNOW CLAD. Small white. Free. 25 cents each.

SUNBEAM. Crimson-scarlet; extra fine. 25 cents each.

WINNIE RICHARDS. White, shading to light pink. 25 cents each.

Single Dahlias

These have become extremely popular and we really think they deserve it. Because of their simplicity and grace, these effective varieties are making wonderful progress among the flower-loving public. The flowers appear early and late in miraculous profusion, making an ideal flower for the garden and home.

Single Dahlias are open centered, small to very large, with eight floral rays, more or less in one circle, margins often decurved.

New Single Dahlias

One Each of these Two Superb Dahlias, prepaid for 75 cents.

CLOTH OF GOLD. Light yellow, long stems, early, free-flowering. 35 cents each.

MARIE ANTOINETTE. Pure white with the center

of each petal heavily splashed with brilliant velvety crimson; a large flower borne on stems from 18 inches to 2 feet in length. 50 cents each.

General List of Single Dahlias

This entire collection of 53 varieties \$12.00 prepaid.

ADVENTURE. (Alexander.) A most pleasing shade of pinkish-crimson, striped and splashed maroon. 25 cents each.

AEROPLANE. (Alexander.) Up-to-date Single Dahlia. One of the most distinguished of this collection, being an exceedingly brilliant crimson. 25 cents each.

ALVA. One of the most beautiful of the striped varieties. Yellow, speckled and tipped with pink. 25 cents each.

AUBRIGHT BEAUTY. A seedling named and originated by one of my customers and through his kindness I have the pleasure of introducing it. A pure, waxy white variety. 25 cents each.

BEAUTY'S MASK. (Alexander.) Wonderful Giant Single Seedling. This Dahlia is the finest of our Single Seedlings, producing admirably gigantic specimens, measuring 5 inches and over in diameter. The blossoms are perfect beauties—a wonderfully rich, clear purple. One of the choicest varieties in existence. 75 cents each.

BLANCHE. (Alexander.) The flowers are large and very attractive, being a pale yellow at the base, faintly tipped pink, with a cast of pure white over the whole flower, making it one of the most delicate varieties to date. 25 cents each.

CARDINAL CENTURY. (Peacock.) Rich cardinal. One of the best in form and color. 25 cents each.

DAUNTLESS. Alternating in color from silvery-pink to deep rose and elegantly striped crimson-maroon. 25 cents each.

DELICATISSIMA. White, tinged pink. 25 cents each.

ECKFORD CENTURY. (Peacock.) One of the largest of the single varieties. Pure white, streaked and dotted purple-crimson. 35 cents each.

ELINOR. (Alexander.) This charming seedling is one of the finest Single Dahlias in existence and is destined to become, by virtue of genuine merit, one of the most popular. The color is a delightful yellow, heavily tipped a light shade of crushed strawberry. 35 cents each.

ELITE. A pure white with long, narrow petals. A very attractive flower. 25 cents each.

ELMWOOD. (Alexander.) An unusually fine variety which is greatly admired by all who like striped Dahlias; color, a beautiful pinkish-crimson, striped, splashed and blotched mahogany. 25 cents each.

EMPRESS. A lovely shade of rose-pink; large and beautiful. 25 cents each.

FEDORA. Large, bright yellow heavily tipped bright red. 25 cents each.

FLORABUNDA. Rich, rose-pink, suffused cerise. Extra free flowering and a fine cut flower. 25 cents each.

FLORENCE DARE. Deep rose-pink, with a purplish tinge, striped crimson. A large flower with long, rather narrow petals, slightly twisted. 25 cents each.

G. E. VARNUM. Deep red, tipped lighter. 25 cents each.

GLOWING GEM. (Alexander.) A splendid flower with perfectly gorgeous coloring, being rich, deep crimson. 25 cents each.

GRACIE. Delicate blush-pink; a fine bloomer. 25 cents each.

Helvetia—Single Dahlia. 50 cents each; \$5.00 per doz. (For description see this page.)

HELVETIA. New Holland Single Dahlia. (See illustration.) This new creation attracted considerable attention this fall, when I exhibited it for the first time in this country. It has a very unusual combination of colors, each flower coming quite similar which is exceptional for a variegated variety. Pure white, each petal edged or bordered a brilliant rich scarlet-red. The plants are dwarf and bushy, making beautiful specimens and producing their flowers abundantly. 50 cents each.

HIAWATHA. (Alexander.) Giant Single Seedling. This remarkable new variety is the largest of my new seedlings. The plant is tall, sturdy, of pleasing upright growth, and a gorgeous dark, velvety maroon in color. One of the most satisfactory Single Dahlias. 35 cents each.

IMPERIALIANA. A gem among the Giant Singles. In color, a beautiful deep, clear pink; a perfectly charming color. 25 cents each.

JENNIE WREN. (Alexander.) White, effectively striped and splashed deep purple. 35 cents each.

JOHN COWAN. Soft crimson, shaded maroon. 25 cents each.

LADY OF THE LAKE. (Alexander.) New Single Seedling. Large brick-red with yellow ring at the center. One of the most satisfactory varieties. 50 cents each.

MARGARET PERKINS. Pure white with about one-half of each petal tipped with bright cerise-pink, becoming a clear cerise-pink late in the season. Very large and a fine bloomer. A high class flower. 35 cents each.

MAN FRIDAY. Deep maroon. 25 cents each.
MR. FRANK I. SHOREY. (Alexander.) The coloring is most fascinating and delightful, being a beautiful waxy white, effectively veined and shaded delicate pinkish lavender. 35 cents each.

SINGLE DAHLIAS—Continued

NEWPORT WINNER. A large crimson flower of the best size and form. **25 cents each.**

NIPINITIC. (Alexander.) **New Single Seedling.** A very large purple-crimson flower, produced in great profusion upon tall sturdy plants. **35 cents each.**

ORIENTAL. Bright yellow, lightly striped red. **25 cents each.**

PAINTED BEAUTY. Garnet, striped deep maroon and tipped white. A striking flower. **25 cents each.**

PEERLESS. White, shaded flesh, striped and mottled rose. **25 cents each.**

PINK BEAUTY. Clear lavender-pink; a most beautiful flower. **25 cents each.**

PROSPERITY. (Alexander.) Light center, very heavily tipped rose-purple. **25 cents each.**

ROSE PINK CENTURY. (Peacock.) A rose pink shade. A very large variety and without doubt the best of its color. **25 cents each.**

SACHEM. (Alexander.) **Single Seedling.** A beautiful orange-scarlet. Flowers of large size. **35 cents each.**

SADIE. (Alexander.) A pleasing novelty which is very striking and effective. Color, a beautiful pink, neatly striped and speckled maroon. **25 cents each.**

SIREN. (Alexander.) Crushed strawberry, crimson and yellow. A beauty. **25 cents each.**

SNOWFLAKE. A large flower of the purest white. **50 cents each.**

SOUV. DE PARIS. A giant among Single Dahlias. Pure white with long and rather narrow petals. A superb variety. **35 cents each.**

SPLASHED BEAUTY. (Alexander.) **New Single seedling.** Bright golden-yellow thickly splashed rich crimson. A long stemmed variety, producing its flowers in abundance. **35 cents each.**

ST. GEORGE. A very free-flowering variety of clear yellow. **25 cents each.**

STRIPED GEM. (Alexander.) Pinkish purple, striped maroon. **25 cents each.**

SURPRISE. (Alexander.) **New Single Dahlia.** A striking and sensational flower. The color is a brilliant carmine with a lemon-chrome ring at the center, the whole being striped and splashed deep ox-blood red. Flowers of large size. **25 cents each.**

THERIES. White striped and splashed violet. **25 cents each.**

THOMAS BECKET. Crimson lake with bright yellow ring in center. **25 cents each.**

TWENTIETH CENTURY. (Peacock.) Purest white at both base and tips and the center of petals is a delicate blush rose. Very large—5 to 7 inches in diameter. **25 cents each.**

UTOPIAN. (Alexander.) The finest of its color to date—clear purple. **25 cents each.**

VICTORY. (Alexander.) A brilliant wine-crimson Single seedling of remarkable qualities; a champion variety. **25 cents each.**

VIOLETTE. Lively shade of crimson. **25 cents each.**

WHITE CENTURY. (Peacock.) A pure white variety with a good stem. **25 cents each.**

Collarette Dahlias

French specialists have given us the beautiful Collarette Dahlia, an entirely new type, all of which have wonderful flowers and delightful color combinations. These have been shown extensively the last few years at the European Dahlia Shows, where they met with great favor, and we feel confident that they will meet with the same approval here.

The flowers are single, with an additional row of short petals around the disc, which forms a frill or collar, usually of a different color from the rest of the flower.

Two New and Rare Collarette Dahlias

One of each for \$1.25 prepaid.

ARIA. New Collarette Dahlia of exceptional merit. White heavily overlaid deep rhodmine purple. Collar, pure white, perfectly arranged and very prominent. One of the most perfect and desirable of the collarette type. **\$1.00 each.**

VIRGINIA LEE. (Alexander.) New Collarette Seedling. Named for Miss Virginia Lee Sturgis

and an exceptionally attractive variety, that created considerable comment when used as part of the floral decorations at Miss Sturgis' sister's wedding where it was effectively displayed. It is a very free-flowering variety, with long stems. In color, a deep velvety carmine, edged sulphur-yellow; collarette, pale sulphur-yellow. **50 cents each.**

Select List of Collarette Dahlias \$4.00

This remarkable collection of 14 Novelty Collarette Dahlias, prepaid for \$4.00.

ACHIEVEMENT, or JOHN L. LINDER. Alexander's Wonderful Collarette Introduction. This phenomenal creation is the largest Collarette Dahlia in existence—a perfect wonder, especially distinguished for its perfection and unsurpassing qualities. The flower is a clear, rich velvety maroon; collarette, a beautiful snowy white, very daintily overlaid with a delicate shade of pinkish-crimson. The remarkable contrast of the above combination of color, together with its ideal form and profusion of flowers, secures for this variety a supreme place in the Dahlia world. **25 cents each.**

AMI CACHAT. (Rivoire.) French Collarette Dahlia. Orange-red, yellow collarette. **35 cents each.**

AMI NONIN. (Charmet.) Gigantic French Collarette Dahlia. Dark crimson-carmine edged with lilac; white collarette. **50 cents each.**

DIRECTEUR RENE GERARD. Gigantic French Collarette Dahlia. Beautiful violet-purple, shaded and tipped white; white collarette. Exceptionally large flowers produced in great profusion. I recommend this variety very highly. **25 cents each.**

EXPOSITION DE LYON. (Rivoire.) Ideal French Collarette Dahlia. A very gay flower of bright garnet, with exceptionally fine yellow tips; white collarette, daintily suffused lavender and overlaid crimson. One of the showiest. **25 cents each.**

GALLIA. (Rivoire.) French Collarette Dahlia. Carmine-red, edged primrose; sulphur-yellow collarette. **35 cents each.**

JUPITER. Primrose-yellow, suffused crimson; sulphur-yellow collarette. **25 cents each.**

LEUCHTFEUER. Golden-yellow, tinged orange-red, with sulphur-yellow collar. Good upright habit **35 cents each.**

MME. GYGAX. Vermilion-red, collar yellow. A very showy variety. **35 cents each.**

MAURICE RIVOIRE. (Rivoire.) Wonderful French Collarette Dahlia. Of sterling quality. The flowers are produced in great profusion on long, graceful stems, well above the foliage. The flower is a gorgeous, rich crimson with pure white collarette of short, well formed petals, perfectly arranged around the rich golden-yellow center. One of the finest novelties. **25 cents each.**

NEGRO. Very dark maroon; white collarette. **50 cents each.**

ORPHEE. (Rivoire.) Bright orange-red; golden orange collarette. **35 cents each.**

SIGNORINA ROSA ESENGRINI. (Rivoire.) French Collarette Dahlia. Lemon-yellow marked with orange-scarlet; lemon-yellow collarette. **35 cents each.**

SOUVENIR DE CHABANNE. (Rivoire.) First-class French Collarette Dahlia. A variety of great merit especially distinguished for its charming coloring and large size. Lemon-yellow with coral-red markings; collarette petals very abundant, lemon-yellow, tipped white. This was one of the first originated and still ranks among the best. **35 cents each.**

Dahlias Which are Not Catalogued

If you are looking for varieties that are not catalogued it will pay you to write to me before ordering elsewhere as I carry a large list of uncatalogued varieties, my stock being insufficient to warrant me to catalogue these varieties. I grow over 2,000 varieties but must have over 100 clumps of a variety before I have sufficient to list herein. If you have any variety in mind that you do not see listed, I will be pleased to have you write me. If its good I have it and will be pleased to quote you.

Partial View of one of my Gladiolus Fields. "America" in Foreground

Gladioli

The Gladioli are without an equal either for bedding or borders. As a cut flower they are far superior to any other summer bloomer, either for lasting qualities or for the various uses for which they can be employed. If planted by the last of May they will bloom by the first to the middle of August, if cared for properly.

The Way to Plant—Dig the row or bed from 8 to 10 inches deep, then spread a liberal amount of good fertilizer in the bottom of the row or bed, then rake it in thoroughly before planting your bulbs; but if stable dressing is used it should be spaded in when the bed is first dug over. I find that hen dressing can be used, giving first class results, if applied properly; but it must be put in the bottom of the drill or bed, then covered with fully an inch of soil before the bulbs are planted. The bulbs after being planted should then be covered from 4 to 6 inches deep. Just as soon as they show their heads through the ground, they should be cultivated. If this is continued once a week till they commence to flower, one will be sure of first-class results. After the bulbs have flowered, and the stalks commence to turn brown they should be harvested. Dig carefully and allow to dry thoroughly for ten days to two weeks before placing in cellar for Winter storage.

Special Offers

Knowing many of my customers are not familiar with the different named varieties, but want good, large flowering varieties, regardless of the name, and wishing to guarantee satisfaction and give them the greatest value possible for their money, I make these Special Offers, all of which I recommend. The varieties I am to use in these offers are only the largest and best.

RECOMMENDED SPECIAL OFFER: For massing and Borders. 48 Gladioli one dozen each of America; Cracker Jack; Mrs. E. M. Smith; Mrs. F. King. The 48 prepaid for \$3.00. 100 each of the four varieties for \$15.00 prepaid or 50 of each for \$8.00.

RECOMMENDED OFFER. One dozen named varieties, 12 different colors, varieties that are large, and that I will guarantee to give satisfaction, prepaid for \$1.00. I make this offer to insure you good results, and in the selection will give you the benefit of my experience.

TRIAL COLLECTIONS. Five giant-flowering Gladioli, five different colors, for 50 cents, prepaid, or 25 choice mixed Gladioli for \$1.00 prepaid.

New and Choice Gladioli for 1922

This remarkable collection of 24 Phenomenal Gladioli prepaid for \$6.00.

ADMIRATION. (Alexander.) New Gladioli seedling. Color a very delicate La France Pink shading to lighter at center. Throat heavily flecked spinal red. Anthers a deep purple. Flowers produced on long spikes, early bloomer. Large well expanded flowers. **50 cents each, \$5.00 per doz.**

BEATRICE MAY. (Alexander.) New Gladioli Seedling. An Ivory yellow with shadings of light corinthian pink. Deep tyrian rose throat markings. Large well expanded flowers on a strong sturdy spike. Early bloomer. **50 cents each, \$5.00 per doz.**

BETTY. (Alexander.) New Gladioli Seedling. Color a very delicate mallow pink shading to light mallow purple. Three lower petals prominently blotched rich deep amaranth purple. Anthers sea-foam yellow. A long compact spike; flowers of medium size, very attractive. Early bloomer. **25 cents each, \$2.50 per doz.**

BILLY FROST. (Alexander.) New Gladioli Seedling. Color a beautiful shade of rose doree; three lower petals heavily marked carmine red. Anthers a deep purplish blue. Flowers produced on long spikes; individual flowers being large and well expanded. **50 cents each, \$5.00 per doz.**

GADLIOLI—Continued.

DAINTY. (Alexander.) Selected from my Primulinus Hybrid mixture, it being especially desirable. A shade between Jasper red and coral pink; throat Baryta yellow with markings of deep begonia rose. 25 cents each, \$2.50 per doz.

DELIGHT. (Alexander.) New Gladioli seedling. A rose red shade blending to a begonia rose toward the throat; while the throat is sulphur yellow with deep carmine markings. Anthers a pale amaranth pink. 25 cents each, \$2.50 per doz.

DIANA. Cream white, three lower petals marked rhodmine purple. 10 cents each, \$1.00 per doz.

EFFECTIVE. (Alexander.) New Gladioli Seedling. Color a very pale Naphthalene yellow, heavily overlaid bright Corinthian pink with a delicate silvery sheen. Three lower petals conspicuously blotched with a deep carmine red. Anthers bright Auricula purple. Large well expanded flowers produced on long spikes. An early bloomer. 50 cents each, \$5.00 per doz.

ESTHER. A very pale sulphur yellow with conspicuous aster purple throat markings. 10 cents each, \$1.00 per dozen, \$8.00 per 100.

EVELYN KIRTLAND. (Mrs. Austin.) Lustrous rose-pink, with delicate shading of lighter pink. Very tall graceful spike, petals slightly reflexed, many open at once. 20 cents each, \$2.00 per doz., \$15.00 per 100.

FLAME. (Alexander.) New Gladioli Seedling. A flaming scarlet red with bright carmine throat markings. Large showy well expanded flower on good spike. 50 cents each, \$5.00 per doz.

FRANK CALLBECK SIMMS. (Alexander.) New Gladioli Seedling. Color a bright rose-red with prominent sea foam yellow throat. A very large well expanded flower. One of the most conspicuous and attractive of my entire collection. Long well formed spikes averaging from twelve to fifteen blossoms having four blossoms open at one time. Highly recommended. Named for and with permission of Mr. Frank C. Simms of Quincy, Mass. \$1.00 each; \$10.00 per dozen.

GRETCHEN ZANG. (Mrs. Austin.) Exquisite rose pink blending into a deep salmon blotch in lower petals. A prize winner and especially fine for all decorative purposes. Tall, late. 15 cents each; \$1.50 per doz.; \$10.00 per 100.

HAZEL SMITH. (Alexander.) New Gladioli Seedling. Pale Mallow purple with conspicuous blotch of Bordeaux red and markings of barium yellow on the three lower petals. 25 cents each; \$2.50 per doz.

JASPER. (Alexander.) New Gladioli Seedling. Color a bright Jasper red; three lower petals marked

spectrum red and scarlet. Well expanded flowers of large size. Early bloomer. 50 cents each; \$5.00 per doz.

JEANNE. (Alexander.) New Gladioli Seedling. A deep spinel red, three lower petals heavily blotched dahlia carmine. Early bloomer. 25 cents each; \$2.50 per doz.

LOUISE. Rose red marked rhodmine purple. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

MARY. Pale amaranth purple, with carmine blotch at the throat. 10 cents each; \$10.00 per dozen; \$8.00 per 100.

MARY E. DAVIS. (Alexander.) A beautiful waxy white, three lower petals prominently marked amaranth purple with a shading of a very delicate sulphur yellow. Anthers on first open flowers lilac changing to mauve as they develop. Flowers are arranged very compactly on spike all facing the same direction, making a magnificent spike. Early bloomer. Highly recommended. Named expressly for and with permission of Mrs. Ralph Davis of Memphis, Tennessee and South Braintree, Mass. an enthusiastic flower lover. 50 cents each; \$5.00 per dozen.

MARY ETHEL IRBY. (Alexander.) New Gladioli Seedling. A begonia rose with shadings of dull magenta purple; white throat thickly speckled with dots of carmine red. Anthers of daphne pink. A very unusual color combination, and a favorite among admirers of the Gladioli. Named especially for Mary Ethel Irby of Memphis, Tennessee in recognition of her admiration for flowers. 75 cents each; \$7.50 per doz.

MISS HELEN FRANKLIN. (Kunderd.) A new ruffled variety, pure white with slight violet marking in the throat. Tall, early, and very productive, many flowers open at once, a very promising commercial variety, winner of first prize for ruffled seedling New York, 1917 and Silver Medal at Boston, 1918. 25 cents each; \$2.50 per dozen; \$15.00 per 100.

MRS. ANNIE B. JONES. (Alexander.) New Gladioli Seedling. A pale chalcodony yellow; three lower petals conspicuously blotched bright carmine red. Early bloomer. Named expressly for Mrs. Annie B. Jones of Bridgewater, Mass., an ardent lover of beautiful flowers. 25 cents each; \$2.50 per dozen.

PIONEER. Pale mallow pink with deep amaranth purple throat. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

PURPLE QUEEN. (Alexander.) Rich amaranth purple, three lower petals marked violet carmine. A very showy flower produced on long spikes. Early bloomer. 25 cents each; \$2.50 per dozen.

Standard Gladioli

I will ship this collection of 55 varieties prepaid for \$12.00. One each of first 25, omitting "Clara Hunt" for \$3.00 prepaid.

A Gladioli bed displaying one color is most effective. The Gladioli are ideal for massing, and add greatly to the surroundings.

AMERICA. (Banning.) Universally acknowledged "King of Gladioli." Gigantic flowers of clear lavender-pink. 10 cents each; 75 cents per dozen; \$5.00 per 100.

AEROPLANE. The color is a beautiful clear, deep pink with an exquisite pure white throat. Individual flowers are very large and massive, being well arranged, and many open at a time. 35 cents each; \$3.50 per dozen.

ANNIE WIGMAN. Pale yellow, with a small dark blotch in the throat. Very attractive. 10 cents each; \$1.00 per dozen; \$6.00 per 100.

BARON J. HULOT. (Lemoine.) The finest blue to date. A rich deep color of indigo blue. 15 cents each; \$1.00 per dozen; \$7.50 per 100.

BRENCHLEYENSIS. (Yoell.) Vermilion-scarlet. Fine variety. 10 cents each; \$1.00 per dozen.

CHICAGO WHITE. The Early Snow-White. Extra early and a fine pure white. 10 cents each; \$1.00 per dozen; \$7.00 per 100.

CHOCOLATE DROP. Chocolate color, changing to lavender. 15 cents each; \$1.50 per dozen; \$8.00 per 100.

GLADIOLI—Continued.

CLARA HUNT. Alexander's New Gladioli Seedling. Named expressly for Mrs. W. W. Hunt of South Weymouth, Mass., in recognition of her great love for Gladioli. A deep geranium pink, with faint cream color markings on the three lower petals. **\$2.00 each; \$20.00 per doz.**

COLUMBIA. Bright scarlet, freely blotched and penciled with blush-purple. Throat mottled. **10 cents each; \$1.00 per dozen; \$7.00 per 100.**

ETHEL WARDWELL. (Alexander.) Rich deep scarlet-red; throat streaked and dotted white. **15 cents each; \$1.50 per doz.**

EVELYN. (Alexander.) A blending of brilliant begonia rose and geranium pink, with marking of eupatorium purple. Throat markings of scarlet red. One of the finest of the smokey shaded varieties. Well expanded flowers produced on a good spike. **25 cents each; \$2.50 per dozen; \$18.00 per 100.**

THE MARVELOUS SIX FOR 50 CENTS PREPAID

No. 1 Cracker Jack.

Crimson

No. 2 Klondyke.

Yellow.

No. 3 Mrs. Francis King.

Scarlet.

No. 4 Meadowvale.

White.

No. 5 Pink Augusta.

No. 6 America.

Lavender-pink.

Any of the above varieties, 75 cents per dozen; \$5.00 per 100.

5 each of the six above varieties, 30 bulbs for \$2.00 prepaid.

CRACKER JACK. (Cowee.) Large flowers of velvety dark red, throats spotted with yellow and dark maroon; a most sensational variety. **10 cents each; 75 cents per dozen; \$5.00 per 100.**

EMPRESS OF INDIA. (Velthuys.) The very finest and nearest to black of any Gladiolus. A valuable novelty and a variety worthy of my highest recommendation; of gigantic size and beautiful, rich, dark mahogany-red color. **15 cents each; \$1.00 per dozen; \$7.00 per 100.**

FAUST. A large, velvety, carmine-red. A very rich color and a long spike. **10 cents each; \$1.00 per dozen.**

GEO. F. ELCOCK. (Alexander.) A spectacular variety, producing large, well-expanded flowers; cream white, effectively overlaid salmon-pink; throat bright crimson-maroon. **25 cents each; \$2.50 per doz.**

GLORY OF HOLLAND. White with slight tinting of pale pink, and anthers of delicate lavender. **10 cents each; \$1.00 per dozen; \$7.00 per 100.**

GLADIOLI—Continued.

GLOWING GEM. (Alexander.) The plants are of strikingly vigorous, healthy growth, producing well expanded blossoms perfectly arranged upon tall, sturdy spikes. Color a beautiful, glowing, scarlet. The most prominent feature of this variety is its color, which attracts great attention. 25 cents each; \$2.50 per dozen.

GRACE LILLIAN. (Alexander.) Named for Mrs. A. W. Durgin of Boston as an appreciation of her admiration for Gladioli. The color is an Indian Red with a large, conspicuous throat of ivory-yellow, heavily dotted carmine-red. A large, showy flower with a tall, stiff spike. One of my best seedlings. 50 cents each; \$5.00 per doz.

HALEY. (De Ruyter.) Delightful salmon-rose with beautiful creamy blotch. Very large. 10 cents each; 75 cents per dozen; \$5.00 per 100.

IDA. (Groff.) The flower spike is large; the flowers are pure white, daintily overlaid and veined a delicate pinkish lavender; the stamens are purple and the stigmas pale carmine. A remarkable variety of excellent habit. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

INDEPENDENCE. (Woodruff.) Rich, clear, deep pink, with throat markings of dark red. A very tall and strong grower, of great substance. One of the best for cutting. 10 cents each; 75 cents per dozen; \$5.00 per 100.

ISA TINKHAM. (Alexander.) A very rich deep purple-crimson, a very popular shade. Flowers of medium size and produced on long spikes. 20 cents each; \$2.00 per doz.

JESSIE. Fine velvety red, with a long spike of flowers. 10 cents each; 75 cents per dozen; \$5.00 per 100.

KLONDYKE. (Christy.) Strong, vigorous plant, blooming early; flowers round, well opened, of clear primrose-yellow, with blotches of vivid crimson-maroon on the three lower petals. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

KUNDERDI "GLORY." The famous Ruffled Gladiolus. (Originated by A. E. Kunderd.) Each lower petal is exquisitely ruffled and fluted. Massive, beautiful flowers which are well expanded; color, delicate cream-pink with an effective crimson stripe through the center of each lower petal. 15 cents each; \$1.00 per dozen; \$8.00 per 100.

LILY WHITE. (Kunderd.) A new White Gladiolus that attracted considerable attention this past season. A reliable first-class early blossoming variety. One of the finest and clearest white varieties; if not the purest white. 35 cents each; \$3.50 per doz.

MARY ELIZABETH. (Alexander.) An exquisite shade between pale lacia pink and Persian lilac; the three lower petals blotched deep spinel red. 20 cents each; \$2.00 per doz.

MAY. (Crawford.) A lovely, pure white flower, finely flaked with rose-carmine. 10 cents each; 75 cents per dozen; \$6.00 per 100.

MEADOWVALE. (Cowie.) One of the purest of whites, without a shade of color except in the throat, where there is a touch of vivid crimson; the three lower petals have slight center markings of clear crimson pink. 10 cents each; 75 cents per dozen; \$5.00 per 100.

MISS FLORA SPRAGUE. (Alexander.) White overlaid salmon pink; throat deep carmine-red. 20 cents each; \$2.00 per dozen.

MRS. E. M. SMITH. (Alexander.) A very attractive variety of great substance. Deep pink with bright cherry throat; two lower petals edged primrose-yellow. Plant vigorous; spike straight and strong. 10 cents each; 75 cents per dozen; \$5.00 per 100.

MRS. FRANCIS KING. (Coblentz.) A pleasing shade of light scarlet. Flowers are large and well arranged on a strong spike, there being four to six open at one time. One of the best in existence. 10 cents each; 75 cents per dozen; \$5.00 per 100.

MRS. FRANK PENDLETON, JR. (Kunderd.) Awarded First-class Certificate of Merit by the Massachusetts Horticultural Society, Boston. This new variety is the result of crossing the best of the largest flowered types, and is now a type of its own. The color is the most exquisite salmon-pink, with a very conspicuous blood-red blotch in the throat on the lower petals. 10 cents each; \$1.00 per dozen; \$7.50 per 100.

MRS. JOHN HAYS HAMMOND. (Alexander.) Named expressly for and with permission of Mrs. John Hays Hammond of Gloucester, Mass., in recognition of her great admiration of beautiful flowers. A beautiful begonia rose, blending to and streaked with a glowing velvety carmine red; throat Baryta yellow thickly dotted and splashed a dull carmine-red. Gigantic flowers produced upon good sturdy plants. One of the largest and finest Gladioli to my knowledge. Highly recommended. \$1.00 each; \$10.00 per 100.

MRS. WATT. (Chase.) In coloring, one of the most distinct varieties grown; a glowing, wine-crimson. One of the choicest newer varieties and a novelty that no garden should be without. 15 cents each; \$1.50 per doz.; \$10.00 per 100.

MYRTLE. (Kunderd.) One of the finest and most delicate new Gladioli. It is early flowering; in perfect alignment on straight spikes, the opening buds very closely resemble creamy-pink tinted rose-huds with slightly flaring petals. Clearest dainty rose-pink, softly dissolving into a throat of clear creamy-white, its cool angelic beauty is most entrancing. Distinctive in form and color; and of good size. It has been described as a fine Mayflower pink, almost exactly the color of the trailing arbutus. 15 cents each; \$1.50 per doz.; \$10.00 per 100.

NAZINSCOTT. (Childs.) Bright blood-scarlet with deep, velvety crimson-black blotches and white mottlings in throats. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

NOVELTY. (Groff.) An exceedingly odd variety of beautiful light salmon color with orange-yellow throat, the whole being dotted and mottled with crimson. 10 cents each; 75 cents per dozen; \$5.00 per 100.

NIAGARA. (Banning.) A wonderful new Gladiolus of sterling quality. In color the flowers are a delightful cream shade, with the two lower petals daintily marked canary-yellow. The throat is attractively splashed with rich carmine. The stamens are purple, and the stigmas pale carmine. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

PANAMA. (Banning.) A wonderful new Seedling from "America," which it resembles, but is a deeper pink. Flowers very large and spike long. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

PEACE. (Groff.) Wonderful white Gladiolus. Gigantic flowers are borne on a magnificent tall spike; the entire plant shows a vigorous, healthy constitution. The wide open flowers are of a glistening white, with an attractive narrow stripe of purplish carmine through the center of each lower petal. This extra throat marking is not a detriment to its beauty but adds to its attractiveness. The noblest white Gladiolus. 10 cents each; \$1.00 per dozen; \$7.50 per 100.

PEGGY SAVAGE. (Alexander.) Flaming deep scarlet, with conspicuous throat markings of naphthalene-yellow. Very large and attractive. \$2.00 each; \$20.00 per dozen.

PILGRIM. (Alexander.) Rose-red blending to a darker shade at tips, with mahogany-red blotch in throat. Medium sized spikes producing more than the average number of well-expanded flowers. 15 cents each; \$1.50 per doz.

Primulinus Hybrids. 10 cents each; 75 cents per doz.; \$5.00 per 100.
(For description, see below.)

GLADIOLI—Continued.

PINK AUGUSTA. Deep pink, same form as Augusta.
10 cents each; 75 cents per doz.; \$5.00 per 100.

PRESIDENT TAFT. (Stewart.) An exquisite variety of delicate salmon-pink, shaded darker at edge with deep crimson blotch in throat and an attractive white line through each petal. A grand variety which evokes words of praise wherever exhibited. The spikes and flowers are of largest size.
25 cents each; \$2.50 per dozen.

PRIMULINUS HYBRIDS. (See illustration.) These hybrids, produced by crossing the species *Primulinus* (a native of the jungles of Africa) with the *Gandavensis* type, are extremely dainty and graceful in form. They are among the earliest of the Gladioli to blossom, flowering ten days to two weeks before most all other Gladioli. The upper petal droops,

forming a "bood." The colors range from primrose yellow to a beautiful rose. 10 cents each; 75 cents per dozen; \$5.00 per 100, \$35.00 per M.

ROSE GEM. (Alexander.) Another early flowering variety that is sure to give satisfaction. The total effect is rose-pink, but comparison with the color chart gives a La France pink, heavily mottled scarlet-red. A very fascinating variety. 35 cents each; \$3.50 per doz.

ROUGE TORCH. Large, creamy-white flowers, with a rouge torch-like tongue on the lower petals, making a very striking contrast. 15 cents each; \$1.00 per dozen; \$8.00 per 100.

SCARSDALE. (Cowee.) A grand Gladiolus with large lavender-colored flowers, shaded beautiful dark rose; extra large spikes growing very erect. 15 cents each; \$1.50 per dozen, \$10.00 per 100.

GLADIOLI—Continued

SCHWABEN. (Pfitzer.) Finest of German importations. This striking new Gladiolus is a pure canary-yellow, shading to soft sulphur-yellow when opening; the deep golden-yellow center is blotched with brilliant brownish-carmine. Foliage is large and vigorous, of a beautiful dark green, which, combined with the brilliant sulphur-colored flowers makes it very effective for groups and beds. The brownish-carmine blotch being very deeply set in the throat does not reduce the entire effect, and hardly makes any appearance unless flower is examined. **15 cents each; \$1.50 per dozen; \$12.00 per 100.**

STERLING, MINNESOTA, or LAFAYETTE. (Groff.) A beautiful pale yellow with rich cherry throat. One of our finest and nearest in color to the New Ruffled Gladiolus, "Kunderdi Glory." A perfect beauty. **10 cents each; 75 cents per dozen; \$6.00 per 100.**

THE IRENE. (Alexander.) Named for and by special permission of Mrs. F. C. Allen of Cohasset, Mass. An introduction that attracts instant attention in the fields. A brilliant, deep geranium-pink, shading gradually to begonia-rose at the tips; the throat is blotched with carmine about which is a yellow band. A very effective and striking combination of coloring. **50 cents each; \$5.00 per doz.**

SULPHUR QUEEN. A remarkably clear sulphur-yellow. **10 cents each; \$1.00 per dozen; \$7.00 per 100.**

THE KING. (Groff.) A beautiful, rich, deep purple with an ideal chrome yellow throat, the lower petals veined white. The flowers are from 4 to 6 inches in diameter, borne on long spikes. Very large and showy. **10 cents each; \$1.00 per dozen; \$7.00 per 100.**

WOODROW. A very exquisite and attractive variety. Scarlet flower with deep yellow throat. **10 cents each; 75 cents per dozen, \$5.00 per 100.**

My Special Gladiolus Mixtures

Some of the very best strains ever offered; also some of the best and grandest named varieties introduced in this country.

Alexander's Special Select Mixture

This strain comprises a large ranges of some of the very best colors and varieties ever offered at these prices, consisting principally of the best white, yellow and pink shades.

Alexander's Large Flowering Cannas

The Cannas are the most popular of all Bedding Plants; standing out pre-eminently, because they give such good results and can be grown satisfactorily in all parts of the country. They do well in all sections, succeeding in any sunny position, and in any kind of soil, but responding quickly to liberal treatment and good care. For the very best results, the bed should be thoroughly and deeply spaded, and a generous amount of well-decayed manure or any commercial fertilizer, thoroughly incorporated. Watering the plants frequently throughout the season, leads them to grow more rapidly, and produce a much more luxuriant foliage, and larger and more beautiful flowers. When you water them, do it thoroughly. For best effects plant in masses, using one or two colors; setting the plants between eighteen inches and two feet apart each way, and from four to six inches deep.

If you wish to plant a bed 7 feet in diameter, it will require 20 roots or plants; a bed 10 feet in diameter will require 40 roots; a bed 13 feet in diameter requires 65 roots. In planting a circular bed, always plant the taller variety in the center, with the more dwarf around the outside.

SPECIAL CANA OFFER. For beds from 5 to 7 feet in diameter; I will send 15 Cannas, my selection, 5 tall of one variety for the center and 10 shorter of another variety for the outside. In making this selection, I will use my best judgment as to blending of colors, and endeavor to give you those I believe will give you best satisfaction. Prepaid to any part of the United States or Canada for **\$3.00**.

New and Rare Canna for 1922

THE PRESIDENT. This new variety is the leading red Canna of the day, being without exception the best red in commerce. The immense trusses of flowers are borne well above the foliage on upright stems. It grows about four feet in height, and is a mass of color, making it very desirable for the most exclusive gardens. I can highly recommend this variety, and to all who wish the best red Canna for their bed, I believe they will be well satisfied with "The President." This variety is one of Wintzer's greatest accomplishments. **35 cents each; 3 for \$1.00; \$3.50 per dozen.**

Five Peerless Cannas

Of the many Cannas in existence, the following are the best and most popular, having the largest flowers, the most beautiful colors, and giving the most showy effects in beds. I will ship prepaid, to any part of the United States or Canada, one of each of these **Five Choice Cannas for \$1.00**.

Cannas in Center, with Salvia next and border of Dusty Miller.

BEACON. The plants grow between four and five feet in height, usually about four feet; and are strong and sturdy. The foliage is deep green, and very luxuriant. Great masses of rich cardinal flowers, borne well above the foliage. A very free bloomer, and one of the best of the dwarf reds. **25 cents each; \$2.50 per dozen.**

GAIETY. A spectacular Orchid-flowering Canna, variegated in its coloring; reddish orange, mottled with carmine and edged with yellow. It has green foliage and grows about 5 ft. **25 cents each.**

GEORGE WASHINGTON. A deep velvety-crimson growing to height of three and one-half feet. Foliage green. **25 cents each; \$2.50 per dozen.**

KING HUMBERT. The pride of the Orchid-flowering Canna; flowers large, of a bright orange-scarlet effectively streaked with crimson. The plants grow about four feet in height and produce a very luxuriant foliage, which is thick and leathery and of a rich bronze with brownish green stripes. **25 cents each; \$2.50 per dozen.**

MORNING GLOW. An exquisite pink, blending to rich red. The flowers are produced in large trusses and harmonize perfectly with the beautiful bronze foliage. This variety grows about four feet in height and is a continual bloomer. **25 cents each; \$2.50 per dozen.**

SPECIAL CANNA OFFERS. For bed 3½ feet in diameter, I will send you five "King Humbert" the most popular canna on the market for \$1.00 prepaid. For bed 5 feet in diameter I will send one "The President" and nine "King Humbert" the ten for \$2.00 prepaid.

Caladium Esculentum

(Elephant's Ear.)

One of the most effective plants in cultivation for beds, borders, or for planting out upon the lawn; they are used extensively in many of the public parks, where their decorative value is greatly appreciated. To obtain the best results, it should be planted where it will obtain plenty of water and an abundance of rich compost. Frequent cultivation around the growing plant insures the best results. When full size it stands from 6 to 10 feet in height, and bears immense light green leaves, 3 to 4 feet long by 1½ to 2½ feet wide. The size of the plant depends upon the size of the bulb, and its care.

Price prepaid,	Each	Per dozen
Gigantic Bulbs.....	\$.75	\$ 7.50
Large Size Bulbs.....	.50	5.00
First Size Bulbs.....	.35	3.50
Second Size Bulbs.....	.25	2.50
Third Size Bulbs.....	.15	1.50

Tritoma

(Red-hot Poker, Flame Flower, or Torch Lily.)

The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to Cladioli as a cut-flower and blooms incessantly from June until December, regardless of frost. Plants are perfectly hardy in the open ground all winter south of Philadelphia; further north they must be protected or wintered in a cellar. Just bury the roots in sand; nothing more is required. Should be planted out early in Spring, and will commence growth and bloom at once, growing larger and finer every day. Plants show from 6 to 20 grand flower stalks all the time, each holding at a height of 3 to 4 feet a great cluster of flame colored flowers of indescribable beauty and brilliancy. Fall frosts do not kill or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful long spikes keep several weeks in water. Without a single exception, it is the most desirable garden flower. I offer but one variety this year.

Pfitzerii. (The Everlasting Flame Flower.) In bloom from August to November, with spikes from 3 to 4 feet high and heads of bloom of a rich, orange-scarlet, producing a grand effect either planted singly in the border or in masses. **50 cents each; \$5.00 per dozen.**

New York City,
123 Williams St.
April 12, 1921

Mr. J. K. Alexander,
547 Central St.
East Bridgewater, Mass.
Dear Sir:—

It seems to me that your letter of April 4th deserves an acknowledgment. Knowing that this is your busy season, the fact that you found time to acknowledge my small order for Dahlia Roots and to give me some valuable suggestions as to care of the plants, is such an unusual procedure on the part of a business concern, that I am both pleased and surprised.

Having in mind that you did not see the Dahlia display at the New York Botanical Gardens last Fall, I am sure that you will be glad to know that your "CARL PURDY" was well placed and to my notion, the handsomest plant in the strip. It had from four to five flowers at all times and stood well above the others, being I should say at least seven feet high. The roots came yesterday, all in good shape and just as soon as I am assured of continued spring weather, I will plant them.

Yours faithfully,

CARROLL DeWITT

Mexican Everblooming Single Tuberoses

This charming single variety begins to flower in July and continues throughout the season, each bulb throwing from 2 to 5 flower spikes in succession. The buds never blast but all open up of the purest white, and are delightfully fragrant. **10 cents each; \$1.00 per doz.; \$7.50 per 100.**

Sauromatum Simlense

(Black Calla.)

A rare and curious garden bulb, with odd flowers and luxuriant palm-like foliage. The spathe of this Calla-shaped flower is between one and two feet in length, with tapering point, and is of very large size. Color of bloom; green on the outside, inside yellow, spotted with purple; which makes it very curious. Flowers do not appear on first, second, and third size bulbs, as only the large bulbs bloom the first year planted. The foliage is very novel however and always creates a sensation in the garden. The foliage is very large; the leaf-stem being light green thickly dotted a deep green, making it very attractive and novel. The blossoms appear shortly after the bulbs are planted; followed by the luxuriant leaves that remain a curiosity the entire season. This is sometimes called "The Snake Lily" and is very rare. These plants create a genuine sensation.

Price, prepaid,	Each,	Per dozen.
Gigantic Bulbs.....	\$.75	\$7.50
Large Size Bulbs.....	.50	5.00
First Size Bulbs.....	.35	3.50
Second Size Bulbs.....	.25	2.50
Third Size Bulbs.....	.15	1.50

Plant bulbs four to six inches deep, out of doors.

Zephyranthes

Zephyr Flower, or Fairy Lily.

Beautiful dwarf, bulbous plant, very effective for masses or borders, flowering with great profusion during the summer. They are also suitable for pot culture. Six bulbs clustered in a 6-inch pot in the autumn will give a fine display during the winter—8 inches high.

ZEPHYRANTHES. Crimson-scarlet, beautiful Amaryllis-like flowers, very effective. **20 cents each; \$2.00 per dozen, prepaid.**

Wagoner, Okla.
Oct. 27, 1921.

Dear Sir:

The Peony bulbs arrived in good condition and I was pleased with the size of them.

Yours truly,

MRS. W. O. RITTENHOUSE.

54 Sault St.,
Toronto, Ont., Canada.
May 30, 1921.

Mr. J. K. Alexander,
East Bridgewater, Mass., U. S. A.

Dear Sir:

The Dahlia bulbs arrived today all in good condition, and I can only say that I am more than satisfied with them. The three extra ones you sent me with my order, I am also pleased with them, if they are according to description in your catalogue. I am sure there will be a treat in store for me.

Thanking you and wishing you every success, I remain,

Yours truly,

E. F. HOLDSWORTH.

ATTRACTION (Japanese Type) PEONY.
\$2.00 each prepaid. (See page 48 for description.)

Peonies

The Peonies are among the noblest and most magnificent of our herbaceous plants. They are the "Queen of Spring Flowers," and are well adapted for massing in beds, and particularly valuable for planting in groups throughout the perennial or shrubbery border, where their brilliant hues add beauty to the entire surroundings. Their requirements are so simple—a good, rich, deep soil; they are perfectly hardy, and produce their wealth of flowers in great abundance.

TIME TO PLANT: Peonies may be planted with perfect safety any time from the middle of August till the ground freezes in the Fall, and in the early Spring until growth has advanced too far. September is the best time, as they then make a root growth before Winter sets in, usually blooming the following Spring.

After being transplanted, Peonies will not produce typical blooms the first season, many fine double varieties throwing single or semi-double flowers, and it is not until the third year that the finest flowers are produced.

They will abundantly repay good care and nourishment; but they resent an over abundance of fresh manure too near the roots. Well decayed manure is far better. A division of the clumps at long intervals, when they become so crowded as to interfere with freedom of bloom; and the soil kept loose and free from weeds, is all that is necessary. Where grown for cut flowers, they should not be disturbed oftener than is necessary; where they are grown for the sale of roots, they may be divided every second or third year. Plant so the eyes will be from two to three inches below the surface. Lay roots flat. Do not stand them on ends.

My prices are for good strong roots that, planted in September, and given proper care, may reasonably be expected to bloom the following Spring. Varieties differ so greatly in habit, that the expressions one-year and two-year, or the number of eyes, convey no meaning whatever; a strong root with one eye often being far better than a weak one with many. My prices are as low as the true varieties, and the size of the roots I send out will warrant. I grow and sell my own roots, and make no pretense of competing with those who have no stock of their own; but buy and sell indiscriminately.

All Peonies shipped prepaid to any part of the world at prices given below.

The Famous Hollis Peonies

One each of the 20 varieties for \$100.00 prepaid.

ADMIRAL DEWEY. (Hollis 1903.) Rose-pink, shaded heliotrope; large, high built flower. According to color chart, color, total effect, solferino red, clear; guards solferino red, center same as guards; fades silver tipped, linear petals concealed throughout bloom. Type, bomb. Form of bloom, globular compact. Fragrance pleasant. Blooming time, mid-season. **\$5.00 each.**

ADMIRAL TOGO. (Hollis 1907.) Deepest mahogany red, large high built flower, luminous. According to color chart, total color effect crimson carmine; guards clear, collar same as guards; center clear. Holds color well, no silver tip. Type of bloom semi-rose. Form of bloom flat, medium compact. Not entirely transformed. Plant medium tall, erect, compact. Blooming time mid-season. Medium to large size. **\$2.50 each.** Recommended.

PEONIES—Continued

ATTRACTION. (Hollis 1906.) (See illustration on page 47.) One of the very finest of the Japanese type, termed "Wonderful Glowing Suns" as they are entirely distinct from the other types, most of them have cup shaped guard petals, which surround a mass of petaloids or filamental petals, like a crown of thorns. They are yet comparatively little known to the general public, and mostly found in large collections of connoisseurs and Peony enthusiasts, where they awaken the admiration of all who behold them for the first time. Very large, medium compact, flat blossom. General impression, crimson pink with golden center, but according to color chart, the guards are clear tyrian rose, center same color as guards, tipped with yellow, which fades more quickly than guards. Pleasant fragrance. Growth strong and healthy, plants erect, medium to tall. **\$2.00 each.** Recommended.

BEAUTY'S MASK. (Hollis 1904.) (See illustration.) A very distinctive crown type blossom, of compact formation and very large size. First impression, bluish white, tinted lilac. According to color chart the guards are clear violet rose, with collar lighter than guards, and distinctive yellowish secondary stamenoids present. Fragrance pleasant. Blossoming time, late. Growth strong and healthy, plant of medium erect habit, tall and open. Buds borne in clusters. **\$3.00 each.** (Stock limited.)

BEAUTY'S MASK. \$3.00 each.

CHRISTINE RITCHER. (Hollis 1907.) A globular compact rose-type bloom of good habit. According to color chart, total effect, violet rose; guards slightly flecked, center clear, color uniform throughout; secondary stamenoids present. A good medium to small-sized late-flowering variety. **\$2.00 each.**

CONTINENTAL. (Hollis 1905.) A beautiful flat loose semi-double blossom. First impression is a deep lilac pink. Color chart gives it a deep magenta; guards occasionally flecked scarlet, clear, uniform color, throughout. Fades silver tipped, broad petals, imbricated bloom, yellow stamens visible at center. Large size. Habit of plant erect, medium tall, very compact. Blooming time, mid-season to late. **\$3.00 each.** Recommended.

EVENING GLOW. (Hollis 1907.) Very large, rose type, flat, medium compact bloom. Hydrangea pink tipped with white. Imbricated bloom. Fragrance pleasant. Habit medium erect to erect, tall and compact. **\$15.00 each.** Stock limited.

FLASHLIGHT. (Hollis 1906.) A very large globular, medium compact to loose bloom of Japanese type. First impression, a crimson pink with golden center. Not as dark a shade as "Attraction." According to color chart, the total color effect is tyrian rose; guards have light streak, center clear. The center is amber yellow shading pink at base. Compact, erect plants of medium height. Early bloomer. One of the best of this type. **\$10.00 each.**

GEORGE WASHINGTON. (Hollis 1904.) A large flat, loose bloom of semi-rose type. One of the brightest dark crimson red varieties. Guards clear, collar same as guards; center clear, uniform color. Stamens intermingled with petals. Blooming time mid-season. Habit of plant, erect, medium, compact, medium height. Growth strong and healthy. A strikingly brilliant color that always attracts the attention of visitors. **\$2.00 each.** Recommended.

GLORY. (Hollis 1907.) One of the glorious Japanese type, form of bloom medium compact to loose. In color a beautiful tyrian rose, guards clear, center golden yellow with silver tip. Bloom on strong plants will develop petals same color as guards in center of bloom. Tall erect, medium compact plant of strong growth. Blooming time mid-season to late. Very similar to "Attraction" in color, but not quite so large. **\$2.00 each.**

GOLDMINE. (Hollis 1907.) Japanese type. Flat loose, medium size. Guards tyrian rose, center same as guards, tipped golden-yellow. Medium tall, erect variety of good habit. Midseason. **\$10.00 each.**

HITY TITY. (Hollis 1909.) One of the most delicate of the Japanese type. Form of bloom globular, very loose, differentiated, not entirely transformed. Color, total effect, lilac-rose; guards clear; center canary-yellow fading to cream white. Pale, yellowish green carpels and yellow stigmas. Fragrance pleasant. Blooming time mid-season. Tall compact plant, that is strong and healthy. **\$15.00 each.**

INNOCENCE. (Hollis, 1904.) A medium sized flat compact Japanese type bloom. General impressions, pale pink guard with golden center. According to color chart, lilac-rose; guards clear, center canary-yellow fading to cream-white, pale pink at base of stamens. Fragrant. Habit of plant, erect, tall compact. Growth strong and healthy. Blooming time mid-season. **\$5.00 each.**

PEONIES—Continued

JOHN HANCOCK. (Hollis 1907.) A very large globular semi-double flower. Its color is one not at all common in Peonies, total effect, being bright rosy magenta; guards streaked light; center clear secondary stamenoids absent. Bloom is very noticeably silver tipped. Fragrant. Blooming time mid-season. **\$5.00 each.**

LUCY E. HOLLIS. (Hollis 1907.) Large, flat medium compact, rose type blossom. First impression, pale pink and white. According to color chart, lilac white, guards clear, collar same as guards; center slightly flecked scarlet; secondary stamenoids present. Center of bloom, shaded to pale lilac rose. Fragrance pleasant. Blooming time very late. Strong, healthy drooping habit; plants of medium height. **\$5.00 each.**

L. W. ATWOOD. (Hollis.) Medium globular, low crown type. Usually pure white, with occasional crimson fleck. Guards white; center cream-white. Medium height. Mid-season. **\$3.00 each.**

MARY A. LIVERMORE. (Hollis 1907.) One of the most beautiful of the rose type. A very large flat medium compact, not differentiated, and entirely transformed blossom. General impression rose-pink and white. Petals are a beautiful rose-pink, passing to silver and white at the tips. Fragrance pleasant. Blooming time, mid-season to late. Plants are medium erect, medium tall to tall, compact. Growth strong and healthy. Buds borne in clusters. Highly recommended. **\$15.00 each.**

MARY BAKER EDDY. (Hollis.) Large, compact, globular rose type. Deep rose-pink with silvery tips. Plants of medium height, long strong stems. Mid-season to late. Scarce. **\$10.00 each.**

RED CROSS. (Hollis 1904.) A brilliant crimson. Medium size, full, double; very late bloomer. **\$5.00 each.**

Peony—Alexander Dumas. 50 cents each.
(One-third actual size.)

WELCOME GUEST. (Hollis 1904.) One of the very finest of the semi-double Peonies. A very large loose, bright silvery rose, fading to rose-white. Very strong and healthy, with long stem. Plant erect, tall and medium compact. Buds borne in clusters. Very pleasant fragrance. Mid-season. Highly recommended. **\$2.00 each.**

Rare and Selected Peonies

This collection of 40 Selected Peonies one of each for \$75.00 prepaid, or the collection with "Jubilee" omitted for \$50.00, prepaid.

ALEXANDER DUMAS. (See illustration.) (Guerin 1862.) Medium sized, medium violet-rose crown; has creamy white collar of narrow petals, mingled with wide center petals; fragrant. Medium height, free-bloomer, early mid-season. Good cut flower variety. Recommended. **50 cents each.**

AVALANCHE. (Crousse 1886.) Medium to large, fairly compact white crown type, flecked with carmine, with cream white collar. Collar well differentiated. Tuft of short, narrow, cream petals in center of bloom. Occasional carmine splash on outside of guards. Odor pleasant. Plant is a medium strong grower of fair habit. Free bloomer in clusters. Mid-season to late. **\$2.00 each.**

BARONESS SCHROEDER. (Kelway.) A very beautiful rose type bloom. Form of bloom, globular compact, not differentiated, not entirely transformed. Color, total effect, flesh white fading to milk white; guards clear; collar same as guards, center clear, pleasant fragrance. Mid-season. Tall erect strong grower. **\$2.00 each.**

BARON JAMES DE ROTHSCHILD. (Guerin 1850.) Medium size, crown type. Guards and very wide crown petals, pale lilac rose; narrow cream white collar petals. Fragrant, vigorous, medium height, free-flowering, mid-season. **50 cents each.** Similar to "Formosa Rosea."

BEAUTE FRANCAISE. (Guerin 1850.) A good medium sized, compact, crown type. General impression, pink and white. According to color chart, pale lilac rose and cream white, with prominent carmine flecks on center petals. Strong vigorous plant of rather dwarf habit, strong medium to short stems. Odor pleasant. Blossoms mid-season. **50 cents each.**

BERLIOZ. (Crousse 1886.) A large, very beautiful compact, rose type blossom. A light carmine-rose or rosy magenta, tipped silver, with golden yellow stamens concealed in bloom. Color is somewhat splashed on tips of petals fading to nearly white. Guards not differentiated, perfect rose type flower. Plant is a medium vigorous grower, stems good length and medium strong, good habit. Mid-season to late. Good showy variety. **\$3.00 each.** Recommended.

Rare and Selected Peonies—Continued

PEONY—La Coquette. 50 cents each. For description see below.

CURIOSITY. (Dessert & Mecbin, 1886.) Type bloom anemone. Weak blooms nearly single, while very strong ones may be semi-double. Form of bloom medium globular, compact. Differentiated. Color, total effect violet-red, guards clear, collar same as guards, center clear, with occasional yellow tips. Occasional wide petals appearing in center. Fragrance pleasant, one of the largest of the anemone type. Blooming time mid-season. Habit of plant, erect, tall, medium compact. Blooming habit free. **75 cents each.**

DORCHESTER. (Richardson 1870.) Large, compact, rose type. Pale hydrangea-pink. Fragrant. Medium dwarf. Upright, free bloomer. **75 cents each.**

DUK D'WELLINGTON. (Calot 1859.) Large bomb type. White guards, and sulphur yellow center. One of the finest white varieties. Medium tall, vigorous grower, free-flowering. Very fragrant. Midseason to late. **50 cents each.**

EDULIS SUPERBA. (Lemon 1824.) The popular early "Decoration Day" Peony, which is masquerading under all of the following names "Delia," "Eduis Odorato," "Rosa Lilacina," "Mamie Cutler," "Sylvanus," "Glorie de Douai," "Pizano," "Early Rose," "Acanum," "Sainfoin" "Lilacina." Large, loose, flat crown type. Bright deep mauve pink; color mixed with lilac. Large tuft of wide petals same color as guards, surrounding a few narrow petals in extreme center of bloom prominent collar. Very fragrant. Free-flowering. **50 cents each.**

EUGENIE VERDIER. (Calot 1864.) Type of bloom semi-rose. Form of bloom flat, medium compact to loose, not differentiated. Color, total effect,

hydrangea pink; guards clear; collar lighter than guards, very slight occasional crimson flecks on center. Color fades to lilac white. Fragrance pleasant. Large size. Blossoming time mid-season. **\$1.00 each.**

FELIX CROUSSE. (Crousse 1881.) Large globular typical bomb type. First impression, brilliant red. According to color chart, tyrian rose. Same color throughout. Compact and globular when first opening; but opens out somewhat with age, exposing linear petals in extreme center of bloom. Odor pleasant. Strong, vigorous grower, with long stem, rather spreading habit, medium height. Free bloomer in clusters. Mid-season. **75 cents each.** Recommended.

FESTIVA MAXIMA. (Mieliez 1851.) Very large globular rose type. Pure white center, prominently flecked crimson; outer petals sometimes, faint lilac-white on first opening. Very tall, strong, vigorous grower. The most popular white variety for cut-flowers. **\$1.00 each.** Recommended.

HUMEL. (Anderson 1810.) A large, full double crown type bloom. Color, bright cherry-pink, with silver tips. Highly cinnamon scented. Tall, sturdy grower, producing blossoms in clusters on weak stems. Very showy. One of the latest to blossom. **50 cents each.**

JUBILEE. (Pleas.) Unusually large, flat, compact rose type. Uniform blush-white, with fragrance. Very tall, erect strong grower. A very distinct variety, and one that has many enthusiastic admirers. Mid-season. Very scarce. **\$25.00 each.**

LA COQUETTE. (1861.) See illustration, this page. Large, globular, high crown. Guards and crown light pink; collar rose-white, center flecked carmine. Strong, erect, medium height, free bloomer. Fragrant. Midseason. **50 cents each.**

Rare and Selected Peonies—Continued

GROUP OF SINGLE PEONIES.

- LA FIANCEE.** (Dessert 1902.) A large white single, showing the golden-yellow stamens prominently in the center. Tall, vigorous grower. Early to mid-season in flowering. **\$2.00 each.**
- LA TULIPE.** (Calot 1872.) Synonym "Multicolore." Very large, flat, semi-rose type flower. Lilac-white, outer petals striped with crimson. Fragrant. Tall, strong grower, and free bloomer. Late mid-season. Very attractive. **\$1.00 each.**
- L'AVENIR.** (Calot 1868.) Globular, medium compact, anemone type bloom. Reddish-violet, center mixed with yellow. Very strong, tall, free bloomer. Mid-season. **\$1.00 each.**
- L'ETINCELANTE.** (Dessert 1902.) (See illustration, page 52.) Single, cup shaped flower. General impression, crimson-pink. According to color chart, a rich clear carmine, broadly edged with silver. One of the showiest and best Single varieites. **50 cents each.** Recommended.
- L'INDISPENSABLE.** A variety of unknown French origin sent out from Holland, greatly confused with "Eugene Verdier." The two are entirely distinct however, "L'Indispensable" being very much taller, earlier, has differently formed flowers, very full, globular, rose type. Lilac-white, shading to pale violet rose toward the center. Very light buds, slow to open. **50 cents each.**
- MADAME BOULANGER.** (Crousse 1886.) Very large, full bloom of rose type. Glossy soft rose-pink shading to lilac, bordered silvery flesh. Late blossoming. **\$3.00 each.**
- MADAME BREON.** (Guerin 1850.) Medium size, bomb type. White with shell-pink guards, red carpels and pink stigmas. Good habit. Early to mid-season. **\$1.00 each.**
- MADAME CALOT.** (Mieliez, 1856.) Very large, rose type. Pale hydrangea pink, center shaded darker; collar tinted silver. Fragrance XX. Tall, strong grower, free bloomer. Early. **50 cents each.**
- MADAME CHAUMY.** (Calot 1864.) Medium size, globular, very compact, perfect rose type. Satiny rose-pink, or pale lilac-rose, with silver reflex, central petals slightly darker; flecked crimson occasionally. Free bloomer in clusters. Mid-season. **50 cents each.**
- MADAME CROUSSE.** (Calot 1866.) Medium size, globular, crown type. Pure white, center delicately flecked crimson. Mid-season. Plant medium, strong, vigorous grower with a rather spreading habit. **\$1.00 each.**
- MADAME DUCEL.** (Mechin 1880.) Large, globular, typical bomb type, petals incurving somewhat resembling a Chrysanthemum. Light mauve-rose, with silvery reflex. Fragrant. Mid-season. Foliage very large, dark, green, medium height. **\$1.00 each.** Recommended.
- MADAME GEISSLER.** (Crousse 1880.) Very large, compact, globular, imbricated, rose type. Violet-rose, tipped silver. Very fragrant, spreading habit. Mid-season. **\$3.00 each.** Recommended.
- MARGUERITE GERARD.** (Crousse 1892.) Large, compact, semi-rose developing into a crown with stamens. Very pale hydrangea-pink, fading to nearly white, central petals minutely flecked dark carmine. Strong, medium height, free bloomer. Late. **\$2.00 each.**
- MARIE STUART.** (Calot 1856.) Crown type. First impression, white. Cream-white, with pale pink guards, center flecked crimson, all fading to white. Guard petals are well differentiated, thick collar of narrow yellowish petals, on young bloom. Good early variety. **\$1.00 each.**
- MODESTY.** (Kelway.) Japanese type. Form of bloom, flat and loose. Guards clear milk white, cream center. Hairy green carpels, and white stigmas. The largest and finest of the white Japanese varieties, all of which are very rare. Very pleasant fragrance. Blooming time, midseason. Habit of plant, growth medium strong, healthy, medium erect, medium height, medium compact. **\$10.00 each.**
- MONSIEUR BOUCHARLAT AINE.** (Calot 1868.) Large, full, compact, semi-rose type. Uniform light violet-rose, with silvery reflex. Very strong erect grower, medium height, free bloomer. Mid-season to late. **\$1.00 each.**
- MONSIEUR DUPONT.** (Calot 1872.) Large, flat semi-rose type bloom. Cream to milk-white, petals are intermingled with stamens at all stages of development, but mostly concealed; petals streaked or splashed crimson. Odor pleasant. Free bloomer in clusters. Plant is a strong, tall grower, with a very stout stem, and upright habit. Mid-season to late. Very good. Similar to "Boule de Neige." **\$1.00 each.** Recommended.
- MONSIEUR JULES ELIE.** (Crousse 1888.) A very large medium compact, bomb type flower. Total effect, pale lilac rose, guards and center clear, collar tinted lighter than guards. A very attractive pink,

Rare and Selected Peonies—Continued

base of collar petals amber yellow. Fragrance very pleasant. One of the finest pink varieties grown, somewhat resembling a chrysanthemum. Early to mid-season. Habit of plant medium erect, medium height, medium compact. **\$1.00 each.** Highly recommended.

PRINCESS BEATRICE. (Kelway 1886.) Large compact high crown. Guards and crown light violet rose, collar cream-white, center flecked crimson. Fragrant. Strong, vigorous, medium height, free bloomer. Early mid-season. **50 cents each.**

QUEEN VICTORIA. (Kelway.) Large, globular in form, medium loose, low crown. Milk-white guards, tinted flesh; center cream-white, with crimson flecks. Very fragrant. Medium height, strong, free-bloomer. Mid-season. Very popular, being one of the best white varieties. **75 cents each.** Recommended.

ROSY DAWN. (Barr.) (See illustration, below.) One of the largest Single Peonies, if not the largest. Snow-white flowers, tinged blush at first, resembling a great white water-lily. **\$1.00 each.**

SARAH BERNHARDT. (Lemoine 1906.) A very large, beautiful flat, imbricated, compact semi-rose type blossom. Flowers of remarkable size and freshness in huge clusters, and of unusual perfection in form. First impression is an apple-blossom pink, with each petal silver tipped. According to color chart, a mauve rose; guards clear, collar same as guards, center clear. Pleasant fragrance, late blossoming. Habit of plant, medium erect, tall medium compact, growth strong. **\$5.00 each.** Recommended. This variety should not be confused with Dessert's "Sarah Bernhardt" so-called, as it is entirely different.

SIR THOMAS LIPTON. (Kelway.) Large, loose flat, semi-double flower. A uniform bright rosy crimson, showing the golden-yellow stamens prominently in the center. Pleasant fragrance. Mid-season. Plants of medium height, strong, erect growth, producing their flowers abundantly. **\$1.00 each.** Recommended.

UMBELATA ROSEA. (Unknown.) Informal rose-type. Guards violet-rose shading to amber-white center. Strong upright grower. One of the most popular. **75 cents each.**

"L'Etincelante" Rose-pink, 50 cents each.
"Millais" deep crimson, \$1.00 each. "Rosy Dawn" white, \$1.00 each.
The three for \$2.00 prepaid. Flowers in illustration about one-third actual size.

Single Peonies

Single Peonies are becoming more and more popular each year, many people considering them more artistic and beautiful than the double ones. They are exceptionally attractive, and not at all common in the garden, making them especially desirable. They are very airy and stand out prominently, producing their blossoms in great abundance. The great variety of colors, and their fantastic shapes make them ideal for the home garden. For Landscape effects, they are especially valuable, on account of their brilliant colors, and upright habit, and the fact they are not easily beaten down by storms.

I have a very choice collection, principally seedlings, possessing the most delicate and rarest shades; but my stock is insufficient for me to offer them under names, therefore, I offer them under color, and at greatly reduced prices. I have over two hundred different shades in Single Peonies, and can furnish in the following colors.

Large-flowered pale pink **1.00 each.**
Largest deep crimson shades **1.00 each.**
White shades, and pure white **1.00 each.**

Pale pink and delicate shades **75 cents each.**
Crimson shades **75 cents each.**
Pink and white shades **75 cents each.**

The Iris.

The origin of its name is as fanciful as its color. Pliny wrote that "Iris" is Egyptian for "eye" and that the name Iris signifies Eye of Heaven. The word "iris" is the Greek for "rainbow." In Grecian mythology Iris, the rainbow personified, was one of the minor goddesses and messenger of the greater divinities, particularly of Juno.

FLOWER-DE-LUCE.

Beautiful lily, dwelling by still rivers,
Or solitary mere,
Or where the sluggish meadow-brook delivers
Its waters to the weir.

Thou laughest at the mill, the whirl and worry
Of spindle and of loom,
And the great wheel that toils amid the hurry
And the rushing of the flume.

Born in the purple, born to joy and pleasance,
Thou dost not toil nor spin,
But makest glad and radiant with thy presence
The meadow and the lin.

The wind blows, and uplifts thy drooping banner,
And round thee throng and run
The rushes, the green yeoman of thy manor,
The outlaws of the sun.

The burnished dragon-fly is thine attendant,
And tilts against the field,
And down the listed sunbeam rides resplendent
With steel-blue mail and shield.

Thou art the Iris, fair among the fairest,
Who, armed with golden rod
And winged with the celestial azure, bearest
The message of some God.

Thou art the muse, who far from crowded cities
Hauntest the sylvan streams,
Playing on pipes of reed and artless ditties,
That come to us as dreams.

O flower-de-luce, bloom on, and let the river
Linger to kiss thy feet!
O flower of song, bloom on, and make forever
The world more fair and sweet.

—Henry W. Longfellow

THE IRIS.

"Oh beautiful ! beautiful flower!
The ward of the sunbeam and shower
In garments of woven delight,
Of the sunset, Aurora and light.
While over thy beauty there plays
Such blending of color and shade,
Such delicate tintings and rays,
Well becoming a heavenly maid.
Ethereal lovely and sweet,
Thy Presence we joyously greet.
Thy mother, fair Iris, in beauty supreme,
Took all her rich fabrics of loveliest sheen,
The robes of the rainbow, flower garden
of air
Of hewildering beauty, resplendently fair,
And made for her child such a dazzling
dress
No daughter of royalty e'er could pos-
sess."

—Harrison.

The Iris Make Effective Border.

"FRANCIS BENNETT." One of the tallest and most beautiful German Iris.

The Iris

Fleur de Lis or Iris Germanica

Familiar and well-beloved flowers of Spring. The purity of their beauty and their haunting fragrance is decidedly refreshing. The winsome, modest beauty of some, forming a striking contrast to their more glorious sisters arrayed in a sheen of iridescent splendor. They fairly out rival the Orchid in the wide range of coloring, which includes yellows, from light canary to deep golden; blues from soft lavender to intense purples; reds, from pinkish mauve to claret and maroon; beautiful bronzes, and pure whites; while some varieties are marked and margined in exquisite harmony.

The Iris grows well in any kind of soil. Succeeds in partial shade but gives the most satisfactory results in a dry, sunny location. Iris Germanica are perfectly hardy and require only ordinary cultivation; growing luxuriantly but respond quickly to any extra care giving larger and more beautiful flowers. They should be planted in the Fall during August, September and October. Plant the bud or crown about two inches below the surface, hoe or cultivate frequently for best results.

In the following descriptions Standards signify the three standards (erect, or upright curling petals); Falls —the three falls, or drooping petals.

My collection of Liberty Iris consists of the very newest and choicest up-to-date novelties and the finest standard varieties.

New and Rare Irises for 1922

I will ship the collection of 12 new and rare Iris prepaid to any part of the world for \$30.00.

ALICE H. BAYNE. One of the most beautiful New Irises. Standards lavender; Falls, rose-claret. 36 inches tall. **\$1.00 each.** Mid-season.

B. Y. MORRISON. The standards are pale lavender violet, the falls velvety raisin-purple and their wide lavender border has a dark outline. Awarded a Certificate of Merit by the Massachusetts Horticultural Society. **\$5.00 each.**

FRANCIS BENNETT. (See illustration above.) One of the largest and finest to my knowledge. Equal in size to "Lohengrin." A most exquisite self-colored variety between catalpa-rose and bright rose-claret, with a beautiful orange beard. Plants are fully as tall as "Lohengrin," being 36 inches in height. The finest of Dimphe's Pallida seedlings, and one that it is a pleasure to introduce. **\$10.00 each.**

IRIS KING. Truly properly named, as this variety is a king among irises. Standards rich golden-yellow with shades of fawn; Falls, deep crimson-wine; all petals of peculiar velvety and superb coloring.—A magnificent iris. **\$1.00 each.**

JACQUELINE. Another Dimphe seedling that I can highly recommend, and that I take pleasure in introducing. A seedling from "Jacquesiana." Standards, smokey or dusky light bronze violet; Falls, rich

purple maroon. Similar in habit to "Jacquesiana," 28 inches tall. **\$10.00 each.**

LORELEY. Splendid landscape variety, with lemon-yellow, sometimes splashed with purple standards, and ultra-marine blue Falls bordered cream and veined white. Mid-season. **\$1.00 each.**

LA GRANDEUR. Standards rich deep lavender; Falls, lavender blue. 30 inches tall. **\$1.00 each.**

OSCEOLA. Standards, smokey lavender; Falls, purple, reticulated white. A tall stately variety averaging about 30 inches in height. **\$1.00 each.**

PRINCESS VICTORIA LOUISE. (See illustration on page 55.) An exceptionally good landscape variety, with light yellow standards and plum colored falls bordered cream. Similar to "Loreley" but in general of slightly lighter colors. Late mid-season. One of the largest and best. **\$1.00 each.**

STANLEY. One of the best I am introducing. Standards of coppery rose, Falls, violet purple reticulated pale yellow. 30 inches tall. **\$1.00 each.**

TURQUOIS. Standards, rose lavender; Falls, bright rose claret. 28 inches tall. **\$2.00 each.**

WANETA. Standards, soft pale yellow; Falls a blending of lavender and pale yellow. 26 inches tall. **\$1.00 each.**

Select Iris of Special Merit

This superb collection of Ten Wonderful Irises, prepaid to any part of the World for \$5.00.

HER MAJESTY. Very attractive on account of its rich and unusual color. Standards, heliotrope of tissue-like delicacy; inner petals straw and lavender; Falls, light mauve, traced with white. A very fine, rich flower. **35 cents each; \$3.50 per dozen**

JACQUESIANA, Syn. CAROLINE de SANSEL and CONSCIENCE. Standards, bright, coppery-crimson; Falls, rich maroon. **75 cents each.**

LOHENGRIN. Standards and Falls of cattleyarose; one of the largest and best of the Irises to my knowledge, and without exception the finest pink shade. **75 cents each.**

LORD GREY. Clouded rose fawn. A very odd and novel shade, very rare and uncommon among the Irises. **50 cents each.**

MADAME CHEREAU. The pride of the German Iris; a tall stately queenly flower. A majestic specimen of entrancing beauty. Standards, white, edged and fringed mauve, interspersed with lilac; inner petals white; Falls, white, edged the same as the Standards. **35 cents each; \$3.00 per dozen.**

NIBELUNGEN. Standards of fawn-yellow; Falls of violet-purple with fawn margins. A very handsome variety, that I can highly recommend. One of the very largest. **\$1.00 each.**

PALLIDA DALMATICA. A much desired variety, with strong broad leaves, large plants producing tall stately clear lavender flowers. **50 cents each. 36 inches in height.**

PRINCE OF WALES. Standards and Falls white delicately suffused with pale blue; very fragrant. **36 inches tall. 35 cents each.**

“PRINCESS VICTORIA LOUISE” in foreground.

(See description on page 54.)

RHEIN NIXE. The largest of its color to my knowledge, and in my estimation one of the very best. Standards, pure white; Falls, deep violet blue, with a white edge. **75 cents each.**

WALHALLA. One of the finest of the new varieties. Standards, lavender; Falls, wine-crimson. Large finely formed flower. **50 cents each.**

General Collection of Iris

I will send this collection of 12 Irises for \$3.00, prepaid, or the first 8 for \$2.00.

COMPTE de ST. CLAIR. Deep violet with white margin. **25 cents each; \$2.50 per dozen.**

FLAVESCENS. Standards and Falls, a delicate shade of soft yellow. Very fragrant; fine for massing. **25 cents each; \$2.50 per dozen.**

FLORENTINA ALBA, Syn. SILVER KING. The finest white variety. Standards and Falls, porcelain, changing to pure white. Large and very fragrant. **25 cents each; \$2.50 per dozen.**

HERANT. Standards, beautiful lavender-blue; Falls blue. Very large and tall. **25 cents each; \$2.50 per dozen.** The finest of the blue shades.

HONORABLES. The most popular of all Iris. Similar to Sans Souci. Standards, beautiful golden yellow; Falls, rich mahogany-brown. Very effective. **15 cents each; \$1.50 per dozen.**

KHEDIVE. A beautiful soft lavender, with distinct orange beard. **25 cents each; \$2.50 per dozen.**

MARGOLIN. Standards, light clear yellow; Falls, yellow, interlaced with magenta. **25 cents each; \$2.50 per dozen.**

PALLIDA SPECIOSA, Syn. TURKEY FLAG. Standards, dark lavender, shaded lighter; Falls, shaded light purple. **25 cents each.**

PANCHUREA. Standards, a light, smokey, shade; Falls, dull violet-red. **25 cents each; \$2.50 per dozen.**

PENELOPE. White delicately veined reddish-violet. **25 cents each.**

QUEEN OF MAY. An early flowering delicate old rose. Tall and stately. **35 cents each.**

VENUS. Standards, pale yellow; Falls, purple reticulated yellow; dwarf. **25 cents each.**

SIBERIAN IRIS: "SIBERICA ALBA"

25 cents each; \$2.50 per doz. See below for description

Siberian Iris

The Siberian Iris do well in damp places. Plant three inches deep.

SIBERICA. (Siberian Blue.) (See illustration, page one.) Rich blue flowers of exquisite beauty. 25 cents each; \$2.50 per dozen.

SIBERICA ALBA. (See illustration above.) (Siberian White.) A beautiful white flower. 25 cents each; \$2.50 per dozen.

SPECIAL IRIS OFFER:—To give my friends and customers an opportunity to have a more complete collection of these early blossoming favorites, I am making the following offer—

I will ship you Five Choice Named Varieties of Iris for \$1.00, transportation charges prepaid to any part of the United States or Canada. If you have Irises, and wish different varieties from those you are growing, tell me the color and name if you know it, and I will make a selection of varieties that does not include what you have, which will give you five new colors. In making this selection, I will use my best judgment, giving you the greatest variety of colors possible, and varieties I believe will give you satisfaction.

Hardy Perennial Phlox

Among hardy herbaceous plants, none are more showy or more easily grown than the Phlox. They are very desirable planted in groups. Individual clumps throughout perennial beds make a very satisfactory display, while mass plantings of one color make the most effective showing.

They produce magnificent trusses of flowers, commencing to blossom in July, and lasting for weeks, making them always favorites of the garden. Their flowers have a very agreeable odor, and are produced in abundance. The plants are perfectly hardy and will grow year after year with but little care. I recommend frequent cultivation, however, as they quickly respond to it, producing much large trusses, and larger and more beautiful individual flowers. Simply keep the ground clear of weeds and well hoed. They will grow and do well in any soil; but prefer a good rich well drained loam. They may be planted in the Fall during August, September and October; and in the Spring during April, May and until the plants are too far advanced in June. In planting be sure that the crown of the root, that is, the part where the new shoots start, is two inches below the surface of the ground.

Choice New and Rare Phlox for 1922

TWELVE CHOICE NEW PHLOX FOR 1922 prepaid for \$5.00.

ANNIE COOK. An exceptionally compact sturdy variety. Pale amaranth pink with rose eye. A very delicate shade. Medium height. **50 cents each, \$5.00 per dozen.**

EUROPA. A very distinct new Phlox that wins instant favor, and proves deserving of a place in the gardens of the most particular. The plants are remarkably sturdy, and of good erect habit. The individual flowers and trusses are very large, which add to its value. White with a decided crimson-carmine eye. **50 cents each.**

FRAU ANTON BUCHNER. An exquisite pure white variety. Plants are of medium height, and very sturdy. The individual flowers of this variety are much larger than those of any other white variety to my knowledge. **50 cents each.**

GRUPPENKOENIGIN. One of the finest new Phloxes. Deep mallow pink with tyrian rose eye. Very large trusses; individual flower of enormous size. **50 cents each.**

HENRY MURGER. An exceptionally good salmon variety having good perfect trusses, and very large individual flowers. This is one of the very finest salmon-rose shades, and has all the good qualities of a Phlox. It is one of the very largest varieties I have seen. **35 cents each.**

LE SOLEIL. One of the most beautiful Phlox grown. Brilliant china rose, with white ring around a deep rose eye. **50 cents each, \$5.00 per dozen.**

MAUVE QUEEN. Tyrian pink with very distinct amaranth red eye. Very large individual flowers on good trusses. **75 cents each.**

PANTHEON. Flowers are very large; pink or salmon-rose; one of the most distinct varieties; Sturdy plants of medium height. **35 cents each, \$3.50 per doz.**

PEACH BLOW. One of the most delicate shades among the new phlox. Deep rose pink with white ring and tyrian pink eye. **50 cents each, \$5.00 per dozen.**

THOR. A most beautiful and lively shade of deep salmon-pink, suffused and overlaid with a scarlet glow; with a light, almost white halo surrounding the aniline-red eye. This lovely variety holds a supreme place among the deep salmon-pink, and it is a pleasure to recommend this new creation. It is of exceptionally good habit, being tall and sturdy and producing immense trusses. Flowers are of gigantic size. **50 cents each.**

W. C. EGAN. One of the very finest Phloxes yet introduced, and a variety that wins instant favor, while the individual flowers, according to color chart, are of a delicate lilac, illuminated by a large bright sofferino eye, the color effect, as a whole, is a pleasing shade of soft pink. In habit of growth it is very strong and vigorous; producing immense panicles of flowers nine inches high by seven across, and the individual flowers are frequently over 1½ inches in diameter. Very satisfactory and one that I can highly recommend. **50 cents each.**

WIDAR. A very attractive and rare variety that I can highly recommend. Pure purple with a prominent white center. Different from all the other varieties. **\$1.00 each.**

Selected Phlox

Prices 25 cents each; \$2.50 per dozen; \$15.00 per 100, except where noted, prepaid.
If wanted in large lots send for 1,000 rates

ALCESTE. A rare color—deep violet, shading almost to blue. The plant is of strong, sturdy growth, of medium height, and produces remarkably large trusses; individual flower of largest size.

BARON VON DEDEM. A rich satiny blood-red with large attractive panicles. Truss of good size. Medium height. Mid-season. **35 cents each.**

BRIDESMAID. One of the very best Phlox grown. White with large rose-crimson center. Very showy and desirable. Plants exceptionally sturdy, producing large trusses. Medium height.

CREPUSCULE. A superb variety with very large individual flowers, which form a truss of immense size. The coloring of this variety is very odd, and attracts considerable comment; a very difficult variety to describe; an odd shade of lavender violet, shading to pale blue.

ECLAIREUR. An old favorite. One of the largest and best. Bright rose-carmine with light halo, a bright and cheerful face. The plants are very strong and sturdy, making a perfect border.

GENERAL VAN HEUTSZ. A very brilliant salmon-red, with an occasional light shading at the center. A variety of medium height, and good habit. This is one of the showiest. **35 cents each.**

JEANNE D'ARC or SNOW QUEEN. Undoubtedly the very finest pure white variety to date. The plants are extra strong growers of medium height, producing exceptionally large heads. Ideal for hedging or massing. Highly recommended.

LA VOGUE. Silvery-rose, with deeper rose eye.

LE MAHDI. A perfect beauty of special merit. The flower is a rich, dark violet-purple, a color rare among Phlox. The plants are very strong and robust; they are of medium height and produce large flower trusses; individual flowers exceptionally large.

MARY LOUISE. Pure white with an exquisite rose-violet eye. Large trusses. **35 cents each, \$3.50 per dozen.**

MISS LINGARD. New Glossy Foliage Phlox. White, with faint lilac eye. This variety is an early-flowering Phlox and blooms continually throughout the season. Plants are tall, sturdy, and first-class for bedding. Dark, glossy, green foliage.

PROFESSOR SCHLIEMAN. Bright lilac-rose with carmine eye. Very late to bloom.

RICHARD WALLACE. White with distinct violet eye. One of the most popular, and best known. An exceptionally good variety, that is always reliable, proving a favorite everywhere.

The above collection of 13 distinct named varieties one of each for \$3.00 prepaid.

Hardy Perennials

We are sure that nothing gives our customers greater satisfaction about their grounds than a well arranged flower garden of Hardy Plants. With the proper selection of varieties, flowers may be had in bloom from early Spring until severe frost; many of them will succeed where less hardy varieties would prove a total failure; once planted they make a permanent bed and are therefore less trouble and expense than where tender plants are used and while they are of the easiest culture and do better with less care than most other varieties, yet they well repay any extra attention that may be given them. A properly prepared bed to receive them should be deeply forked or spaded with a liberal supply of well rotted manure thoroughly worked in. Bone-dust and also some commercial fertilizers produce excellent results and may be applied in small quantities several times during the season and lightly raked into the soil.

Although not absolutely necessary, a winter covering of long, strong, coarse litter or similar material will afford such protection as to guard against sudden changes of freezing and thawing, and the plants will be in a stronger condition to make an early start in the Spring to pay for the little trouble incurred. Manure can also be used, but a heavy covering on evergreen varieties would be likely to rot and kill them. Roots cannot be shipped until about March 15th, because our ground is frozen or snow-covered until about that date, usually making it impossible to dig them. All hardy plants shipped prepaid at prices quoted.

ACHILLEA—"The Pearl"

A summer-blooming variety, worthy of a place in every garden. The flowers are pure white, very double, and are produced in large sprays on long stems, are much used by florists for cut-flower work. Perfectly hardy. Particularly desirable for cemetery planting. 18 inches. **25 cents each; \$2.00 per dozen, prepaid.**

AQUILEGIAS or COLUMBINES

The Columbines are one of the most elegant and beautiful of hardy plants, producing their graceful spurred flowers on stems rising two or more feet above a beautifully divided foliage. They should be planted wherever their presence will serve to lighten up a too stiff and formal planting. No other plant has so airy a grace as the Columbine, is more generous of its blooms, or is more effectively adapted for cut flowers. They are not at all particular as to soil or location, although they prefer a sandy loam and a moist but well drained, sunny position. Their period of flowering covers the late Spring and early Summer months and they usually make themselves at home in any hardy border or rockery.

COERULEA HYBRIDS. (Rocky Mountain Columbines). Including all the well-known colors and shades. **25 cents each; \$2.50 per dozen.**

COERULEA ROSE SHADES, principally selected rose-shades. These are very choice. **35 cents each; \$3.50 per dozen.**

CHRYSANTHA HYBRIDS. Long-spurred, delicate and most exquisite blendings of rose, salmon and yellow shades. **50 cents each; \$5.00 per dozen.**

SKINNERII. Flower of scarlet and yellow, with long red spurs. **35 cents each, \$3.50 per dozen.**

HARDY ASTERS

Michaelmas Daisies or Starworts

These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom during September and October, a season when most other hardy flowers are past. For best effects, they should be planted in masses of one color.

ASTER, AMELLUS BESSARABISCUS. Rich, purplish-blue flowers, with orange centers. Good for cutting. 12 to 18 inches in height, blossoming in August and September. **25 cents each.**

CLIMAX. A splendid new variety that I can highly recommend. Flowers of light lavender-blue, of very large size, and produced abundantly. Individual flower from 1 to 1½ inches in diameter. Plants grow three to four feet tall. **25 cents each, \$2.50 per dozen, \$18.00 per 100.**

HARDY PERENNIALS—Continued.

ASTER. LONGIFOLIA FORMOSISSIMA. One of the most popular bright violet Asters. Plants grow three feet tall. 25 cents each, \$2.50 per doz, \$18.00 per 100.

NOVAE-ANGLIAE. The largest and best bright violet-purple, with yellow centers. Immense heads. Flowering during September and October. Plants grow from 3½ to 5 feet tall. 25 cents each, \$2.50 per dozen, \$18.00 per 100.

NOVAE-ANGLIAE ROSEUS. The largest deep pink Aster, a beautiful rosy-pink to purplish mauve. Immense heads; flowering during September and October. Plants grow from 3½ to 5 feet. 25 cents each, \$2.50 per dozen, \$18.00 per 100.

T. S. WARE. Delicate rosy-lilac, large flowers, one of the best of its color. Three to four feet tall. 25 cents, \$2.50 per dozen, \$18.00 per 100.

ST. EGWYN. The best of the pink flowering Asters to-date. A large soft pink, strong grower, dwarf bushy habit, immense heads. 2½ to 3 feet tall. Very abundant flowering, and one I highly recommend. 25 cents each, \$2.50 per dozen, \$18.00 per 100.

Two plants of each of the above seven varieties prepaid to your address for \$3.00.

ASTILBE

ASTILBE, GLADSTONE. 12 to 18 inches. Flowers white. 35 cents each.

ASTILBE, QUEEN ALEXANDER. Beautiful pink flowers on plants 12 to 18 inches tall. 35 cents each, \$3.50 per dozen.

BOLTONIA

ASTEROIDES. (False Chamomile.) This is an excellent decorative flower. Very desirable to hide unsightly fences, and places in the yard. The bushy plants grow 5 feet high, covered with small, white flowers of the Aster-type. Very effective for vases. Strong plants. 20 cents each; \$2.00 per dozen, prepaid.

BUDDLEIA or BUTTERFLY BUSH

Buddleia, variabilis veitchiana. Beautiful violet-mauve flowers, with a distinctive odor. A continuous and very satisfactory Summer-flowering plant. Flowers are borne on long, cylindrical spikes, six to twelve inches in length. Blossoms satisfactorily first year planted. 50 cents each; \$5.00 per dozen.

CENTAUREA

CENTAUREA, MONTANA. (Perennial Corn-flower.) Plants from 12 to 15 inches in height; a rosy purple, flowering from July to September. 25 cents each; \$2.50 per dozen.

CENTAUREA, WHITE LEAVED or DUSTY MILLER. (See illustration page 45.) Fine plants of easy culture, that are suitable for hot sunny situations, in the border or rockery. Their white foliage contrasting with the foliage of other hardy plants, making them very showy. 25 cents each; \$2.50 per dozen.

CHRYSANTHEMUM

The hardy old-fashioned Chrysanthemums are among the most popular plants of the garden, blossoming when all other flowers have been killed by frost. All the varieties I offer are absolutely hardy, and adapt themselves to any situation.

One of each of the following 20 varieties prepaid to your address for \$5.00; or one each of the first ten varieties for \$3.00.

ANNA L. MORAN. The finest of the red Pompons; a brilliant flame scarlet. 50 cents each.

BABY. Everybody's favorite. The smallest yellow Pompon variety grown. 25 cents each.

BALTIMORE. Violet-red, large single, quilled petals. 25 cents each.

BABY MARGARET. Said to be a pure white sport of "Baby" a very beautiful thing. 25 cents each.

CONNIE DICK. Clear glowing yellow pompon. 35 cents each.

DAPHNE. Large double deep daphne-pink. 25 cents each.

FERNRIDGE. A blending of scarlet and terra-cotta. One of the best of the Single varieties. 25 cents each.

GOLDEN FIREBRAND. Deep golden yellow variety, in full flower by middle of September. The earliest Chrysanthemum we have seen. 35 cents each.

IDA CATHERINE SKIFF. Single flowers of bright bronzy amber. 25 cents each.

LILLIAN DOTY. By far the finest pink of the Pompon family. 50 cents each.

MISS RUTH S. BERGEN. Brilliant amaranth with a straw-yellow zone around the center. One of the best of the single varieties. 35 cents each.

MRS. F. H. BOYLN. Large double white flowers. 25 cents each.

MRS. HENRY F. VINCENT. An exquisite shade of fawn and bronze with salmon-pink shadings. One of the most popular Pompon varieties. 50 cents each.

MRS. W. E. BUCKINGHAM. A very beautiful pink Single. 25 cents each.

MRS. W. H. WAITE. A soft Enchantress Carnation pink blending to white. Single flowers. 25 cents each.

NIZA. Delicate pink Pompon. One of the earliest and most satisfactory. 50 cents each.

ROSE TREVENNA. Rose colored Pompon, much deeper in color than the usual pink sorts. 25 cents each, \$2.50 per dozen.

VIVIAN COOK. Bright canary-yellow. Single. 25 cents each.

WHITE DOTY. Undoubtedly the finest white Pompon. 35 cents each.

YELLOW ADVANCE. Large full bright golden-yellow flowers. 25 cents each.

DELPHINIUM or HARDY LARKSPUR

Mrs. Ely, author of "A Woman's Hardy Garden," says:

"Perennial Larkspur may be planted as soon as the Spring has opened. The ground should be well drained and carefully prepared, but manure must not be allowed to come in contact with the roots, or grubs are apt to destroy the plants. A little finely ground bone meal dug around each plant early in May will be of benefit, and in late Autumn coal ashes should be sifted over the crowns of the plants to protect them from the white grub, which is their only enemy. The stalks being very tender, the plants should be staked when they are about three feet high, to protect them from heavy winds. Larkspur begins to bloom about June 20th, and by cutting off the plants close to the ground, as soon as each crop of flowers has faded, a second and third crop of flowers will succeed. Each time the plants are cut a little bone meal should be dug about them."

BELLADONNA. The freest and most continuous bloomer of all, never being out of flower from the end of June until cut down by hard frost. The clear turquoise-blue of its flowers is not equaled for delicacy and beauty by any other flower. 35 cents each; \$3.50 per dozen; \$25.00 per 100.

Choice Hybrids, including all the standard colors. I can supply these in mixtures only. 25 cents each; \$2.50 per dozen.

CHINESE. (Grandiflorum or Chinese Larkspur.) Fine feathery foliage and deep gentian blue flowers. 2 feet. 50 cents each, \$5.00 per dozen.

—CHINESE ALBUM. A white flowered form. 2 feet. 50 cents each, \$5.00 per dozen.

HARDY PERENNIALS—Continued

DIANTHUS—PINKS

DIANTHUS BARBATUS. (Sweet William.) 10 to 20 inches high, blossoming in July and August. One of the oldest garden flowers, which perpetuates itself by self-sowing. Colors, a good mixture of the most beautiful shades of crimson, white and Newport pink. **25 cents each, \$2.50 per dozen.**

DIANTHUS PLUMARIUS. (Scotch Pink.) A favorite plant in old time gardens, blossoming in June, and having a distinct fragrance. Flowers are double, and of a beautiful clear light pink. 9 inches in height. **25 cents each; \$2.50 per dozen.**

DIANTHUS PLUMARIUS DELICATA. New seedling pink, from *Dianthus plumarius*. Very beautiful delicate pale pink flowers, blossoming in June. 9 inches in height. **35 cents each. \$3.50 per doz.**

DIANTHUS, SEMPERFLORENA. 9 to 12 inches. Single and semi-double flowers. Pink, with crimson-red center. **35 cents each, \$3.50 per dozen.**
One each of the above four varieties for \$1.00 prepaid.

DICENTRA or BLEEDING HEART

DICENTRA, SPECTABILIS. Long racemes of graceful, heart-shaped flowers of a deep live pink shade. Finally cut ornamental foliage. Plants growing from 12 to 18 inches, flowering in April, May and June **50 cents each.**

FUNKIA Plantain Lily

FUNKIA—Plantain Lily. The Plantain Lilies are among the easiest plants to manage; their broad, massive foliage makes them attractive subjects for the border, even when not in flower. Lavender-blue blossoms in July, August and September. They succeed equally well in sun or shade. **20 cents each; \$2.00 per dozen.**

HEMEROCALLIS

(Yellow Day Lily.)

Popular hardy plants, belonging to the Lily family. They succeed everywhere and should always be included in the border of old-fashioned hardy plants.

From Greek, *hemero*—day, and *kallós*—beautiful; because the beautiful blossoms close at night.

One of the most beautiful and popular of our garden perennials. The Lemon Day Lilies have narrow grass-like foliage, and the flowers have wide funnels. Small plants will flower freely the first year. The plants are all remarkably free from enemies and need no protection even in the severest winters. The flowers are very simple, yet distinct, with a wholesome fragrance. The individual flowers are short-lived, but there is a good succession. They thrive in almost any garden soil, but are most luxuriant along the borders of ponds or moist places, and in partial shade. Excellent for cutting, lasting a long while, and the most backward buds opening in water.

Our stock of *Hemerocallis* is field-grown, and can be depended upon to be true to name.

APRICOT. Rich apricot colored flowers. Plants grow 2½ feet tall. **25 cents each, \$2.50 per dozen.**

AURANTIACA. (Carolina Lily.) A beautiful, large trumpet-shaped Day Lily with fragrant orange flowers. One of the most satisfactory; height 2 to 3 feet; flowers in June and July. **35 cents each; \$3.50 per dozen.**

FLAVA. (Yellow Day Lily.) The best known variety; very fragrant, deep, clear lemon-yellow; flowers in June; height, 2 to 3 feet. **25 cents each; \$2.50 per dozen.**

FULVA. (Tawny Day Lily.) One of the most common varieties. Height, 4 to 5 feet; trumpet-shaped flowers of a bronzy orange-red color; flowers from June to August. **25 cents each; \$2.50 per dozen.**
One each of the above four varieties for \$1.00 prepaid.

HIBISCUS (Mallow or Malva)

From Old Greek, meaning to soften, referring to its soft, mucilaginous qualities.

Tall vigorous growing perennials of the most ancient culture. Used among the Romans as a vegetable, and still serves as food to the Chinese.

MALLOW MARVELS or GIANT FLOWERING Hibiscus. (Marshmallow.) An improved form of our native Marshmallow or Rosemallow, in which the colors have been greatly intensified. Robust, upright habit, producing an abundance of flowers of enormous size, in all the richest shades of crimson and pink. Strong roots, **50 cents each, \$5.00 per dozen.** Small divisions at **25 cents each, \$2.50 per dozen.**

LYSIMACHIA

CLETHROIDES. (Loose-strife.) A fine hardy plant, between one and two feet in height that blossoms during July, August and September. Long dense recurved spikes of pure white flowers. **25 cents each, \$2.50 per dozen.**

MONARDA (Bergamot)

(Bee Balm.)

DIDYMA ROSEA. (Bee Balm.) Showy plants growing from 2 to 3 feet in height, that succeed in any soil or position. Bright colored flowers of a reddish rose shade, with aromatic foliage. Blossoms during July and August. **25 cents each; \$2.50 per dozen.**

PAPAVER or POPPY

PAPAVER NUDICAULE. (Iceland Poppy.) 8 to 12 inches in height. These commence to blossom early—the latter part of April and first of May—and produce showy graceful flowers all summer. A good mixture of the most beautiful shades of orange, yellow and white. Good for massing in borders, or in the rock garden. **25 cents each.**

PHLOX SUBULATA

(Moss Pink)

PHLOX SUBULATA. Dwarf Moss Pinks. A much prized old-time garden plant, useful for colonizing where it is desired to cover the earth with a tufted, dense, evergreen mat. It is much used in cemeteries, rockeries, for borders, and old-fashioned gardens. Blooms profusely in the spring and is sweetly scented.

ALBA. Pure white. **25 cents each, \$2.50 per doz.**

LILACIANA. Flowers clear lilac. **25 cents each, \$2.50 per dozen.**

ROSEA. Flowers bright rose. **25 cents each, \$2.50 per doz.**

Three strong plants of each of the above three sorts, for \$2.00 prepaid.

PHYSOSTEGIA

PHYSOSTEGIA VIRGINIANA. (Ladies' Pink.) An elegant plant with dark, glossy, green foliage and long spikes of soft rose flowers; excellent for cutting. It produces its flowers during July, August, and September when few flowers are in bloom. Height, 2 to 3 feet. **20 cents each; \$2.00 per dozen.**

RUDBECKIA

(Cone Flower.)

Indispensable plants for the hardy border; grow and thrive anywhere, giving a wealth of bloom, well suited for cutting.

GOLDEN GLOW. A well-known popular plant; strong, robust grower, attaining a height of 5 to six feet; produces masses of double golden-yellow flowers from July to September. **15 cents each; \$1.50 per dozen.**

HARDY PERENNIALS—Continued

SEDUM (Stonecrop)

From Latin, sedeo—to sit; these plants growing upon the bare rocks, look as if sitting upon them.

A very diverse but charming group of plants, most of them dwarf, evergreen perennials, with pretty leaves in rosettes, and a profusion of brilliantly colored flowers, that make them exceptionally desirable in the rock garden or in the crevices of old walls, etc. Some are taller growing, beautiful-flowered border varieties, that are an adjunct to any garden. All are of the easiest culture and are most hardy and welcome perennials.

SPECTABILE ROSEA. (Show Sedum.) Most popular of the Sedums and used for the greatest number of purposes; showy, flat heads of rose colored to purple flowers. 18 inches to 2 feet. **25 cents each, \$2.50 per dozen.**

SPIRAEA or ASTILBE

(Goat's Beard, Meadow Sweet.)

Elegant border plants with feathery plumes of flowers and neat, attractive foliage; succeeds best in a half-shaded location in rich moist soil.

FILIPENDULA FL. PL. (Double-flowered Dropwort.) Numerous corymbs of double white flowers; buds tinted rose-pink; produced on stems 15 to 18 inches high, during June and July. Finely cut distinctive fern-like foliage. A very novel and desirable Hardy Plant. **35 cents each; \$3.50 per dozen.**

TRADESCANTIA

(Spiderwort.)

TRADESCANTIA ALBA. An all-round plant for wet or dry, sunny or shady situations, continuing in bloom from early summer until frost. Pure white, three-petaled flowers in clusters on long stems, and long, pointed foliage. Height 2 feet. **25 cents each; \$2.50 per dozen.**

TROLLIUS or DOUBLE BUTTERCUP

TROLLIUS or DOUBLE BUTTERCUP. Trollius, **Europaeus.** Desirable early flowering plants, producing their giant Butter-cup like blossoms on stems 8 to 12 inches in length during May and June, large, bright yellow, globular flowers. **25 cents each; \$2.50 per dozen.**

HARDY GARDEN HELIOTROPE

Valeriana (Spurred Flower.)

VALERIANA OFFICINALIS. The old-fashioned garden Heliotrope with pinkish or lavender flowers with Heliotrope fragrance; flowers in June and July; Height, 4 feet. **25 cents each; \$2.50 per dozen.**

VIOLA—VIOLETS

VIOLA CORNUTA. A very beautiful hardy violet blossoming from April until frost, and growing from 4 to 6 inches in height. Large pale blue flowers. A fine border plant. **20 cents each; \$2.00 per dozen. \$15.00 per 100.**

YUCCA

(Adam's Needle.)

YUCCA FILAMENTOSA. A stately foliage and flowering plant equally imposing in solitary or group planting; always conspicuous. The broad sword-like foliage is evergreen, while in mid-summer it shows great erect, branching stems, bearing a showy display of pendant, creamy white bells. Very fragrant; flowers in July and August. Roots **25 cents each; \$2.50 per dozen; large plants, 50 cents each, \$5.00 per doz.**

Ornamental and Flowering Shrubs

Shipped by Express at Purchaser's Expense.

A good Shrub collection will present the greatest variety of colors throughout the season, both in flower and foliage. Even in Winter they are attractive in appearance, not only the gracefulness of their stems and branches but the color of their bark, the Golden Bark Dogwood, one of the most effective shrubs during the early Spring, before leaves or flowers appear.

Irregular massing is the most picturesque method of shrub planting. When right selections are made, they will serve almost as well as Evergreens, to shut out from view fences and other low unsightly objects. It is my constant aim to grow everything that is useful, hardy and worthy of cultivation in our climate.

Annual pruning should be done directly after flowering. When planting, the best way to maintain a balance between roots and branches is to cut the latter back to half their length. I prune all I ship out, so they are properly pruned, and ready to plant and grow. When pruning, the old scraggy wood and spindly shoots should be cut out. When planting, the holes should be made large enough to allow the roots to be spread out in a natural way. Firm planting is essential to the future well-being of the shrub. In planting, therefore, the soil should be crowded around the roots firmly. The top-soil should be kept cultivated to a depth of two to three inches.

If heavy bushes are desired I have good large specimens that will produce immediate effect. These are designated by the words specimens throughout the descriptions.

BERBERIS. Barberry

BERBERIS THUNBERGII. Where a low, dwarf, deciduous hedge is wanted, nothing equals this beautiful Barberry. It is of spreading habit, growing extremely thick right from the base and requires but little pruning to keep it in shape. The leaves are small, light green, and towards Fall assume rich, brilliant color, the fruit or berries becoming scarlet; absolutely hardy in all parts of the country.

CYDONIA. Japan Quince

CYDONIA JAPONICA. A shrub with spreading spiny branches; glossy leaves; flowers are a deep scarlet, in clusters. The quince-shaped, fragrant, golden-yellow fruit remains a long time in Summer. Same price as Cornus Sanguinea.

ORNAMENTAL and FLOWERING SHRUBS—Continued.

DEUTZIA

We are indebted to Japan for this valuable genus of plants. Their hardihood, fine habit, luxuriant foliage and profusion of attractive flowers place them among the most beautiful and most popular of flowering shrubs at the present time. Flower in June and through July and August.

CRENATA ROSEA PLENA. (Double-flowering Deutzia.) Double white, tinged with pink; very desirable tall shrub. Each. Dozen.
 24 to 30 inches.....\$0.50 \$5.00
 30 to 36 inches, specimens......75 7.50
 40-inch specimen bushes..... 1.00 10.00

GRACILIS. A low-growing shrub with slender graceful branches of pure white flowers; free flowering and very sweetly scented. Each. Dozen.
 10 to 12 inches, bushy.....\$0.50 \$5.00
 12 to 15 inch, bushy specimens......75 7.50

PRIDE OF ROCHESTER. A variety of Deutzia Crenata Flore Plena and producing large, double white flowers; back of the petals slightly tinted with rose. It excels all the older sorts in size of flower, length of panicle, profuseness of bloom and vigorous habit; blooms nearly a week earlier.

	Each	Dozen

48-inch specimen bushes.....	1.25	12.00

DIERVILLA, Weigela.

A very desirable family of shrubs, all of which bloom in June.

D. HORTENSIS, CONQUERANT. One of the most beautiful of the Weigelas; with very large flowers of rich rosy pink, carmine throat. Strong vigorous grower. Blossoms profusely in June and spasmodically all Summer. Small specimen tree-shaped forms can be furnished at \$3.00 each for those two to three feet, three to four feet tree shape, \$4.00 each; five foot tree specimens, \$5.00 each. Strong bushes as follows:

1 to 2 feet.....	\$0.75 each
2 to 3 feet.....	1.00 each
3 to 4 foot specimens.....	1.50 each
4 to 5 foot.....	2.00 each
6 foot specimens.....	3.00 each

D. HYBRIDA CANDIDA (White Weigela.) One of the best. Handsome light green foliage and showy pure white flowers. Blossoms profusely in June and spasmodically all Summer. Vigorous and fine in habit.

1 to 2 feet.....	\$0.75 each
2 to 3 foot specimens.....	1.00 each
3 to 4 foot specimens.....	1.50 each

ROSEA. (Rose-colored Weigela.) An elegant shrub, with fine rose-colored flowers, introduced from China by Mr. Fortune, and considered one of the finest plants he has discovered; of erect compact growth; blossoms in June.

1 to 2 feet.....	\$0.75 each
2 to 3 feet.....	1.00 each
3 to 4 foot specimens.....	1.25 each

FORSYTHIA. Golden Bell.

The Forsythia is indispensable as an early blooming shrub. The flowers appear in immense quantities before the leaves, completely hiding the branches. It is one of the easiest shrubs to cultivate.

FORSYTHIA FORTUNEL. Upright in habit, with broad, deep green foliage, turning to a purplish tint in the Autumn; flowers deep yellow and in great profusion. Each. Dozen.
 1 to 2 feet.....\$0.50 \$5.00
 2 to 3 feet......75 7.50
 3 to 4-foot specimen bushes..... 1.00 10.00
 4 to 5-foot specimen bushes..... 1.50 12.00

HYDRANGEA.

HYDRANGEA ARBORESCENS GRANDIFLORA. (Snowball Hydrangea.) This magnificent, perfectly hardy American shrub has snow-white blossoms of largest size. One of its most valuable characteristics is its coming into bloom just after the passing of all the early Spring shrubs, while its on-going flowering season, from early June until late August, makes it a valuable acquisition in any garden. Small plants, **50 cents each; \$5.00 per dozen;** specimen plants, **\$1.00 each.**

HYDRANGEA PANICULATA GRANDIFLORA. Without doubt the best known and most popular Autumn flowering shrub in cultivation at the present time. The flowers, which are borne in dense, pyramidal panicles a foot long in the greatest profusion, are white when they first open, but gradually change to rose color, and remain in good condition for weeks. Fine bush plants, **75 cents each; \$7.50 per dozen;** extra fine bush plants, **\$1.00 each.**

LONICERA. Bush Honeysuckle.

L. MORROWII. (Japanese Bush Honeysuckle.) A shrub with wide-spreading branches; leaves dark green above and grayish beneath; creamy white flowers in May and June, followed by bright red fruits ripening in August, and lasting until late in the Fall. Very decorative.

18 to 24 inches.....	\$0.75 each
24 to 30 inch specimens.....	1.00 each
30 to 36 inch specimen bushes.....	\$1.50 each
36 to 42 inch specimen bushes.....	1.75 each

L. FRAGRANTISSIMA (Fragrant Honeysuckle.) Almost evergreen variety with profusion of highly scented flowers before the leaves. Scarlet berries.

18 to 24 inch.....	\$0.75 each
24 to 30 inch.....	1.00 each

MALUS. Flowering Crab.

MALUS FLORIBUNDA. Profuse flowering Crab. Forms a shapely bush or small tree; bud warm red, opening to light pink, delicately shaded. Delicate fragrance. In Spring, the bush is a mass of color; this is the most prolific of all. Good specimens.

2 to 3 feet.....	\$1.50 each
3 to 4 feet.....	2.00 each
4 to 5 feet.....	2.50 each
5 to 6 feet.....	3.00 each

MALUS PARKMANI. From Japan. An irregular, awkward-shaped tree when young, but a most attractive tree when filled with buds and blossoms. Each bud produces regularly five blossoms and are set on stems 3 inches long, and are so slender that they bend with the weight of the buds or bloom in a very graceful fashion. The buds are carmine in color; the open blossoms are semi-double, and the tree when in bloom presents a most gorgeous appearance.

2 to 3 feet.....	\$1.25 each
3 to 4 feet.....	1.50 each

MALUS SCHEIDECKERI (Double Flowering Crab.) A fine variety from Germany. Flowers quite double, red in bud, changing to pink or rose color. Yellow fruit.

2 to 3 feet.....	\$1.00 each
3 to 4 feet.....	1.50 each
4 to 5 feet.....	2.00 each

MALUS SPECTABILIS FL. PL. ROSEA. (Double Flowering Crab.)

2 to 3 feet.....	\$1.00 each
3 to 4 feet.....	1.50 each
4 to 5 feet.....	2.00 each

ORNAMENTAL and FLOWERING SHRUBS—Continued.

PHILADELPHUS.

(*Myrtina* or *Mock Orange*.)

PHILADELPHUS CORONARIUS. This variety is known as the "Garland Syringa." It is a strong-growing shrub often 10 to 12 feet in height, very hardy, and like all the *Philadelphus* is one of the best shrubs for situations which are partially shaded, although preferring sun. Orange-scented, creamy white flowers in May and June.

	Each	Doz.
12 to 18 inches	\$0.50	\$5.00

1 to 2 feet.....	\$0.50	\$5.00
2 to 3 feet.....	.75	7.50
3 to 4 feet.....	1.00	10.00

SPIRAEA.

SPIRAEA arguta. Feathery foliage and very profuse, pure white flowers in early May. Dwarf.

1 to 2 feet.....	\$1.00 each
2 to 3 foot specimens.....	1.50 each

BILLARDI ALBA. A white-flowered form. 75 cents each.

OPLUIFOLIA AUREA. (Golden Spiraea.) One of the best of our golden-leaved shrubs. White flowers in clusters, produced in May. Foliage golden-yellow all Summer.

	Each	Dozen
2 to 3 feet.....	\$0.75	\$7.50
4 foot specimen bushes.....	1.00	10.00

VAN HOUTTEL. (Bridal Bower.) By many this is regarded as the finest of all Spiræas, and it is assuredly one of the most esteemed shrubs in cultivation. It forms an erect bush with graceful arching branches,

well covered with neat, rich green foliage, and in early Summer a profusion of large, pure white flower clusters. Very hardy and most effective.

	Each	Dozen
12 to 18 inches	\$0.50	\$5.00

24 to 30 inch specimen bushes....	1.00	10.00
36 inch specimen bushes.....	1.50	15.00

SYMPHORICARPOS

SYMPHORICARPOS VULGARIS (Indian Currant.)

Of more compact growth than the above; spreading, graceful habit. The flowers are greenish-red and succeeded by dark purplish red berries in clusters. Excellent for massing on hillsides or rough places.

1 to 2 feet.....	\$0.50 each
2 to 3 feet.....	.75 each
3 to 4 foot specimens.....	1.00 each

TAMARIX. Tamarisk

TAMARIX AFRICANA. (African Tamarisk). An ornamental shrub of graceful appearance. Light feathery foliage and large, loose panicles of pinkish flowers in early Summer.

12 to 18 inches.....	\$0.75 each
18 to 24 inches.....	1.00 each

VIBURNUM. Arrow-wood

VIBURNUM ACERIFOLIUM. (Maple-leaved Viburnum). A slender, low-growing shrub, with flat heads of creamy white flowers in May. Purple-crimson berries in Autumn. Grows well in shady situations. Splendid for massing.

1 to 2 feet.....	\$0.75 each
2 to 3 feet.....	1.00 each
3 to 4 feet.....	1.25 each

XANTHORHIZA

XANTHORHIZA APIIFOLIA. (Shrub Yellow-Root.)

Attractive, dwarf shrub, with exquisite compound leaves and slender racemes of curious, brownish purple flowers; autumnal tints are very pleasing.

12 to 18 inches.....	\$0.50 each
18 to 24 inches.....	1.00 each

Evergreen Trees

My Evergreens are all heavily rooted, thrifty specimens, in prime condition for transplanting. They will be found invaluable for lawn decoration, high hedges, the filling out of corners, the hiding of objectionable objects, and many other purposes that will suggest themselves to the owner of the well-kept place. The proper time for transplanting is in the early Spring and Fall.

All Evergreens will be balled and bagged and shipped by express, collect. When crating is necessary, it will be charged for at cost.

I carry a complete collection of Evergreens for all purposes, and will be pleased to make quotation on all varieties, and make suggestions for laying out your grounds. My landscape department is always ready to furnish suggestions, without expense to the customer, and it is a pleasure to hear from all who have new beds or grounds to lay out.

In writing, the more complete details you give me, and the more fully you tell me what you like, the better prepared I am to serve you, and make suggestions that will please you.

DAHIA SEED

I offer this year Mixed Seed carefully selected from the best varieties of all types. If you are interested in growing Dahlias in new forms and new colors you cannot do better than to get a packet of this seed. One packet will produce 12 to 15 plants. Price, 25 cents per packet.

RHUBARB

RHUBARB or PIE PLANT. For family or market. Plant 12 to 18 inches apart in rows.
COLOSSAL. Early, tender and very large. 25 cents each; \$2.50 per dozen.
 Extra large plants for forcing in greenhouses. 50 cents each; \$5.00 per dozen, express collect.

Insecticides and Fungicides

For Insect Pests and Fungous Growths

Liquids and Poisons are not mailable. Other Insecticides and Fungicides will be sent by Parcel Post prepaid, at prices quoted.

APHIS KILLER. (Sterlingworth.) For use against most Aphids, Sucking Insects and Spiders on Fruit Trees, Shrubs, Vines, Flowers and Plants. One liquid pint, 60 cts. per pint prepaid.

ARSENATE OF LEAD, DRY. Has all the advantages of the paste form, but goes twice as far and is easier to handle. Can be applied like Paris Green with powder guns. Gaining in favor. $\frac{1}{2}$ lb. cans, 40 cents prepaid. 1 lb., 60 cents.

BORDEAUX MIXTURE, DRY. (Sterlingworth.) In a popular and convenient form for immediate use; can be used dry or with water. $\frac{1}{2}$ lb., 35 cents; 1 lb., 50 cents.

BUG DEATH. A non-poisonous powder, sure death to potato, squash and cucumber bugs, currant and tomato worms; safe to handle. Apply dry or in water. 1 lb., 40 cents.

CUT WORM KILLER. (Sterlingworth.) Produces quick results. The most effective remedy yet introduced. It is non-poisonous to the user or animals. It is so alluring to cut worms that they are attracted to it in place of any vegetation. One pound sufficient for 175 plants in hills and for 150 feet of drill. 1 lb. 40 cents.

GYPSY MOTH CREOSOTE. (Sterlingworth.) For painting Gypsy Moth Egg Clusters. One pint cans, liquid, 50 cents per pint, prepaid.

PARIS GREEN. More extensively used than any other poison. Purest of all brands. $\frac{1}{2}$ lb., 25 cents.

PYROX, BOWKER'S. The one best spray for apples, potatoes and general purposes against leaf-eating insects and fungous diseases. This combined insecticide and fungicide is better than Paris Green, Aresnate of Lead or Bordeaux Mixture, and cheaper to use. It sticks to foliage like paint in spite of heavy rains. Mix with cold water and it is ready to use. $\frac{1}{2}$ lb., 35 cents; 1 lb., 50 cents.

SLUG SHOT. A light, composite, fine powder, easily distributed either by duster, bellows, or in water by spraying. Thoroughly reliable in killing currant worms, potato bugs, cabbage worms, lice, slugs, sow bugs, etc. Also strongly impregnated with fungicides. 1 lb. carton, perforated top, 25 cents.

TOBACCO DUST. Valuable as an insecticide and fertilizer. Sure preventive for green fly, and better as a mulch than the stems. Lb., 15 cents; 5 lbs., 50 cents.

VERMINE. For Greenhouses, Gardens, Lawns, Tennis Courts and Golf Links. Destroys White Grubs, Cut, Eel and Wire Worms, Slugs, Maggots, Root Lice and Ants. Directions for application on each package. Applied in watering can or with sprayer. Quarter-pint cans, 50 cents. Half-pint cans, 75 cents; Pint cans, \$1.00; Quart Cans, \$1.50.

WHALE OIL SOAP, with Tobacco. A very effective, simple and cheap preparation for the preservation of trees, shrubs, plants, vines, rose bushes, etc. from the ravages of insects. 1 lb., 40 cents.

WOODEN PLANT LABELS.

For any kinds of plants. These are plain labels to be used either in pots or out of doors, with one end pointed. I am also offering Dahlia labels which are suitable for labeling all kinds of Dahlias.

Plant Labels—4 inch, plain, 50 cents per 100, prepaid; \$2.00 per 1,000, prepaid. 5-inch, plain, 55 cents per 100, prepaid; \$2.50 per 1,000, prepaid. 6-inch, plain, 60 cents per 100, prepaid; \$2.75 per 1,000, prepaid.

DAHIA LABELS

Dahlia Labels, Painted, with Wires— $3\frac{1}{2}$ inch, iron wire; 75 cents per 100, prepaid; \$3.00 per 1,000, prepaid. $3\frac{3}{4}$ -inch, copper wire, \$1.00 per 100, prepaid; \$4.00 per 1,000, prepaid.

Dahlia Labels, Plain, with Wires— $3\frac{1}{2}$ -inch, iron wire 50 cents per 100, prepaid; \$2.00 per 1,000, prepaid. $3\frac{3}{4}$ -inch, copper wire. 75 cents per 100 prepaid; \$2.50 per 1,000.

NATURE'S PLANT FOOD.

A complete fertilizer for all plants and shrubs specially prepared. 5 lb. bags, 45 cents at purchasers' expense or 75 cents, prepaid. 10-pound bags at 75 cents shipped at purchaser's expense, or \$1.25 prepaid.

JEANIE PRESTON. \$5.00 Each
